-U.S. CHECKING-

Reveal Secret Launch

Washington (AP) — The Air Force disclosed Wednesday that it has a hitherto secret satellite in orbit to collect data of radiation in space.

It was launched from another satellite more than 3 weeks ago.

The parent satellite, sent up from Vandenberg Air Force Base, Calif., into polar orbit June 27, appeared similar to the Discoverer series about which the military has said little.

Released

The piggy-back satellite, with an instrument payload of about 50 pounds, was released from the carrier satellite July 1 by electronic signal.

The parent satellite continued on its relatively low circular orbit like others in the Discoverer series. But the second satellite, using its own engine, climbed into an elliptical orbit with a 2,568 mile apogee and a 208-mile perigee.

The announcement was made at a news conference held by Air Force scientists and Defense Department officials. It was also revealed that a previous similar attempt failed when the launch vehicle did not go into orbit.

Check Tests?

With the Moscow test ban discussions in mind, reporters asked if the new satellite could record traces from a nuclear test high in the atmosphere or in space.

The prepared announcement said the new satellite is part of the over-all program of the Air Force Cambridge Research Laboratories "to gain more precise information on the rate of decay of the enhanced radiation belt caused by nuclear detonations." What about this reference, newsmen asked.

One of the briefing officers said the announcement should have said the detection of nuclear radiation belts would be "just a bonus," but the main objective was exploration of the earth's magnetic fields and their relation to energy reaching the earth from the sun.

Bonus

Asked whether the new satellite could be used for gathering information on secret tests the answer was that this might be an incidental, bonus result.

One of the scientists said if he wanted to check for nuclear radiation he would use a satellite in a different shaped, lower orbit.

The inclination of the new satellite's orbit—82 degrees from the equator—together with the high and low orbital path means the vehicle is scanning the area all around the earth as this planet spins beneath it. The round trip, on a line close to both poles, takes 132.6 minutes.

HOGS GOBBLE CASH, CHECKS

Valcourt, Que. (AP) — Farmer Emile Pepin's hogs have pretty expensive tastes.

While repairing a barnyard sty, Pepin ripped his trousers on a nail and his wallet dropped out. It contained $600 in cash and a $1,000 check.

He discovered his loss a half hour later and went back to see a hog munching on the billfold.

The money, check, and a few coins had already gone down.

Gas Owners Strike

Rome (UPI) — Gasoline station owners called a strike that was likely to play havoc with heavy summer tourist traffic as Italy's labor unrest spread.

THE WEATHER

LINCOLN: Partly cloudy continued warm and humid Thursday with widely scattered showers and thunderstorms. Highs mid-90s.

EAST AND CENTRAL NEBRASKA: Partly cloudy with scattered showers or thunderstorms Thursday and Friday. Little change in temperature. Highs in upper 90s.

LINCOLN WOMAN SLAIN

Sailor Shoots Wife, Himself

. . . AS BUS PASSENGERS WATCH

By TOM KEITH and DICK STUCKEY
Star Staff Writers

William T. Owensby, 33, chief petty officer stationed at Great Lakes, Ill., Naval Training Center, late Wednesday afternoon shot and killed his 36-year-old wife, Minnie Marie, of 2850½ No. Cotner, before killing himself with the gun in their parked car at approximately 9th and Highway 34.

Capt. of Detectives Robert Sawdon said Ralph Neel, a Greyhound bus driver from Omaha, related the following eyewitness story of the incident:

The two-tone green 1957 Ford convertible was following the bus north on 10th when both vehicles stopped at a stop light and Neel saw Mrs. Ownsby "making motions" he thought indicated she wanted to get on the bus.

He pointed to a spot on the shoulder of Highway 34 where he would stop after turning west from 14th, and allow her to get on.

When the Owensby car pulled off of the highway at that location the bus pulled in behind it.

As he saw Mrs. Owensby step from the car a woman passenger in the bus screamed "My God—that man just shot that woman!"

Neel pulled the bus to the side of the car and saw Mrs. Owensby lying partially on the highway, one foot still inside the car. Neel drove past and saw a man, later identified as Owensby, sitting on the passenger's side manipulating a gun.

Neel drove up the road and told a truck driver, Jeff Hoffman, 20, of Denver, what he had seen. Hoffman notified the police.

Sawdon said 3 Lincoln Air Force airmen, driving east, said they saw Mrs. Owensby's body and turned past a traffic island, headed west and pulled in behind the convertible.

As the airmen were running up to the car they saw Owensby turn the gun on himslef and heard two shots.

Police converged on the scene and Mrs. Owensby was rushed to St. Elizabeth Hospital by ambulance, but was pronounced dead on arrival there, according to County Attorney Paul Douglas.

Douglas said there were 9 bullet holes in Mrs. Owensby's body, but some were made by the same shots.

Sawdon said a .32 caliber automatic pistol was found lying between Owensby's feet. Owensby fired two shots into his chest, one of which passed through hi sbody and lodged in the upholstery behind him.

Owensby, dressed in sport clothes, was found sitting on the passenger's side of the car, his head resting on the back of the seat. Police said he was "obviously dead at the scene."

Douglas said Mrs. Owensby was a waitress at the Pines Tavern, 123 No. 14th.

Arrived Unexpectedly

Sawdon said Mrs. Owensby's brother-in-law told police Owensby had arrived unexpectedly in Lincoln Saturday night and Mrs. Owensby was surprised to see him.

An employe at the tavern said Mrs. Owensby had called earlier Wednesday and said she would be "a little late for work" as she was going to take her husband to the airport.

One of Mrs. Owensby's white shoes and several coins were found on the pavement where her body fell, the other shoe was still lying in the car, "and probably fell off when she was being moved" said Sawdon.

Police found several bullet holes in the car, and 6 empty shells. Sawdon said one other shell was left in the gun, and one unfired shell was laying on Owensby's lap.

Douglas said the couple had no children.

The couple had been married 3 to 4 years. Owensby was a Navy engineman chief.

NEW BATTLE IN SYRIA

. . . Nasser's Backers Stopped In Damascus

Beirut, Lebanon (UPI) — Syrian soldiers and civilians staged a daring machinegun raid on the presidential palace in Damascus Wednesday but were driven back by army and national guard units in heavy fighting. Damascus radio reported.

The broadcast said several persons were killed in the battle, which lasted 45 minutes.

The radio said fighting took place at the presidential palace, the radio station and army headquarters, which also were scenes of bloody combat last Thursday when a group of pro-Nasser troops and civilians tried to overthrow the Ba'athist government.

Casualties High

Casualties in the Thursday fighting were estimated as high as 1,000 killed and wounded.

Reports reaching Beirut earlier Wednesday said shooting broke out in the heart of the Syrian capital and that heavy explosions rocked the city. Damascus radio later filled in some of the details.

The broadcast said the attackers were Nasserites, Syrians who favor union with the United Arab Republic under President Gamal Abdel Nasser.

The newspaper An Nahar, which got a telephone call through to Damascus, said Syrian national guard commander Hamad Obeid told it the firing was heavy but the rebels were few in number.

He said government jet fighters flew over the combat zone Wednesday during the late afternoon attack but did not indicate if they took part in the battle which was carried on at relatively close quarters.

An Nahar gave no indication if armor was used in Wednesday's flareup. The army used tanks last Thursday to crush that rebellion.

Citizens Fled

Reports reaching Beirut said the citizens of Damascus fled to their homes when the fighting broke out hours ahead of the nightly curfew.

The shooting was reported to have broken out shortly after Damascus radio announced the execution of 7 more persons accused of taking part in the abortive coup which was crushed by tanks of the Syrian army. The firing squads and hangman earlier executed 28 officers, soldiers and civilians.

Seven hundred persons have been reported arrested as the Ba'athist government hunted down its enemies—believed to be followers of Nasser.

No Warning

Wednesday's reported flareup came without warning. The Ba'athist government, believing the situation was under control, allowed foreigners, including news correspondents, into Syria two days ago for the first time since the abortive coup.

Syria, embroiled in a bitter battle of insults with Egypt, may bypass Cairo altogether and seek union with Iraq once the present troubles have died down, a Syrian government official said in Damascus.

Information Minister Dr. Sami Al Jundi, who was in Egypt for unity talks with Nasser when the revolt broke out in Damascus, told newsmen Nasser "has retreated from Arab unity." But he said this did not mean other Arab states cannot unite.

MRS. SCHOONOVER . . . more time for writing.

Young Woman Writer Here 'Breaks Through'

By NANCY RAY
Star Staff Writer

A young Lincoln woman has made a "break-through" to what promises to be a lifetime career of writing with a story which apepars in the August issue of The Atlantic Monthly, "Old and Country Tale."

Not de-emphasizing her pleasure at having a short story selected by the highly-rated magazine, Mrs. Shirley Schoonover stresses another important feature of the sale: the money. "Now I have enough extra to hire a baby-sitter so that I can get on with my novel."

Mrs. Schoonover's short story tells of a young, rather slow-witted Nebraska farmer who tries to escape from his wife and her family after they take his father's farm and his identity from him.

This story and her other writing are done "at nights after the children are asleep" or during the short lulls in household routine which are very few with Scott, 6, Robin, 4, and Noel, 2, around the house.

Shirley minimizes her swift rise in the ranks of new writers as "a very lucky career." That "luck" includes an O. Henry Award for her short story, "Star Blanket" in 1962, and purchase of her still incomplete novel, "Mountain of Winter," by publishers Coward-McCann from 100 pages of a rough draft. The novel is due for publication next year.

'Talent Is Work'

"Talent," she explained, "is just the patience to work yourself to death."

Shirley, and her husband, LeRoi, display director at a local store, live at 2208 So. 14th and have been Nebraska residents for 7 years.

She turned to serious writing for profit while attending the University of Nebraska and taking a creative writing course from Professor Karl Shapiro. She since has had stories published in the Transatlantic Review, New Campus Writing II, and the 1962 O. Henry Prize Stories volume.

High point of Mrs. Schoonover's writing career came this year when she was given a grant to attend the McDowell Colony in New Hampshire, a singular honor for a newcomer to the writing field. Even more unusual was a recommendation which aided her in receiving the grant. It was written by Katherine Anne Porter, one of the best-know writers in the short story field.

Her plans, following the completion of her novel, are for a collection of short stories, possibly for publication in London. And, if possible, return to the McDowell Colony next year.

"It has been very easy, really," Mrs. Schoonover said, summarizing her start in writing. "But not all of it has been pleasant. When I start getting a swelled head, I have a certain rejection slip and letter I save and re-read. That fixes me."

Teamster Uses Civil Rights Hearing To Stage Harsh Attack On Kennedys

Washington (AP) — A Teamsters Union official described the administration's civil rights program Wednesday as politically motivated to help bring about President Kennedy's re-election.

Sidney Zagri, legislative counsel to the independent union, told a House judiciary subcommittee that the 7-point program would give wide discretionary powers "to an attorney general deeply involved in the pre-election strategy of his political party."

Zagri's boss, Teamsters President James R. Hoffa, long has been at swords' points with Atty. Gen. Robert F. Kennedy. At one point in his testimony Zagri referred to a "vendetta" between the two. This is the term Hoffa frequently uses to describe court actions brought against him by Kennedy.

Political Weapon

The Teamsters aide accused the attorney general of using federal voting right suits as a political weapon, and said southern congressmen who support the administration have escaped having such suits filed in their districts.

He said there have been no federal suits brought in Texas because that is the home state of Vice President Lyndon B. Johnson.

Referring to Johnson's espousal of the civil rights program, Zagri said:

"Lyndon Johnson is living his political life backwards, proceeding from a rigidly conservative youth to a liberal middle age while prudently keeping a foot in both camps. It would be distressing for Johnson's newly discovered role of moral leader in the field of civil rights if he were to be embarrassed on his home ground by civil rights suits filed from Washington."

Blunderbuss

Chairman Emanuel Celler, D-N.Y. termed Zagri's testimony, which followed a church leader's plea for passage of civil rights legislation, "a blunderbuss" attack on the administration.

Zagri said the Teamsters Union has achieved integration in every one of its locals and, with 200,000 Negro members, has 20% of all the Negroes in organized labor. He said the greatest service Robert Kennedy could do would be to resign so that a bipartisan approach could be worked out in Congress.

Asserting the administration's present approach is "one that suits the personal desires, aspirations and ambitions of the attorney general," Zagri said:

"Can the administration really expect bipartisanship in the face of such ruthless partisanship as has been evidenced by the attorney general?"

As Zagri spoke, the attorney general was defending the program before the Senate Judiciary Committee. Most of the Senate hearing was devoted to questioning Kennedy about the voting rights section, with Sen. Sam J. Ervin Jr., D-N.C., putting the queries.

Twister Hits Boats Off Pensacola, Fla.

Pensacola, Fla. (UPI) — A tornado spawned in a lagoon swept down the beach near two Pensacola suburbs Wednesday, hurling fishermen into the water, splintering their boats and damaging several buildings.

Deputy Sheriff Irvin Gardner said "our men pulled at least 7 people out of the water." He said 4 persons reported missing earlier had been accounted for.

Two shrimp boats were smashed against the rocks of the mouth of the Savannah River during a ramsquall in Georgia. Three crewmen were rescued unmjured.

Gardner said the tornado came out of a lagoon and ripped along a mile of coastline from Gulf Beach to Pleasant Grove, two Pensacola suburbs on the Gulf of Mexico.

"We know it was a tornado because members of the fire department saw it moving up the coast and followed it in a truck. When it turned out into the gulf, they stopped to help," Gardner said.

"The firemen told me he could see 14 boats capsized in the water," he said.

Fifty emergency squad members rescued 7 persons from the choppy gulf waters.

Gardner said there was "extensive damage" to a number of boats along the beach and several buildings were damaged by the twister.

"Some of my men said they looked up and could see 3 or 4 waterspouts all trying to form at once," he said.

Gov. Morrison Flies Home; Illness Puts Him To Bed

Gov. Frank Morrison, suffering complications from a prostate operation a month ago, returned to Lincoln early Thursday from the Governor's Conference in Miami Beach, Fla.

Morrison flew in aboard a Wyoming National Guard Constellation plane. He was accompanied by Mrs. Morrison and Nebraska Adjutant General Maj. Gen. Lyle Welch. Wyoming Gov. Clifford Hanson, who had invited the Nebraska governor to make the trip in his state's plane, continued on to Cheyenne immediately.

Morrison, 58, was confined to bed Tuesday.

"He simply has been trying to do too much too soon," his wife said. He began to "feel bad" on Monday when the conference got under way, she added, and went to see a Miami Beach physician that afternoon.

"He's better today," his wife said Wednesday. "Yesterday he had a temperature of 103. Today he's down to 101."

Mrs. Morrison said the governor would probably have to spend the next 10 days in bed. She added that she did not foresee that he would have to be hospitalized.

Asked how he felt as he headed for Miami International Airport, Morrison said "rough."

Before he left Miami, Morrison was one of 28 governors to sign a petition outside the conference endorsing President Kennedy's civil rights legislation. The petition was circulated by Gov. Pat Brown of California and signed by 24 Democrats and 4 Republicans.

Wife Run Over By Car; Murder Charges Filed Against Spouse

Lincoln Star Special

Blair—Second degree murder charges were filed Wednesday against Eugene Parker, 43, in connection with the death of his wife Florence, 40, a paralytic.

Acting County Attorney Clark O'Hanlon said Parker drove an automobile over his wife.

He said Parker maintains the woman fell from the car, was knocked unconscious and run over when he (Parker) drove off for help. The state charges Parker knocked his wife from the car.

The alleged killing occurred east of Herman Monday.

Mrs. Parker had been a paralytic since 1955 when the couple was involved in an automobile accident. They had one child, a boy, 6, who lived with his grandparents near Decatur.

Parker, of Herman, a farm laborer, stood mute at his arraignment Tuesday. He was unable to post $5,000 bond and is in Washington County jail at Blair.

O'Hanlon said the woman was apparently unconscious when run over.

Mrs Parker was reported dead on arrival at a Winnebago hospital.

-U.S. CHECKING-

Reveal Secret Launch

Washington (AP) — The Air Force disclosed Wednesday that it has a hitherto secret satellite in orbit to collect data of radiation in space.

It was launched from another satellite more than 3 weeks ago.

The parent satellite, sent up from Vandenberg Air Force Base, Calif., into polar orbit June 27, appeared similar to the Discoverer series about which the military has said little.

Released

The piggy-back satellite, with an instrument payload of about 50 pounds, was released from the carrier satellite July 1 by electronic signal.

The parent satellite continued on its relatively low circular orbit like others in the Discoverer series. But the second satellite, using its own engine, climbed into an elliptical orbit with a 2,568 mile apogee and a 208-mile perigee.

The announcement was made at a news conference held by Air Force scientists and Defense Department officials. It was also revealed that a previous similar attempt failed when the launch vehicle did not go into orbit.

Check Tests?

With the Moscow test ban discussions in mind, reporters asked if the new satellite could record traces from a nuclear test high in the atmosphere or in space.

The prepared announcement said the new satellite is part of the over-all program of the Air Force Cambridge Research Laboratories "to gain more precise information on the rate of decay of the enhanced radiation belt caused by nuclear detonations." What about this reference, newsmen asked.

One of the briefing officers said the announcement should have said the detection of nuclear radiation belts would be "just a bonus," but the main objective was exploration of the earth's magnetic fields and their relation to energy reaching the earth from the sun.

Bonus

Asked whether the new satellite could be used for gathering information on secret tests the answer was that this might be an incidental, bonus result.

One of the scientists said if he wanted to check for nuclear radiation he would use a satellite in a different shaped, lower orbit.

The inclination of the new satellite's orbit—82 degrees from the equator—together with the high and low orbital path means the vehicle is scanning the area all around the earth as this planet spins beneath it. The round trip, on a line close to both poles, takes 132.6 minutes.

NEW BATTLE IN SYRIA

. . . Nasser's Backers Stopped In Damascus

Beirut, Lebanon (UPI) — Syrian soldiers and civilians staged a daring machinegun raid on the presidential palace in Damascus Wednesday but were driven back by army and national guard units in heavy fighting, Damascus radio reported.

The broadcast said several persons were killed in the battle, which lasted 45 minutes.

The radio said fighting took place at the presidential palace, the radio station and army headquarters, which also were scenes of bloody combat last Thursday when a group of pro-Nasser troops and civilians tried to overthrow the Ba'athist government.

Casualties High

Casualties in the Thursday fighting were estimated as high as 1,000 killed and wounded.

Reports reaching Beirut earlier Wednesday said shooting broke out in the heart of the Syrian capital and that heavy explosions rocked the city. Damascus radio later filled in some of the details.

The broadcast said the attackers were Nasserites, Syrians who favor union with the United Arab Republic under President Gamal Abdel Nasser.

The newspaper An Nahar, which got a telephone call through to Damascus, said Syrian national guard commander Hamad Obeid told it the firing was heavy but the rebels were few in number.

He said government jet fighters flew over the combat zone Wednesday during the late afternoon attack but did not indicate if they took part in the battle which was carried on at relatively close quarters.

An Nahar gave no indication if armor was used in Wednesday's flareup. The army used tanks last Thursday to crush that rebellion.

Citizens Fled

Reports reaching Beirut said the citizens of Damascus fled to their homes when the fighting broke out hours ahead of the nightly curfew.

The shooting was reported to have broken out shortly after Damascus radio announced the execution of 7 more persons accused of taking part in the abortive coup which was crushed by tanks of the Syrian army. The firing squads and hangman earlier executed 28 officers, soldiers and civilians.

Seven hundred persons have been reported arrested as the Ba'athist government hunted down its enemies—believed to be followers of Nasser.

No Warning

Wednesday's reported flareup came without warning. The Ba'athist government, believing the situation was under control, allowed foreigners, including news correspondents, into Syria two days ago for the first time since the abortive coup.

Syria, embroiled in a bitter battle of insults with Egypt, may bypass Cairo altogether and seek union with Iraq once the present troubles have died down, a Syrian government official said in Damascus.

Information Minister Dr. Sami Al Jundi, who was in Egypt for unity talks with Nasser when the revolt broke out in Damascus, told newsmen Nasser "has retreated from Arab unity." But he said this did not mean other Arab states cannot unite.

Teamster Uses Civil Rights Hearing To Stage Harsh Attack On Kennedys

Washington (AP) — A Teamsters Union official described the administration's civil rights program Wednesday as politically motivated to help bring about President Kennedy's re-election.

Sidney Zagri, legislative counsel to the independent union, told a House judiciary subcommittee that the 7-point program would give wide discretionary powers "to an attorney general deeply involved in the pre-election strategy of his political party."

Zagri's boss, Teamsters President James R. Hoffa, long has been at swords' points with Atty. Gen. Robert F. Kennedy. At one point in his testimony Zagri referred to a "vendetta" between the two. This is the term Hoffa frequently uses to describe court actions brought against him by Kennedy.

Political Weapon

The Teamsters aide accused the attorney general of using federal voting right suits as a political weapon, and said southern congressmen who support the administration have escaped having such suits filed in their districts.

He said there have been no federal suits brought in Texas because that is the home state of Vice President Lyndon B. Johnson.

Referring to Johnson's espousal of the civil rights program, Zagri said:

"Lyndon Johnson is living his political life backwards, proceeding from a rigidly conservative youth to a liberal middle age while prudently keeping a foot in both camps. It would be distressing for Johnson's newly discovered role of moral leader in the field of civil rights if he were to be embarrassed on his home ground by civil rights suits filed from Washington."

Blunderbuss

Chairman Emanuel Celler, D-N.Y. termed Zagri's testimony, which followed a church leader's plea for passage of civil rights legislation, "a blunderbuss" attack on the administration.

Zagri said the Teamsters Union has achieved integration in every one of its locals and, with 200,000 Negro members, has 20% of all the Negroes in organized labor. He said the greatest service Robert Kennedy could do would be to resign so that a bipartisan approach could be worked out in Congress.

Asserting the administration's present approach is "one that suits the personal desires, aspirations and ambitions of the attorney general," Zagri said:

"Can the administration really expect bipartisanship in the face of such ruthless partisanship as has been evidenced by the attorney general?"

As Zagri spoke, the attorney general was defending the program before the Senate Judiciary Committee. Most of the Senate hearing was devoted to questioning Kennedy about the voting rights section, with Sen. Sam J. Ervin Jr., D-N.C., putting the queries.

Twister Hits Boats Off Pensacola, Fla.

Pensacola, Fla. (UPI) — A tornado spawned in a lagoon swept down the beach near two Pensacola suburbs Wednesday, hurling fishermen into the water, splintering their boats and damaging several buildings.

Deputy Sheriff Irvin Gardner said "our men pulled at least 7 people out of the water." He said 4 persons reported missing earlier had been accounted for.

Two shrimp boats were smashed against the rocks of the mouth of the Savannah River during a rainsquall in Georgia. Three crewmen were rescued uninjured.

Gardner said the tornado came out of a lagoon and ripped along a mile of coastline from Gulf Beach to Pleasant Grove, two Pensacola suburbs on the Gulf of Mexico.

"We know it was a tornado because members of the fire department saw it moving up the coast and followed it in a truck. When it turned out into the gulf, they stopped to help," Gardner said.

"The firemen told me he could see 14 boats capsized in the water," he said.

Fifty emergency squad members rescued 7 persons from the choppy gulf waters.

Gardner said there was "extensive damage" to a number of boats along the beach and several buildings were damaged by the twister.

"Some of my men said they looked up and could see 3 or 4 waterspouts all trying to form at once," he said.

Gov. Morrison Flies Home; Illness Puts Him To Bed

Gov. Frank Morrison, suffering complications from a prostate operation a month ago, returned to Lincoln early Thursday from the Governor's Conference in Miami Beach, Fla.

Morrison flew in aboard a Wyoming National Guard Constellation plane. He was accompanied by Mrs. Morrison and Nebraska Adjutant General Maj. Gen. Lyle Welch. Wyoming Gov. Clifford Hanson, who had invited the Nebraska governor to make the trip in his state's plane, continued on to Cheyenne immediately.

Morrison, 58, was confined to bed Tuesday.

"He simply has been trying to do too much too soon," his wife said. He began to "feel bad" on Monday when the conference got under way, she added, and went to see a Miami Beach physician that afternoon.

"He's better today," his wife said Wednesday. "Yesterday he had a temperature of 103. Today he's down to 101."

Mrs. Morrison said the governor would probably have to spend the next 10 days in bed. She added that she did not foresee that he would have to be hospitalized.

Asked how he felt as he headed for Miami International Airport, Morrison said "rough."

Before he left Miami, Morrison was one of 28 governors to sign a petition outside the conference endorsing President Kennedy's civil rights legislation. The petition was circulated by Gov. Pat Brown of California and signed by 24 Democrats and 4 Republicans.

Wife Run Over By Car; Murder Charges Filed Against Spouse

Lincoln Star Special

Blair—Second degree murder charges were filed Wednesday against Eugene Parker, 43, in connection with the death of his wife Florence, 40, a paralytic.

Acting County Attorney Clark O'Hanlon said Parker drove an automobile over his wife.

He said Parker maintains the woman fell from the car, was knocked unconscious and run over when he (Parker) drove off for help. The state charges Parker knocked his wife from the car.

The alleged killing occurred east of Herman Monday.

Mrs. Parker had been a paralytic since 1955 when the couple was involved in an automobile accident. They had one child, a boy, 6, who lived with his grandparents near Decatur.

Parker, of Herman, a farm laborer, stood mute at his arraignment Tuesday. He was unable to post $5,000 bond and is in Washington County jail at Blair.

O'Hanlon said the woman was apparently unconscious when run over.

Mrs. Parker was reported dead on arrival at a Winnebago hospital.

Seek 30-Day Delay

URGE RAILS TO WAIT ON NEW RULES

Washington (AP)—The chairman of the House Commerce Committee asked the railroad industry Wednesday to delay for 30 days its Monday-midnight deadline for imposing manpower-trimming work rules that threaten to touch off a nationwide strike.

Rep. Oren Harris, D-Ark., asked an answer within 24 hours. J. E. Wolfe, chairman of the National Railway Labor Conference, said the carriers would reply Thursday.

Almost simultaneously a Columbia Broadcasting System report that the railroads had already decided to delay 30 days drew this response from J. Handley Wright, vice president of the Association of American Railroads:

"Categorically denied."

White House

CBS quoted White House sources as supplying its information.

White House Press Secretary Pierre Salinger, asked about this, said he did not think President Kennedy has had any direct contact with representatives of the carriers and the unions since Monday.

Asked if Kennedy favors delaying the new work rules, Salinger said, "I think we had better leave this in the legislative arena, where it is for the time."

No Information

At the Labor Department a spokesman said the department had no information on any railroad offer to delay the rule changes. But a possible indication that a delay is still likely came from Sen. Wayne Morse, D-Ore. He said he had been in touch with leaders of both sides and was hopeful a postponement would be announced.

Harris, in making his appeal, said Congress can't act on Kennedy's railroad labor plan in time to avert a strike threatened by rail unions when the work rules changes go into effect.

Daniel P. Loomis, president of the American Association of Railroads, promptly complained that any new postponement would drain off more of "the lifeblood of an anemic industry."

Great Concern

He rose from the overflow audience in a packed hearing room to tell Harris the railroads would look with great concern at a request for that long a postponement.

Loomis said he lacks authority to give a yes or no answer. But he complained a delay would continue what he called unnecessary payments for unneeded jobs. He said this has "become intolerable under present conditions."

Secretary of Labor W. Willard Wirtz, lead-off witness for the Kennedy settlement plan, puffed his pipe silently during the exchange.

CHANGE OF PACE PICKETS

Shapely girls in abbreviated costumes picketed a theater in downtown Chicago Wednesday. But they weren't protesting anything. It merely was a publicity stunt to plug a new movie opening at the theater.

NAVY SECRETARY OFFERS TO RESIGN

. . . If Found Lacking Integrity

Washington (UPI) — Navy Secretary Fred Korth, in a heated exchange over conflict of interest charges surrounding the TFX contract, has offered to resign if Senate Investigators can prove he is not a "man of integrity," it was disclosed Wednesday.

The back-and-forth between Korth and members of the Senate Investigations Committee came on Tuesday, the 8th and final day that the Navy secretary had been questioned about the controversial contract for the multi-purpose fighter plane. Transcripts of the testimony were released Wednesday.

The conflict of interest dispute arose from the facts that Korth is a former Ft. Worth banker, and that he favored General Dynamics Corp.—and its Ft. Worth plant—getting the $6.5 billion TFX contract over the rival Boeing Co.

Throughout the testimony Korth has insisted that his preference for the General Dynamics version was based entirely on its merits, and Tuesday he vehemently denied that his interest in the Ft. Worth community—where so much money will be spent—had anything to do with it.

"I repeat that I believe that I am a man of integrity," he said. "If you find or this committte finds that I am not, certainly you should so recommend to the President and I will promptly hand in my resignation."

The exchange was sparked by Sen. Karl Mundt, R-S.D., who noted that the TFX will be built at the General Dynamics plant in Ft. Worth. At one point Korth said he was "aghast" at what Mundt was saying.

Mundt told the secretary that "I don't say it is impossible, but I think it would stagger a Solomon to look objectively at a contract that meant as much to your community as this one would."

To this, Korth replied, "I resent, sir, even your asking me what safeguards I might have taken to be an honest man."

Korth, under questioning, agreed that while he was president of the Continental National Bank of Ft. Worth, the bank approved a loan—of unspecified amount—to General Dynamics.

Korth said he resigned from his bank post when he was appointed Navy secretary in January, 1962. He also said he severed relations with other corporations where he was an officer or trustee and where the post might conflict with his Pentagon duties.

Mundt assured Korth that "there has never been in my mind any questions about your integrity." Then he added:

"I am simply trying to determine how a man pulled in different directions by his natural patriotism and loyalty for his community can look at a thing like this (the TFX contract) objectively and not feel that there is some possibility that his judgment might be colored."

Korth fired back that "I am an American away long before I am a resident of Ft. Worth. If you think that for a moment I would permit my residence in Ft. Worth and in Texas to influence my decision, you are so completely wrong, Sen. Mundt, so completely improper in implying this, that I am aghast."

The long, drawn-out TFX hearings will continue Thursday with Air Force Secretary Eugene Zuckert as a witness.

More Storms Hit Italy

Rome (AP)—Violent storms crashed across Italy Wednesday for the fourth day in a row and the weather bureau said more were on the way. The toll of weather deaths stood at 15.

New earthquakes east of Rome added to the weather woes.

Major storms accompanied by destructive bolts of lightning swept over the central and southern portions of the peninsula.

Streets and piazzas in tourist-packed Rome were flooded in minutes as a late afternoon storm burst on the sweltering city.

Gusts of wind toppled trees and chimneys. Lightning touched off scattered fires. Telephone and power services were disrupted. Firemen received 700 calls for help.

Near Rieti in the Umbrian region 50 miles northeast of Rome, 4 earthquakes sent residents fleeing their homes.

No casualties were reported in the area which has been hit repeatedly by quakes this week.

Earthquakes shook west central Japan and Taipei, Formosa, on the other side of the world.

There were no reports of casualties. The earthquake in Taipei sent thousands of residents scrambling into the streets.

White Immigration

Pretoria, South Africa (AP)—Government officials report a record gain of 15,000 white immigrants in the first 6 months of this year compared with the same period in 1962. Most of them came from the Rhodesias, where white residents are uncertain about their future prospects.

MEN CLEAR DEBRIS . . . from scene of ripping N.J. rail wreck.

Passenger Train Mishap Kills Two

Harrison, N.J. (AP)—A short-run passenger train ripped open its side on a stationary diesel engine Wednesday after emerging from a middle-of-the-night journey beneath the Hudson River. Two persons were killed and 28 injured.

The diesel had just pushed 7 cars across the Newark-bound track in a switching operation. Its nose jutted into the way as the Port Authority Trans Hudson (PATH) train approached the Harrison station, last stop before its Newark destination.

The front of the diesel tore off the sides of 3 of the train's 4 cars. Police estimated the train was traveling about 30 miles an hour.

Probing

Pennsylvania Railroad authorities sought to determine, through interviews with crew members, why the diesel was on the track.

Pennsylvania operates the PATH line tracks between Newark and Jersey City.

Several of the 38 passengers aboard the train hailed Thomas Langan, 22, of Scranton, Pa., as the hero of the tragedy.

Re-Entered

He re-entered the smoky, twisted train after jumping clear and carried or helped several of the injured out.

Mrs. Mary Misiak, about 30, of Jersey City and Quinton Villaneuva, 63, of Irvington died at nearby hospitals shortly after the accident.

Of the 28 other persons injured, 5 were admitted to hospitals and two were in critical condition.

Grotesque

Seats and chunks of metal were strewn along the tracks. The interiors of the cars were twisted in grotesque shapes.

"Some were moaning and some were just lying there when we arrived," said Harrison Police Capt. Frank Halleck.

Langan had $1.40 in his pockets and was heading to Newark from New York City on a job-hunting tour.

Heard Screams

"I kicked out the window and jumped out of my car," he said. "My first thought was to run. Then I heard screams from the car, people yelling for help. I climbed back in."

Mrs. Bertha Goleniak, 50, of Harrison, was sitting on the floor with Mrs. Misiak across her lap. Langan carried the women out in two trips.

Guy Soricelli, 39, of Metuchen, another passenger, said every time he looked around he saw Langan carrying or helping someone from the wreck. Langan, whose legs were bruised, said he lost his only suitcase and his return train ticket to Scranton.

THOMAS LANGAN . . . hero.

Top Reds Open Economic Talks

Moscow (AP) — The Soviet Bloc's high command opened Kremlin parleys Wednesday on meshing their economies with the Moscow-dominated Council for Mutual Economic Assistance (COMECON).

The meeting of Communist Party chiefs and government heads convened early Wednesday morning as Moscow awaited the outcome of the U.S., British and Russian nuclear test ban talks.

Official announcements have said the Communist summit meeting would discuss questions of COMECON cooperation and other economic problems.

But the prospects for a thaw in the East-West cold war resulting from the possible agreement on a limited nuclear test ban and the schism between Russia and Red China also were expected to be discussed.

Communist sources indicated that no information on the COMECON talks would be forthcoming until after it ends—probably this week end.

Major developments have taken place in the Kremlin's relations with the West and Red China since the Communist chieftains met in East Berlin 3 weeks ago.

Western officials said the events of the last month indicate Premier Khrushchev has decided to press for an accommodation in the West while he devotes most of his attention to the steadily worsening power struggle with the Chinese on the East.

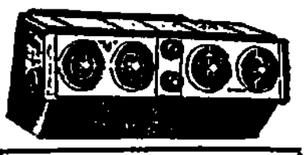

He is expected to brief his allies from East Europe and Mongolia on his next moves at this week's meetings.

At the same time, the COMECON leaders were expected to continue efforts to resolve frictions in their economic alliance.

One of the major problems is Romania's resistance to the COMECON councils plans to put a crimp in its development of heavy industry and assign it to growing food and turning out light industrial goods.

Romanian President Gheorghe Gheorghiu-Dej stayed away from the East Berlin gathering in an apparent display of his determination not to give up ambitious plans for turning his backward country into an industrial power.

Sutton Festival Dedicated To Freedom Seeking Ancestors

By DEAN TERRILL
Southeast Nebraska Bureau

Sutton—The honored guests didn't make it, even to hear the strains of "O Du Lieber Augustine."

Understandable, of course, since this year's Harvest Festival was dedicated to two sets of "great-greats." It was 90 years ago that the town's German ancestors chose Clay County — and an even 200 years since their forefathers before them had fled from the homeland to Russia.

"History says they left Germany July 22, 1763, for the rich Black Sea country to establish their own little colony," explained Mrs. Ruben A. Griess, unofficial town historian. "Catherine the Great had promised they could stay forever, but after a century the Russians tried to force them to become citizens."

Thus, much of Sutton today owes its parentage to the Hofmanns and Roemmichs and Grosshans who again sought freedom—and especially to old Heinrich Griess. As the telephone directory still shows, the population was soon swelled by such other arrivals as the Nuss and Oschner families.

"There were probably 200 to 300 of us Griess' alone at the festival's chicken barbecue," estimated this clan-member-by-marriage. "But since 3,000 people were served, you can see there were also a few other folks."

Sites On Centennial

Besides a few waltzes and German folk songs to their memory, the early immigrants were recalled through window displays and parade floats at the annual two-day event. More ceremonious recognition is already being planned for their centennial anniversary.

Among other highlights of the Tuesday-Wednesday affair were swimming contests, band concerts, wrestling matches, and the Sutton Garden Club's customary flower show. A traditional soap box derby shared its spotlight with the introduction of kart racing.

Bob Figi as Commerical Club president and Earl Vauck, as festival chairman, spearheaded committee preparations. In charge of the barbecue was another Griess —naturally—this one Oscar R.

STAR STAFF PHOTO

Empty plates a plenty . . . "and all the folks weren't Griess'."

Irrigation Ditch Claims9-Year-Old

Bayard (AP) — A 9-year-old Utah Boy — Robert John Simon Jr. — drowned in an irrigation ditch on the farm of his grandparents, Mr. and Mrs. Frank Roderick. The boy's home was at Tooele, Utah.

He is believed to have fallen into the ditch Wednesday morning. His disappearance was reported to Bayard police during the afternoon and about 100 persons began a search. The body was found by a group wading with linked arms down the ditch.

Judge Simmons Practicing Law

Fremont (AP)—Former Chief Justice Robert G. Simmons of the Nebraska Supreme Court has joined the Fremont law firm of Spear, Lamme and Simmons, his son, Ray C. Simmons of Fremont, announced Wednesday.

Justice Simmons retired from the State Supreme Court last year after serving since 1939.

Another son, Robert G. Simmons Jr., practices law in Scottsbluff.

Extended Forecast

NEBRASKA: Temperatures will average from 4 to 7 degrees above seasonal normals for the 5-day period through Monday. Hot Summer weather with some moderation southeastward through Nebraska Saturday or Sunday. The normal highs are around 90. The normal lows are 63 to 67. Rainfall amounts will average from .25 to .75 of an inch in widely scattered thunderstorms, occurring mostly at night and early morning with precipitation likely less localized over the weekend.

KANSAS: Temperatures for the 5-day period through Monday will average 4 to 7 degrees above seasonal normals. Hot summer weather with some moderation working southeastward into the area by Sunday or Monday. The normal highs are in the lower 90s. The normal lows are 61 northwest Kansas to 70 in southeastern Kansas. Precipitation will range from .50 of an inch in northern Kansas down to less than .25 of an inch in southern Kansas, occurring mostly as nighttime or early morning scattered thunderstorms and less likely to be localized over the weekend.

Summary Of Conditions

A weak low pressure trough continues from southwest Kansas through central Nebraska into south central South Dakota with little change resulting in some widely scattered thundershowers in Nebraska Thursday spreading slowly east into Iowa. Temperatures Thursday will continue warm.

Shuman Doesn't Want Freeman Replaced

Washington (AP) — President Charles B. Shuman of the American Farm Bureau Federation has had many run-ins with Secretary of Agriculture Orville L. Freeman since 1961 over farm policies and programs, but he says he has no desire to see Freeman replaced.

Here to appear before a congressional committee on farm legislation, Shuman told newsmen:

"We know where Mr. Freeman stands. We don't know where a successor might stand. Besides, I feel that Mr. Freeman is an able man. We just don't agree on farm programs. That's all."

Shuman made these comments at a news conference when asked about rumors that Freeman might be replaced. Aides of the secretary have denied that Freeman —now on a tour of eastern Europe—is on the way out.

"What we would like to see," the Farm Bureau president said, "is a change in direction in Kennedy administration farm policies away from controls toward a free market system."

Shuman predicted that many producers of lower quality wheat will reduce wheat acreages with the result that the unrestricted 1964 crop might not be any larger than this year's. He said he expected wheat prices to average around this year's levels, even though price supports will drop from the present $1.82 to $1.25 a bushel. He said low quality wheat could be expected to decline quite a bit, but not the quality grades needed for food and export use.

Valentine Youth's Condition Grave After Diving Mishap

A 17-year-old Valentine youth remained in "grave" condition in Orthopedic Hospital Wednesday after being injured in a swimming accident near Mullen Sunday.

The boy, Val Roy Paxton, son of Mr. and Mrs. Melvin Paxton of Valentine, suffered a broken neck when he dove from a Middle Loup River bank into shallow water on a ranch one mile north of Mullen.

A hospital spokesman said the boy is paralyzed from the neck down.

The youth is an employe on the Arnold Wright ranch in Cherry County.

A hospital spokesman said the boy suffered a dislocation and fracture of a vertebra in the neck. The injury is causing breathing difficulties, the spokesman said.

The broken vertebra pushed forward, crushing the spinal cord and causing paralysis.

According to Hooker County Sheriff Henry Capellen, the youth was swimming with friends in the river where it passes the property of Tilbert Wright north of Mullen.

The youth reportedly dove from the bank into less than 4 feet of water. He was treated in Mullen, then rushed to Lincoln.

He is a Valentine high school senior. His father is a well driller in Valentine.

Propose Transfer Harlan Land To Holdrege School

Axtell (UPI) — Approximately 5,000 acres of land in Harlan County and within the Wilcox school district, R-2, appear to be in line for transfer to the Holdrege school district in Phelps County.

A hearing on the proposed transfer as requested in petitions was conducted here, and the state school reorganization committee in substance approved.

The matter was referred to the respective county superintendents, who will check the signatures on the petitions, and if all are in order presumably will grant the transfer and allocate the land.

More See Yugoslavia

Belgrade (AP) — Yugoslavia was visited by 1.3 million foreign tourists during the first half of this year, an increase of 47% over the same period in 1962.

Installment Suit Filed

. . . In Hall County

Grand Island (AP) — A lawsuit has been filed in Hall County District Court seeking to void a transaction under the Nebraska Installment Sales Act which the State Supreme Court recently declared unconstitutional.

The action was brought by Jesse Gay of Fremont against the Grand Island Discount Co., Grand Island, and the Hastings Motor Truck Co., Hastings, asking that the court void a note and chattel mortgage and seeking recovery of $5,318.30 in payments made on a truck tractor purchased Sept. 22, 1962.

The note signed on that date was $15,251.76 and called for payments of $423.66 monthly. The Grand Island Discount Co. acquired the note from the seller of the truck tractor.

Gay alleges that the indebtness exceeds the 9% simple interest maximum provided by law.

Hike In Farm Loans Boosting Credit Demand

Omaha (UPI)—The president of the Federal Land Bank of Omaha said that farmers and ranchers are continuing to substitute additional capital for labor in their operations, boosting the demand for credit.

Thomas A. Maxwell Jr. said new loans made by the bank amounted to almost $39 million during the first 6 months of this year, exceeding the amount loaned during the same period last year by more than $2.5 million.

Maxwell said this was a record exceeded only by the depression period in the 1930's.

He said it is the 4th consecutive year the bank has made more than $30 million in new loans during the first 6 months. He added that delinquencies are at a near record low in the 4-state area served by the bank.

He said the volume of new business is due largely to the credit required to finance increased efficiency of farm operations, for expansion of farm units, and for stabilization of farm financing through substitution of long-term real estate borrowing for short-term debt.

Vehicle Homicide Charges Facing 2 Elba Drivers

St. Paul (AP) — A complaint has been filed in Howard County Court by County Attorney Pearl Dobry charging two young men from Elba with motor vehicle homicide.

Mrs. Dobry said she filed the complaint against Delmar D. Hanson, 23, and Dewey Lee Johnson, in connection with an accident in which Stanley Raymond Garvel, 19, of Elba was fatally injured July 14. He died in a Grand Island hospital two days later.

Garvel was a passenger in the Hanson car which went off the road, overturned several times and struck a telephone pole. The Hanson car caught fire.

Hanson related that he and Johnson had been attempting to pass each other.

East Central Ag Alumni To Meet

Halsey—The second annual reunion of the East Central Nebraska College of Agriculture Alumni District will be held at the Nebraska State 4-H Club Camp here August 10-11.

Invitations have been sent to graduates of the College or the former School of Agriculture at Lincoln who are residing in Boone, Butler, Colfax, Hall, Hamilton, Howard, Merrick, Nance, Platte, and Polk counties, according to Mrs. George L. Baumert, Howells, secretary of the Ag Alumni District.

Greeley Water Users Head Asks New Loup Basin Study

Spalding (UPI)—Ray Bernt of Spalding, chairman of the Greeley County Water Users Association, asked for a new study on the complete water and soil conservation needs of the Loup River basin.

In a letter to Tom Eason of North Bend, president of the Lower Loup-Platte Water Association, Bernt noted the Loup-Platte Association also advocates a new study. "We heartily agree with you in this matter. It has been nearly 20 years since the plans of the Loup basin were drawn," he said.

Because of the lack of more modern water and soil conservation study, Bernt said, residents of the Loup basin are "going to find themselves in a waterless valley in the very near future."

Bernt, a farmer, said he feels present Federal Bureau of Reclamation plans for the basin spell water shortage and chaos for all water users, both in the upper and lower reaches.

He said the bureau plans call for impoundment of water over vast spring-fed areas of the upper Loup basin.

"Our observations of impoundments over spring-fed areas prove to us that these springs in the impoundment area are soon silted over and cease for all time to contribute in any manner to the flow of the stream," Bernt said.

Eason, at his home in North Bend, said he agrees with Bernt's comments.

Nebraska News

NO RELIEF SEEN IN HEAT WAVE

Don't look for any speedy relief from the current heat wave.

The mercury, stuck in the 90-100 range for two weeks, is likely to remain there, the Weather Bureau says.

A heavy, inverted trough of warm air has stretched across the state, barring any Pacific or Gulf cold fronts from penetrating the area.

Temperatures along the Platte Valley have pushed the mercury above 100, with Grand Island reporting midweek highs of 105 Tuesday and 101 Wednesday. Temperatures in Lincoln crept to 96 Wednesday, and were recorded at 99 earlier this week.

Joins Peru Faculty

Peru—Leonard J. Cartier, 34, of Cookeville, Tenn., has been named assistant professor of economics and business education at Peru State College, according to President Neal S. Gomon. He will assume his new duties Sept. 1. Cartier has an AB degree from Arkansas State Teachers College and an MA degree from the University of Arkansas.

Sutton Festival Dedicated To Freedom Seeking Ancestors

By DEAN TERRILL
Southeast Nebraska Bureau

Sutton—The honored guests didn't make it, even to hear the strains of "O Du Lieber Augustine."

Understandable, of course, since this year's Harvest Festival was dedicated to two sets of "great-greats." It was 90 years ago that the town's German ancestors chose Clay County — and an even 200 years since their forefathers before them had fled from the homeland to Russia.

"History says they left Germany July 22, 1763, for the rich Black Sea country to establish their own little colony," explained Mrs. Ruben A. Griess, unofficial town historian. "Catherine the Great had promised they could stay forever, but after a century the Russians tried to force them to become citizens."

Thus, much of Sutton today owes its parentage to the Hofmanns and Roemmichs and Grosshans who again sought freedom—and especially to old Heinrich Griess. As the telephone directory still shows, the population was soon swelled by such other arrivals as the Nuss and Oschner families.

"There were probably 200 to 300 of us Griess' alone at the festival's chicken barbecue," estimated this clan-member-by-marriage. "But since 3,000 people were served, you can see there were also a few other folks."

Sites On Centennial

Besides a few waltzes and German folk songs to their memory, the early immigrants were recalled through window displays and parade floats at the annual two-day event. More ceremonious recognition is already being planned for their centennial anniversary.

Among other highlights of the Tuesday-Wednesday affair were swimming contests, band concerts, wrestling matches, and the Sutton Garden Club's customary flower show. A traditional soap box derby shared its spotlight with the introduction of kart racing.

Bob Figi as Commerical Club president and Earl Vauck, as festival chairman, spearheaded committee preparations. In charge of the barbecue was another Griess —naturally—this one Oscar R.

STAR STAFF PHOTO

Empty plates a plenty . . . "and all the folks weren't Griess'."

Irrigation Ditch Claims9-Year-Old

Bayard (AP) — A 9-year-old Utah Boy — Robert John Simon Jr. — drowned in an irrigation ditch on the farm of his grandparents, Mr. and Mrs. Frank Roderick. The boy's home was at Tooele, Utah.

He is believed to have fallen into the ditch Wednesday morning. His disappearance was reported to Bayard police during the afternoon and about 100 persons began a search. The body was found by a group wading with linked arms down the ditch.

Judge Simmons Practicing Law

Fremont (AP)—Former Chief Justice Robert G. Simmons of the Nebraska Supreme Court has joined the Fremont law firm of Spear, Lamme and Simmons, his son, Ray C. Simmons of Fremont, announced Wednesday.

Justice Simmons retired from the State Supreme Court last year after serving since 1939.

Another son, Robert G. Simmons Jr., practices law in Scottsbluff.

Shuman Doesn't Want Freeman Replaced

Washington (AP) — President Charles B. Shuman of the American Farm Bureau Federation has had many run-ins with Secretary of Agriculture Orville L. Freeman since 1961 over farm policies and programs, but he says he has no desire to see Freeman replaced.

Here to appear before a congressional committee on farm legislation, Shuman told newsmen:

"We know where Mr. Freeman stands. We don't know where a successor might stand. Besides, I feel that Mr. Freeman is an able man. We just don't agree on farm programs. That's all."

Shuman made these comments at a news conference when asked about rumors that Freeman might be replaced. Aides of the secretary have denied that Freeman —now on a tour of eastern Europe—is on the way out.

"What we would like to see," the Farm Bureau president said, "is a change in direction in Kennedy administration farm policies away from controls toward a free market system."

Shuman predicted that many producers of lower quality wheat will reduce wheat acreages with the result that the unrestricted 1964 crop might not be any larger than this year's. He said he expected wheat prices to average around this year's levels, even though price supports will drop from the present $1.82 to $1.25 a bushel. He said low quality wheat could be expected to decline quite a bit, but not the quality grades needed for food and export use.

Valentine Youth's Condition Grave After Diving Mishap

A 17-year-old Valentine youth remained in "grave" condition in Orthopedic Hospital Wednesday after being injured in a swimming accident near Mullen Sunday.

The boy, Val Roy Paxton, son of Mr. and Mrs. Melvin Paxton of Valentine, suffered a broken neck when he dove from a Middle Loup River bank into shallow water on a ranch one mile north of Mullen.

A hospital spokesman said the boy is paralyzed from the neck down.

The youth is an employe on the Arnold Wright ranch in Cherry County.

A hospital spokesman said the boy suffered a dislocation and fracture of a vertebra in the neck. The injury is causing breathing difficulties, the spokesman said.

The broken vertebra pushed forward, crushing the spinal cord and causing paralysis.

According to Hooker County Sheriff Henry Capellen, the youth was swimming with friends in the river where it passes the property of Tilbert Wright north of Mullen.

The youth reportedly dove from the bank into less than 4 feet of water. He was treated in Mullen, then rushed to Lincoln.

He is a Valentine high school senior. His father is a well driller in Valentine.

Propose Transfer Harlan Land To Holdrege School

Axtell (UPI) — Approximately 5,000 acres of land in Harlan County and within the Wilcox school district, R-2, appear to be in line for transfer to the Holdrege school district in Phelps County.

A hearing on the proposed transfer as requested in petitions was conducted here, and the state school reorganization committee in substance approved.

The matter was referred to the respective county superintendents, who will check the signatures on the petitions, and if all are in order presumably will grant the transfer and allocate the land.

More See Yugoslavia

Belgrade (AP) — Yugoslavia was visited by 1.3 million foreign tourists during the first half of this year, an increase of 47% over the same period in 1962.

Installment Suit Filed

. . . In Hall County

Grand Island (AP) — A lawsuit has been filed in Hall County District Court seeking to void a transaction under the Nebraska Installment Sales Act which the State Supreme Court recently declared unconstitutional.

The action was brought by Jesse Gay of Fremont against the Grand Island Discount Co., Grand Island, and the Hastings Motor Truck Co., Hastings, asking that the court void a note and chattel mortgage and seeking recovery of $5,318.30 in payments made on a truck tractor purchased Sept. 22, 1962.

The note signed on that date was $15,251.76 and called for payments of $423.66 monthly. The Grand Island Discount Co. acquired the note from the seller of the truck tractor.

Gay alleges that the indebtness exceeds the 9% simple interest maximum provided by law.

Hike In Farm Loans Boosting Credit Demand

Omaha (UPI)—The president of the Federal Land Bank of Omaha said that farmers and ranchers are continuing to substitute additional capital for labor in their operations, boosting the demand for credit.

Thomas A. Maxwell Jr. said new loans made by the bank amounted to almost $39 million during the first 6 months of this year, exceeding the amount loaned during the same period last year by more than $2.5 million.

Maxwell said this was a record exceeded only by the depression period in the 1930's.

He said it is the 4th consecutive year the bank has made more than $30 million in new loans during the first 6 months. He added that delinquencies are at a near record low in the 4-state area served by the bank.

He said the volume of new business is due largely to the credit required to finance increased efficiency of farm operations, for expansion of farm units, and for stabilization of farm financing through substitution of long-term real estate borrowing for short-term debt.

Vehicle Homicide Charges Facing 2 Elba Drivers

St. Paul (AP) — A complaint has been filed in Howard County Court by County Attorney Pearl Dobry charging two young men from Elba with motor vehicle homicide.

Mrs. Dobry said she filed the complaint against Delmar D. Hanson, 23, and Dewey Lee Johnson, in connection with an accident in which Stanley Raymond Garvel, 19, of Elba was fatally injured July 14. He died in a Grand Island hospital two days later.

Garvel was a passenger in the Hanson car which went off the road, overturned several times and struck a telephone pole. The Hanson car caught fire.

Hanson related that he and Johnson had been attempting to pass each other.

East Central Ag Alumni To Meet

Halsey—The second annual reunion of the East Central Nebraska College of Agriculture Alumni District will be held at the Nebraska State 4-H Club Camp here August 10-11.

Invitations have been sent to graduates of the College or the former School of Agriculture at Lincoln who are residing in Boone, Butler, Colfax, Hall, Hamilton, Howard, Merrick, Nance, Platte, and Polk counties, according to Mrs. George L. Baumert, Howells, secretary of the Ag Alumni District.

Greeley Water Users Head Asks New Loup Basin Study

Spalding (UPI)—Ray Bernt of Spalding, chairman of the Greeley County Water Users Association, asked for a new study on the complete water and soil conservation needs of the Loup River basin.

In a letter to Tom Eason of North Bend, president of the Lower Loup-Platte Water Association, Bernt noted the Loup-Platte Association also advocates a new study. "We heartily agree with you in this matter. It has been nearly 20 years since the plans of the Loup basin were drawn," he said.

Because of the lack of more modern water and soil conservation study, Bernt said, residents of the Loup basin are "going to find themselves in a waterless valley in the very near future."

Bernt, a farmer, said he feels present Federal Bureau of Reclamation plans for the basin spell water shortage and chaos for all water users, both in the upper and lower reaches.

He said the bureau plans call for impoundment of water over vast spring-fed areas of the upper Loup basin.

"Our observations of impoundments over spring-fed areas prove to us that these springs in the impoundment area are soon silted over and cease for all time to contribute in any manner to the flow of the stream," Bernt said.

Eason, at his home in North Bend, said he agrees with Bernt's comments.

Money Is No Object

By WILLIAM O. DOBLER

"Nobody is worth that much money," was the comment of an individual upon learning that the salary of a certain executive in industry was in excess of $200,000 a year. That is a lot of money and maybe no one is worth that much but the fact remains that such salaries are not unheard of. In fact, a good number of them, and some even higher, can be found in many pockets of the industry of the nation.

The Latest And Best

And take a look at the physical plant facilities of a lot of top executives these days. Some of them are decked out with elaborate furnishings, private baths, bars and who knows what else. Doing business today on a desk that cost several hundred dollars is about like doing business on an orange crate. Is it any wonder, then, that we find in the Wall Street Journal a rather disturbing report on the extravagance of Congress in outfitting itself with the latest and best of everything? Is it any wonder that the economy cries of Congress are in general contrast with its own mode of executive living?

It is noted by the Journal that the nation's legislative budget was $59 million 10 years ago and is espected to be around $168 million for the fiscal year beginning July 1. The total legislative payroll in Washington 10 years ago covered 5,300 people but today it covers 7,727.

Next summer, work is expected to be completed on a new House office building costing $83 million, perhaps the most ever spent on any single government building in the world. In another expenditure, the House took in stride a legislative expenditure of $37,350 for draperies for 50 Capitol windows at a cost of roughly $700 per window, reports the Journal.

★

A lot has been written about the cost of government in the legislative branch and the generosity with which members of the House and Senate treat themselves. The situation causes two thoughts to come to mind. First, one wonders how big a factor in the economy this executive extravagance really is. They talk about featherbedding, they talk about a shorter work week, they talk about productive capacity and they talk about a lot of things that are said to be handicaps to the economy. The ways in which the capital of the nation can be siphoned off into unproductive channels seems endless when you hear the story from those at the management level of things.

Taxes are too high, they say, and destroy incentive as well as drain off investment capital. Wages are too high, they say, and make American products uncompetitive with imports from foreign lands. And interest rates always seem to be either too high or too low, depending upon whether you are on the giving or receiving end of things. But what about the expense of maintaining an elaborate management structure at the top of industry? The Internal Revenue Service muffed an opportunity to correct some of the abuses that are found at this level of things by aiming its guns in the wrong direction. If the legislative branch spends $169 million in the coming fiscal year, it will still be small potatoes compared to the total federal budget of nearly $99 billion but by itself it is a lot of money and a phenomenal increase.

★

Beyond the pure economic facts of the situation, one wonders about the propriety or morality of the situation. It is somewhat difficult to understand how senators and representatives can live with themselves when they expound economy every place but in their own backyard. And many of the most economy-minded members of the House and Senate are never found in opposition to spending for the legislative branch of government.

It sounds very much like the efforts at tax reform that are made in so many quarters in Nebraska. More often than not, these efforts constitute merely an attempt to shift the burden of taxation to some other quarters rather than to equalize anything.

Everywhere But Here

Or, you might consider the case of the Budget Committee of the last Legislature whose chairman got a world of economy mileage out of the session just ended. A lot of proposals were cut to the bone or eliminated but the committee's own pet, new accounting and budgeting procedures, has been fixed up to the tune of several hundred thousand dollars. The legislative branches of governments at all levels seem to be possessed of more than their share of quiet inconsistencies. The question, then, is how far inconsistency can go before it becomes incompetent and destructive.

Are such contrasts a sign of a little irresponsibility and dishonety and if so, when do they reach a point of real significance? What do we tolerate as a mark of our human weakness and what do we demand as a mark of our human wisdom and understanding? We certainly seem to to have a tremendous capacity for indifference in a large part of our lives.

"We Must Guard Against This Huge Civilian Complex . . . !"

DREW PEARSON

Rep. Holifield Changes Position

WASHINGTON—Rep. Chet Holifield, the Los Angeles Democrat considered the big bull in the atomic China shop, has had an interesting change of life.

There was a time when Chet ached for the professors at Cal Tech who signed a round robin urging an end of nuclear tests. John McCone, then a stalwart Eisenhower Republican, now a tepid Kennedy Republican as head of Central Intelligence, was vigorous in his criticism of these professors. As a member of the Cal Tech board of regents he seemed on the verge of disciplinary action.

Chet Holifield at that time valiantly came to their rescue.

Now that Chet has experienced his congressional menopause, however, he lines up on the side of John McCone, discounts the danger of radioactive fallout and even wants to hand fissionable materials, the deadly ingredients for the atom bomb, over to private industry. He is also the biggest booster for building nuclear reactors in or near big cities regardless of possible danger.

☆ ☆ ☆

Chet Holifield's July 29 hearings to hand fissionable materials over to private industry will be a put-up-job calculated to sell the idea to Congress, not encourage free discussion. Witnesses are carefully picked to present the idea in a favorable light. Witnesses had to submit 12 copies of their proposed testimony as early as July 15 and the average scientist didn't even know about when the hearing was going to be held, let alone have time to prepare a statement by July 15 . . . what the Joint Atomic Energy Committee of Congress needs is the former devotion of Sen. Clint Anderson, (D-NM). Clint is now giving his time to the space committee. He was once the public's chief watchdog on the Joint Atomic Committee . . . Anderson, an ex-newsman, played a vital part in unearthing one of the great scandals of the first post-war period—Teapot Dome. Working in Albuquerque, Anderson noticed that Albert K. Fall, secretary of the interior under Harding, suddenly had become affluent. Anderson investigated, finally discovered that a race horse had arrived at the Fall ranch in a special railroad car from the New Jersey farm of Harry Sinclair of the Sinclair Oil Co. From this Anderson helped trace the sale of the Navy's choice oil reserves by the late secretary of the interior.

BOB CONSIDINE

Golden Memories Of Old St. Aloysius

NEW YORK — My old school closed. Not for the summer vacation, but for keeps. There was a time when there was talk that it might have to be burned down to get me out of the eighth grade. But, as it turned out, I graduated—and lo, these many years later, it shut down. That's a tragedy. Washington, D.C., needs more schools, not fewer, particularly schools like St. Aloysius. And more teachers like Sister Bernard, who now doesn't have a soul to shape, a mind to nourish, a heart to warm.

☆ ☆

It was a wonderful school with a stirring history, this oldest parochial school in the nation's capital. It was an outgrowth actually, of a school for girls conducted by the wife of Gen. William Tecumseh Sherman and some other ladies of Washington, D.C., who formed the St. Aloysius' Relief Association in September, 1860, and conducted classes in the basement of the then recently completed St. Aloysius Church. The next year the group arranged for the girls to be taught by the sisters of Notre Dame de Namur.

It was against the rules of the Notre Dame Order to teach boys, so the first groups of males in that parish were taught by the Sisters of Mercy. They were still in charge on the day my mother pointed me in the direction of the boys school and said, "It's down that way—now git!"

The Sisters of Mercy, who were quite merciful if memory serves, arrived by horse-drawn bus just in time to take charge each day, then took off in the late afternoon for their distant convent.

☆ ☆ ☆

That brought Sister Bernard into our lives. I saw her not long ago in the same classroom where I had known her nearly 40 years before. I walked in unannounced at the close of her day's work and it was as if time had stood still. At least for Sister Bernard. I had thought of her as an incredibly old and wise woman when I was in the sixth grade. She looked no different now.

"Hello, Robert," she said, looking up from some papers she was correcting.

It was as if I had just been out to the boys' room, instead of away for an eternity of wear, tear and wickedness.

Then there was a little lecture. Sister Bernard had read a piece somewhere to the effect that I was a product, if that's the word, of George Washington University's journalism classes.

"You learned to write in this room, not at George Washington," she said. "In that fourth seat in the second row. Felix Belair of the New York Times sat across from you."

☆ ☆ ☆

It's a great old parish, St. Aloysius. The Union Army's Washington commandant attempted to take over the church for use as a hospital, but found the men of the parish seated on its steps with guns across their laps when his take-over platoon arrived. The men of St. Aloysius built the commandant a hospital not far away, working around the clock by sun and lamplight, sustained by food brought by the wives of the parish.

The 50th anniversary of the church was celebrated by a mass sung by the immortal James Cardinal Gibbons of Baltimore. In attendance was President William Howard Taft. At the diamond jubilee in 1934 the mass was celebrated by Archbishop Cicognani, then Apostolic Delegate, now Paul VI's secretary of state as he was John XXIII's.

What a sadness, to have its boys school dry up, when the thirst was never greater. What a loss, not to have Sister Bernard in the fray.

JOSEPH G. MOLNER, M. D.

To Your Good Health

Dear Dr. Molner: What about the blood disease known as mononucleosis? Is it spread only by saliva? Can it recur, or may one have it once and become immune? It seems to be spreading among teenagers. — L. F.

Dr. Molner

Infectious mononucleosis is a virus infection. It is characterized (and thus named) by the presence in the blood of a large number of white cells, called mononuclear. A blood test is an excellent way of diagnosing a suspected case, but this does not imply that treatment of the blood is necessary.

Rather, mononucleosis is a self-limiting disease. Like the common cold, you get it and get over it, and there isn't any specific cure.

Whether it is spread "only by saliva" is not known, but it does spread from person to person, expecially among young people, and often among college students in dormitories or troops in military installations.

The characteristics include fatigue, swollen and tender glands (it is also called "glandular fever") and sometimes a transient hepatitis—that is, a liver condition, but not to be confused with the more serious types.

Plenty of rest and wholesome food, and precautions against complications, are the essential treatment. Taking the ailment too lightly isn't wise, because relapses can occur.

On the other hand, it isn't the type of ailment that should frighten anyone. It clears up, leaving no after—effects. One attack usually confers immunity, which very possibly may be why we see it among young people and rarely among older one.

I question whether it really is "spreading among teenagers," but suspect, rather, that it is being diagnosed more readily instead of being passed off as something else.

Exactly how the virus is transmitted is not known. Mononucleosis has been called "the kissing disease" because of the age of its most frequent victims, but that doesn't explain its spread in non-coeducational schools or army barracks. It may spread pretty much the way colds do, or measles, or whatnot.

☆ ☆ ☆

Dear Dr. Molner: What causes a person to bite his tongue and lips? I do this quite often. & L. M. G.

Probably a nervous habit, unless you mean you can't control your muscles. In that case, prompt medical examination is required.

☆ ☆ ☆

Note to Mrs. M. M.: Compazine is one of the many tranquilizers now in use. It is "a drug," of course, but not in the sense of being a narcotic.

☆ ☆ ☆

Dear Dr. Molner: What is wrong when a person is hungry all the time? When I finish dinner I feel as though I hadn't eaten. — S. B.

The likeliest cause is that you aren't eating the right things, and your system is trying to tell you so. Do you get plenty of protein? Fresh and cooked vegetables, including green, leafy ones? Fruit and fruit juices: Protein has great satiety value; it satisfies hunger. The vegetables and fruit provide bulk. You may have hypermotility or excessively rapid emptying of the stomach. Try eating more slowly. Hypermotility can be lessened by sedative drugs taken before meals. Another cause is low blood sugar, which can be corrected by diet.

☆ ☆ ☆

Note to D. G.: I don't think "hormone" face creams perform any wonders other than those afforded by any good facial cream. I know of one case in which a hair tonic containing "hormones" had unpleasant effects.

☆ ☆ ☆

Dear Dr. Molner: Wax accumulates in my ears and I find it necessary to have them cleaned by a doctor every four to six months. Is there a simple method by which I can prevent or reduce this accumulation of wax, or remove it myself? — H. B. T.

Some people form ear wax more plentifully than others. I take it for granted that you have assurance that your ears otherwise are in good condition. That is, the wax isn't a consequence of anything abnormal.

My suggestion, with that qualification, is to irrigate the ears, perhaps every two weeks or so, with a solution of one teaspoonful of baking soda to a glass of warm water to soften, dislodge and wash out the wax as it forms. Use a small rubber syringe. Another good solution is a mixture of one-third hydrogen peroxide to two-thirds water.

This simple rinsing usually does the trick. However, do not, under any circumstances, use toothpicks, hairpins or other such things to try to dig out the wax. There's too much danger of damaging the ear.

Also keep in mind that wax is there for a purpose: to protect the ears. Only a rinse every couple of weeks will take care of any excess in most cases.

Dr. Molner welcomes all reader mail, but regrets that due to the tremendous volume received daily, he is unable to answer individual letters. Readers' questions are incorporated in his column whenever possible.

Swords Into Time Machines

Beating swords into plowshares is a figure of speech and a beautiful expression of human wistfulness for peace and good will.

We have made some headway. We still beat people, but we don't beat things much anymore. We change them in a laboratory.

The latest Operation Plowshare has taken place at Seattle. Swords being obsolete, a University of Washington researcher used a 16 inch gun from the scrapped U.S.S. Colorado. He sawed off a section of the barrel and made a time machine of it. He used some sealing wax, some borax and 325 pounds of quicksilver. Now he can tell how old almost anything is because his setup can measure the radioactivity of an element called Carbon 14. This C-14 is manufactured in the upper atmosphere by the collision of nitrogen and cosmic particles. It constantly drifts down and manages to get into almost everything. Water is full of it and it gets into plants by being taken up during photosynthesis. It gets into bones by people eating the plants.

When first made C-14 makes a Geiger counter tick like everything, but its radioactivity slowly departs. A real old rock or bone will tick much slower than a new one. The researcher, knowing the ticking rate of new C-14 plus the rate of slowing down translated into years, made an age scale. After that anything put into the time machine does, by the rate of ticking, reveal its age.

Where does the gun come in?

Well, the guns of the old U.S.S. Colorado were made before the gun makers learned that a little colbalt added to the steel mix made a much better barrel. But cobalt does ticking of its own and if used in a time machine is will jam the ticks of the item whose age is being sought.

Use It Or Lose It

The Civil Aeronautics Board uses a policy of "use it or lose it" in providing airline service for areas that are borderline from a patronage point of view. Now, President Kennedy has stolen the idea for use with the nation's immigration program.

The President would change the immigration laws and quotas to give first priority to those from other lands who offer a technical or professional skill of value to our nation and second priority to those seeking admission who have relatives living here. This would take up the slack occasioned by the fact that present quotas go unfilled from the northern European areas which are currently favored.

The old system was pegged to quotas established in terms of the percentage of various nationalities living in the United States in the year 1920. Thus, quotas for some nations are now much higher than these nations use while the waiting list grows ever longer in other lands.

Currently, the law permits up to 156,700 immigrants a year while only 92,000 entered in 1962. The President's plan would boost the planned and actual level to 164,500. From all points of view, the proposed change is one of merit.

We should not maintain an artificial quota level for the sake of our own good will aboard. Also, the President's plan would give primary consideration to humanitarian aspects of the problem rather than a plain old mathematical formula. And finally, the plan would contain a provision that would be direct benefit to the nation—the acquiring of needed skills and professions. As President Kennedy noted, the program as proposed "reflects in every detail the principles of equality and human dignity to which our nation subscribes."

The Unseen Factor

Rural electrification interests are threatened with another back-to-the wall fight.

U.S. Senator Peter Dominick, of Colorado, is making a renewed attempt to kill the 2 per cent financing rates granted by the government to the REA's. Dominick's bill would permit the Department of Agriculture to borrow REA capital from the U.S. Treasury, stipulating that the interest rate at the time be based on whatever it costs Treasury to borrow the money plus a half of one per cent for administrative expenses. In normal instances that would more than double the present REA rate.

To the many not minutely informed about REA operations, Sen. Dominick's contentions have quick appeal. Why should the government lend money to an agency at less than cost? Why should taxpayers be burdened with such a subsidy? Why should REA's be made to look good by gratuities?

Such representations might be valid if a certain governing fact were not considered.

Prior to World War II the REA's did not enjoy 2 per cent money. They paid more.

It was Congress after the war which prompted the change. It pressed the REA to extend its rural service to the ultimate, taking electricity to remote users where consumption could never justify the outlay. When the REA's demurred and pointed out that it would break them, Congress offered the 2 per cent concession. The REA's acquiesced and committed themselves to unending service.

In the light of the actual circumstances Congress would be guilty of a base breech of faith if it withdrew from its obligation while leaving the REA's stuck with a losing service which was figured out by Congress itself. If Congress doesn't like its own bargain the honorable way out would require reimbursement of the REA's for their out-of-pocket money, taking upon itself the burden of continuing the service to the submarginal areas.

Your Five Cents Worth

Brevity in letters is requested but length in itself will have no bearing on publication. Writers are advised that needless details and repetitious matter will be edited out of letters. Too frequent contributions from one person on the same subject may be rejected. All letters must be accompanied by writer's true name but may be submitted for publication under a pen name or initials. However, letters will be printed under a pen name or initials at the editor's discretion.

Grandpa Says

Guide Rock, Neb.

I see by the papers that them Republicans are calling each other names. Grandpa says they have called each other everything from "right wing lunatics" to "left wing new frontier tricksters." Grandpa says that sure don't leave much for the Democrats to call them.

Grandpa says there is this much about it, though. If that Goldwater runs and should win, they'd have to move the White House to Nebraska. He says we got the only state in the Union that's far enough behind the times for Goldwater to feel at home.

Grandpa says that could be a good thing for our senators, too. One of them could get the job of polishing the buggies and the other could fill the gas lights.

DOBBIN BYRD

Emotion, Facts

Lincoln, Neb.

I am amazed at the opposition of The Star to a wide and safe R Street. One must see the area involved to realize the amount of traffic in this area. For a distance of eight blocks, from O Street to Vine Street, there is no street to the east, and for a distance of eight blocks between 48th Street and 56th Street, there is no street to the north of O. Here is a quarter section of land practically in the heart of the city to which there is no access.

When R Street and 52nd Street are opened, there will inevitably be very heavy traffic upon them.

I own a corner lot at the southwest corner of R and 56th Streets. This happens to be a vacant lot on which I intend to build a home. I want a wide R Street to carry the traffic I know will be there when R Street is opened. Safety demands a wide R Street.

There have been numerous letters published in The Star signed by people who say they are opposed to a wide R Street. However, the reasons they advance are not valid and are based on emotion rather than facts. This is too important an issue to be based on anything but the facts.

Helping Others

Ansley, Neb.

The best tonic or medicine for many in the strife of life would be to have a little real happiness. So why don't we show by deeds as well as words that we care about others? Let's show that we care if they have a good day, for without hope there is no bright tomorrow.

Let's remember to visit, help, write or phone the sick, the handicapped, the shut-ins, the lonely ones and the poor. Let's not forget the older folks, either. We should all be less concerned about ourselves and do for others.

B. BURDICK

☆ ☆ ☆

Prayer In Schools

Lincoln, Neb.

Aren't mothers and fathers willing to fight to prove what they believe in? If they believe in the Lord, aren't they willing to show their children that they will fight for the right to have prayer in school? An atheist who does not believe in the Lord is willing to shout it all over the world so that her son won't think she is letting him down.

Can't we get petitions? The majority of the people is what counts. Let's prove to our children that we have the courage to fight for their rights. No wonder our youth are so confused these days. Let's do something about their rights. Ministers could urge their congregations to sign petitions. Mothers march for the Heart Fund and other worthy causes. Why can't we?

DOROTHY RANDALL

☆ ☆ ☆

New Agent

Lincoln, Neb.

I wish to offer my congratulations to Governor Morrison for his selection of Mr. Willard Wells as state purchasing agent. His honesty and integrity are to be commended. We need more and more fine men in all branches of our government. It is a pleasure to work with such men.

T. O. HAAS

☆

Youth 'Too Soft'

Lincoln, Neb.

I read something recently about teenagers being so sloppy, and the reason offered was that it was because they had been told repeatedly when younger to "hang up this and hang up that."

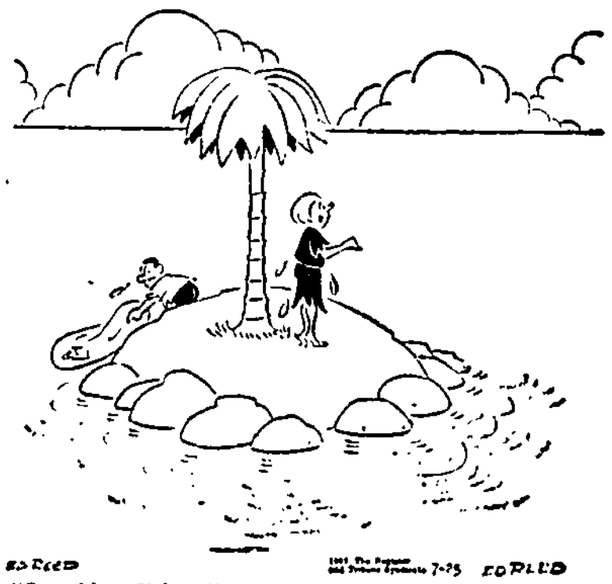

Don't believe it. I was taught the same way and I knew that if I didn't take care of what few clothes I had, I might not get anything else to replace them. That is the one thing I am most particular about today, neatness around the house.

A child has to be taught to take care of what he has or he will never know how to respect anything or anyone during his lifetime. Our young people today have entirely too much money of their own, too much freedom and too much of everything in general. I still say that those of us who were young during the depression are more able and willing to face desperation. We know that it is best not to eat at all times of the day, both for the benefit of our bodies and a matter of economy. We know we can't buy too much and throw it out and buy more and then wonder where our money went.

Young people are too soft now. Strict or old-fashioned parents are out of date but if we had more of them, we'd have fewer juvenile troubles.

Well, the guns of the old U.S.S. Colorado were made before the gun makers learned that a little colbalt added to the steel mix made a much better barrel. But cobalt does ticking of its own and if used in a time machine is will jam the ticks of the item whose age is being sought.

Use It Or Lose It

The Civil Aeronautics Board uses a policy of "use it or lose it" in providing airline service for areas that are borderline from a patronage point of view. Now, President Kennedy has stolen the idea for use with the nation's immigration program.

The President would change the immigration laws and quotas to give first priority to those from other lands who offer a technical or professional skill of value to our nation and second priority to those seeking admission who have relatives living here. This would take up the slack occasioned by the fact that present quotas go unfilled from the northern European areas which are currently favored.

The old system was pegged to quotas established in terms of the percentage of various nationalities living in the United States in the year 1920. Thus, quotas for some nations are now much higher than these nations use while the waiting list grows ever longer in other lands.

Currently, the law permits up to 156,700 immigrants a year while only 92,000 entered in 1962. The President's plan would boost the planned and actual level to 164,500. From all points of view, the proposed change is one of merit.

We should not maintain an artificial quota level for the sake of our own good will aboard. Also, the President's plan would give primary consideration to humanitarian aspects of the problem rather than a plain old mathematical formula. And finally, the plan would contain a provision that would be direct benefit to the nation —the acquiring of needed skills and professions. As President Kennedy noted, the program as proposed "reflects in every detail the principles of equality and human dignity to which our nation subscribes."

The Unseen Factor

Rural electrification interests are threatened with another back-to-the wall fight.

U.S. Senator Peter Dominick, of Colorado, is making a renewed attempt to kill the 2 per cent financing rates granted by the government to the REA's. Dominick's bill would permit the Department of Agriculture to borrow REA capital from the U.S. Treasury, stipulating that the interest rate at the time be based on whatever it costs Treasury to borrow the money plus a half of one per cent for administrative expenses. In normal instances that would more than double the present REA rate.

To the many not minutely informed about REA operations, Sen. Dominick's contentions have quick appeal. Why should the government lend money to an agency at less than cost? Why should taxpayers be burdened with such a subsidy? Why should REA's be made to look good by gratuities?

Such representations might be valid if a certain governing fact were not considered.

Prior to World War II the REA's did not enjoy 2 per cent money. They paid more.

It was Congress after the war which prompted the change. It pressed the REA to extend its rural service to the ultimate, taking electricity to remote users where consumption could never justify the outlay. When the REA's demurred and pointed out that it would break them, Congress offered the 2 per cent concession. The REA's acquiesced and committed themselves to unending service.

In the light of the actual circumstances Congress would be guilty of a base breech of faith if it withdrew from its obligation while leaving the REA's stuck with a losing service which was figured out by Congress itself. If Congress doesn't like its own bargain the honorable way out would require reimbursement of the REA's for their out-of-pocket money, taking upon itself the burden of continuing the service to the submarginal areas.

Rep. Holifield Changes Position

WASHINGTON—Rep. Chet Holifield, the Los Angeles Democrat considered the big bull in the atomic China shop, has had an interesting change of life.

There was a time when Chet ached for the professors at Cal Tech who signed a round robin urging an end of nuclear tests. John McCone, then a stalwart Eisenhower Republican, now a tepid Kennedy Republican as head of Central Intelligence, was vigorous in his criticism of these professors. As a member of the Cal Tech board of regents he seemed on the verge of disciplinary action.

Chet Holifield at that time valiantly came to their rescue.

Now that Chet has experienced his congressional menopause, however, he lines up on the side of John McCone, discounts the danger of radioactive fallout and even wants to hand fissionable materials, the deadly ingredients for the atom bomb, over to private industry. He is also the biggest booster for building nuclear reactors in or near big cities regardless of possible danger.

☆ ☆ ☆

Chet Holifield's July 29 hearings to hand fissionable materials over to private industry will be a put-up-job calculated to sell the idea to Congress, not encourage free discussion. Witnesses are carefully picked to present the idea in a favorable light. Witnesses had to submit 12 copies of their proposed testimony as early as July 15 and the average scientist didn't even know about when the hearing was going to be held, let alone have time to prepare a statement by July 15 . . . what the Joint Atomic Energy Committee of Congress needs is the former devotion of Sen. Clint Anderson, (D-NM), Clint is now giving his time to the space committee. He was once the public's chief watchdog on the Joint Atomic Committee . . . Anderson, an ex-newsman, played a vital part in unearthing one of the great scandals of the first post-war period—Teapot Dome. Working in Albuquerque, Anderson noticed that Albert K. Fall, secretary of the interior under Harding, suddenly had become affluent. Anderson investigated, finally discovered that a race horse had arrived at the Fall ranch in a special railroad car from the New Jersey farm of Harry Sinclair of the Sinclair Oil Co. From this Anderson helped trace the sale of the Navy's choice oil reserves by the late secretary of the interior.

BOB CONSIDINE

Golden Memories Of Old St. Aloysius

NEW YORK — My old school closed. Not for the summer vacation, but for keeps. There was a time when there was talk that it might have to be burned down to get me out of the eighth grade. But, as it turned out, I graduated—and lo, these many years later, it shut down. That's a tragedy. Washington, D.C., needs more schools, not fewer, particularly schools like St. Aloysius. And more teachers like Sister Bernard, who now doesn't have a soul to shape, a mind to nourish, a heart to warm.

☆ ☆ ☆

It was a wonderful school with a stirring history, this oldest parochial school in the nation's capital. It was an outgrowth actually, of a school for girls conducted by the wife of Gen. William Tecumseh Sherman and some other ladies of Washington, D.C., who formed the St. Aloysius' Relief Association in September, 1860, and conducted classes in the basement of the then recently completed St. Aloysius Church. The next year the group arranged for the girls to be taught by the sisters of Notre Dame de Namur.

It was against the rules of the Notre Dame Order to teach boys, so the first groups of males in that parish were taught by the Sisters of Mercy. They were still in charge on the day my mother pointed me in the direction of the boys school and said, "It's down that way—now git!"

The Sisters of Mercy, who were quite merciful if memory serves, arrived by horse-drawn bus just in time to take charge each day, then took off in the late afternoon for their distant convent.

☆ ☆ ☆

That brought Sister Bernard into our lives. I saw her not long ago in the same classroom where I had known her nearly 40 years before. I walked in unannounced at the close of her day's work and it was as if time had stood still. At least for Sister Bernard. I had thought of her as an incredibly old and wise woman when I was in the sixth grade. She looked no different now.

"Hello, Robert," she said, looking up from some papers she was correcting.

It was as if I had just been out to the boys' room, instead of away for an eternity of wear, tear and wickedness.

Then there was a little lecture. Sister Bernard had read a piece somewhere to the effect that I was a product, if that's the word, of George Washington University's journalism classes.

"You learned to write in this room, not at George Washington," she said. "In that fourth seat in the second row. Felix Belair of the New York Times sat across from you."

☆ ☆ ☆

It's a great old parish, St. Aloysius. The Union Army's Washington commandant attempted to take over the church for use as a hospital, but found the men of the parish seated on its steps with guns across their laps when his take-over platoon arrived. The men of St. Aloysius built the commandant a hospital not far away, working around the clock by sun and lamplight, sustained by food brought by the wives of the parish.

The 50th anniversary of the church was celebrated by a mass sung by the immortal James Cardinal Gibbons of Baltimore. In attendance was President William Howard Taft. At the diamond jubilee in 1934 the mass was celebrated by Archbishop Cicognani, then Apostolic Delegate, now Paul VI's secretary of state as he was John XXIII's.

What a sadness, to have its boys school dry up, when the thirst was never greater. What a loss, not to have Sister Bernard in the fray.

JOSEPH G. MOLNER, M. D.

To Your Good Health

Dear Dr. Molner: What about the blood disease known as mononucleosis? Is it spread only by saliva? Can it recur, or may one have it once and become immune? It seems to be spreading among teenagers. — L. F.

Dr. Molner

Infectious mononucleosis is a virus infection. It is characterized (and thus named) by the presence in the blood of a large number of white cells, called mononuclear. A blood test is an excellent way of diagnosing a suspected case, but this does not imply that treatment of the blood is necessary.

Rather, mononucleosis is a self-limiting disease. Like the common cold, you get it and get over it, and there isn't any specific cure.

Whether it is spread "only by saliva" is not known, but it does spread from person to person, expecially among young people, and often among college students in dormitories or troops in military installations.

The characteristics include fatigue, swollen and tender glands (it is also called "glandular fever") and sometimes a transient hepatitis—that is, a liver condition, but not to be confused with the more serious types.

Plenty of rest and wholesome food, and precautions against complications, are the essential treatment. Taking the ailment too lightly isn't wise, because relapses can occur.

On the other hand, it isn't the type of ailment that should frighten anyone. It clears up, leaving no after—effects. One attack usually confers immunity, which very possibly may be why we see it among young people and rarely among older one.

I question whether it really is "spreading among teenagers," but suspect, rather, that it is being diagnosed more readily instead of being passed off as something else.

Exactly how the virus is transmitted is not known. Mononucleosis has been called "the kissing disease" because of the age of its most frequent victims, but that doesn't explain its spread in non-coeducational schools or army barracks. It may spread pretty much the way colds do, or measles, or whatnot.

☆ ☆ ☆

Dear Dr. Molner: What causes a person to bite his tongue and lips? I do this quite often. & L. M. G.

Probably a nervous habit, unless you mean you can't control your muscles. In that case, prompt medical examination is required.

☆ ☆ ☆

Note to Mrs. M. M.: Compazine is one of the many tranquilizers now in use. It is "a drug," of course, but not in the sense of being a narcotic.

☆ ☆ ☆

Dear Dr. Molner: What is wrong when a person is hungry all the time? When I finish dinner I feel as though I hadn't eaten. — S. B.

The likeliest cause is that you aren't eating the right things, and your system is trying to tell you so. Do you get plenty of protein? Fresh and cooked vegetables, including green, leafy ones? Fruit and fruit juices: Protein has great satiety value; it satisfies hunger. The vegetables and fruit provide bulk. You may have hypermotility or excessively rapid emptying of the stomach. Try eating more slowly. Hypermotility can be lessened by sedative drugs taken before meals. Another cause is low blood sugar, which can be corrected by diet.

☆ ☆ ☆

Note to D. G.: I don't think "hormone" face creams perform any wonders other than those afforded by any good facial cream. I know of one case in which a hair tonic containing "hormones" had unpleasant effects.

☆ ☆ ☆

Dear Dr. Molner: Wax accumulates in my ears and I find it necessary to have them cleaned by a doctor every four to six months. Is there a simple method by which I can prevent or reduce this accumulation of wax, or remove it myself? — H. B. T.

Some people form ear wax more plentifully than others. I take it for granted that you have assurance that your ears otherwise are in good condition. That is, the wax isn't a consequence of anything abnormal.

My suggestion, with that qualification, is to irrigate the ears, perhaps every two weeks or so, with a solution of one teaspoonful of baking soda to a glass of warm water to soften, dislodge and wash out the wax as it forms. Use a small rubber syringe. Another good solution is a mixture of one-third hydrogen peroxide to two-thirds water.

This simple rinsing usually does the trick. However, do not, under any circumstances, use toothpicks, hairpins or other such things to try to dig out the wax. There's too much danger of damaging the ear.

Also keep in mind that wax is there for a purpose: to protect the ears. Only a rinse every couple of weeks will take care of any excess in most cases.

Dr. Molner welcomes all reader mail, but regrets that due to the tremendous volume received daily, he is unable to answer individual letters. Readers' questions are incorporated in his column whenever possible.

Your Five Cents Worth

Brevity in letters is requested but length in itself will have no bearing on publication. Writers are advised that needless details and repetitious matter will be edited out of letters. Too frequent contributions from one person on the same subject may be rejected. All letters must be accompanied by writer's true name but may be submitted for publication under a pen name or initials. However, letters will be printed under a pen name or initials at the editor's discretion.

Grandpa Says

Guide Rock, Neb.

I see by the papers that them Republicans are calling each other names. Grandpa says they have called each other everything from "right wing lunatics" to "left wing new frontier tricksters." Grandpa says that sure don't leave much for the Democrats to call them.

Grandpa says there is this much about it, though. If that Goldwater runs and should win, they'd have to move the White House to Nebraska. He says we got the only state in the Union that's far enough behind the times for Goldwater to feel at home.

Grandpa says that could be a good thing for our senators, too. One of them could get the job of polishing the buggies and the other could fill the gas lights.

Emotion, Facts

Lincoln, Neb.

I am amazed at the opposition of The Star to a wide and safe R Street. One must see the area involved to realize the amount of traffic in this area. For a distance of eight blocks, from O Street to Vine Street, there is no street to the east, and for a distance of eight blocks between 48th Street and 56th Street, there is no street to the north of O. Here is a quarter section of land practically in the heart of the city to which there is no access.

When R Street and 52nd Street are opened, there will inevitably be very heavy traffic upon them.

I own a corner lot at the southwest corner of R and 56th Streets. This happens to be a vacant lot on which I intend to build a home. I want a wide R Street to carry the traffic I know will be there when R Street is opened. Safety demands a wide R Street.

There have been numerous letters published in The Star signed by people who say they are opposed to a wide R Street. However, the reasons they advance are not valid and are based on emotion rather than facts. This is too important an issue to be based on anything but the facts.

Helping Others

Ansley, Neb.

The best tonic or medicine for many in the strife of life would be to have a little real happiness. So why don't we show by deeds as well as words that we care about others? Let's show that we care if they have a good day, for without hope there is no bright tomorrow.

Let's remember to visit, help, write or phone the sick, the handicapped, the shut-ins, the lonely ones and the poor. Let's not forget the older folks, either. We should all be less concerned about ourselves and do for others.

B. BURDICK

☆ ☆ ☆

Prayer In Schools

Lincoln, Neb.

Aren't mothers and fathers willing to fight to prove what they believe in? If they believe in the Lord, aren't they willing to show their children that they will fight for the right to have prayer in school? An atheist who does not believe in the Lord is willing to shout it all over the world so that her son won't think she is letting him down.

Can't we get petitions? The majority of the people is what counts. Let's prove to our children that we have the courage to fight for their rights. No wonder our youth are so confused these days. Let's do something about their rights. Ministers could urge their congregations to sign petitions. Mothers march for the Heart Fund and other worthy causes. Why can't we?

DOROTHY RANDALL

New Agent

Lincoln, Neb.

I wish to offer my congratulations to Governor Morrison for his selection of Mr. Willard Wells as state purchasing agent. His honesty and integrity are to be commended. We need more and more fine men in all branches of our government. It is a pleasure to work with such men.

T. O. HAAS

☆ ☆ ☆

Youth 'Too Soft'

Lincoln, Neb.

I read something recently about teenagers being so sloppy, and the reason offered was that it was because they had been told repeatedly when younger to "hang up this and hang up that."

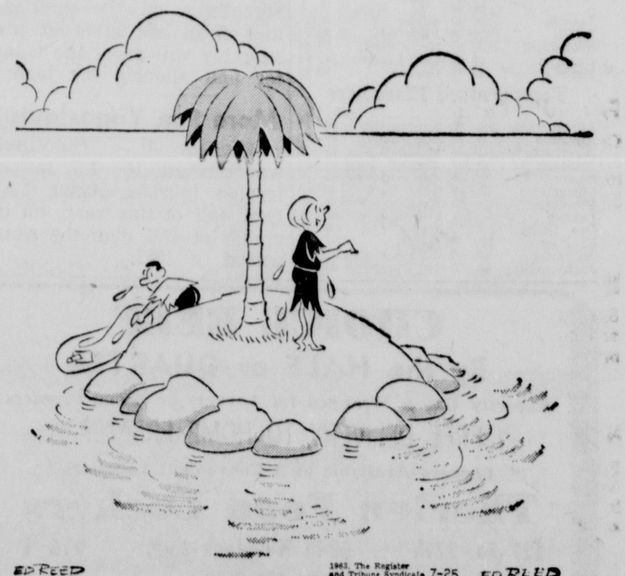

Don't believe it. I was taught the same way and I knew that if I didn't take care of what few clothes I had, I might not get anything else to replace them. That is the one thing I am most particular about today, neatness around the house.

A child has to be taught to take care of what he has or he will never know how to respect anything or anyone during his lifetime. Our young people today have entirely too much money of their own, too much freedom and too much of everything in general. I still say that those of us who were young during the depression are more able and willing to face desperation. We know that it is best not to eat at all times of the day, both for the benefit of our bodies and a matter of economy. We know we can't buy too much and throw it out and buy more and then wonder where our money went.

Young people are too soft now. Strict or old-fashioned parents are out of date but if we had more of them, we'd have fewer juvenile troubles.

A MOTHER

OFF THE RECORD By Ed. Reed

"One thing, Fritz—We have a lovely view of the ocean."

State Power Board Learns Municipalities Want No 'Big Brother'

By VIRGIL FALLOON
Star Staff Writer

The Nebraska Power Review Board was told Wednesday that the municipalities want the right to serve their own people and area in their own way without interference from the "big brother" public power district.

George Svoboda, attorney for the Fremont public works board, said "the municipals want freedom to interchange, wheel or pool power as the economics of their own market determines."

"Municipal plants and systems have lower rates than power districts spread over large areas," he said. "Bigness doesn't mean cheap power when technical efficiencies get lost in big administrative and labor costs, high-priced public relation programs and political power maneuvers."

Vern Livingston of Nebraska City and Frank Phelps of Grand Island echoed the same feeling at the second in a series of "informational" meetings arranged by the board to determine Nebraska's future power needs.

Svoboda said Consumers Public Power District (CPPD) does not plan to get out of the retail power business in 1972 and "is making it tough for any municipal to take over its distribution system."

He said rural members of the Nebraska Generation and Transmission Cooperative are working with Consumers to take over any small towns.

Livingston said municipals want to pool resources and have interconnecting lines to aid in financing adequate generating capacity, but have been blocked by the big power districts.

He said additional power from the Bureau of Reclamation hydro plants on the upper Missouri is available, but the Nebraska Public Power System (NPPS) has refused to wheel the power to the municipalities and has interferred with municipal attempts to obtain Bureau lines.

Lee Blocker of Beatrice, chief spokesman for the municipal power group, said that NPPS, "which should be supplying the leadership for new power supply needs, isn't doing so."

"If NPPS is doing anything, we can't find out about it," he said. "Here we are wondering who is going to build the next 50,000 or 100,000 kilowatt plant in Nebraska."

"The Omaha Public Power District knows what is needed in its service area. It's planning on 1,500,000-KW additional capacity by 1975 and a grid system connecting Chicago, Kansas City, Oklahoma City and New Orleans."

Phelps said the history of Reclamation power has been "too little and too late" with the pie being cut so many ways that no one gets enough to do any good.

He said Grand Island will add 50,000 KW or larger generating capacity by 1967 and is willing to negotiate with any power agency wanting additional power.

Phelps also predicted that Hallam (CPPD), the Rurals, North Platte and Hastings will also be making application of additional generating capacity.

N. L. Sievers of North Platte said that city has a 25-year contract with NPPS for firm power, but said supports the views of the municipalities.

Asked by Board Chairman Clair Callan where a new reclamtaion power line should be built, Sievers said Grand Island was the logical center.

John Foster of Hastings said he thought the municipals could generate their own power cheaper or nearly as cheap as obtaining reclamation power and urged the municipals be given the opportunity to generate, pool and interchange wholesale power.

Blocker said large cities can put in large economical generating units, but small cities are approaching the point where they must pool and interchange to get large economic units.

Chairman Callan urged the municipals and other power agencies to come up with a complete picture of future power needs and feasible solutions with defined areas of agreement and disagreement.

"If we can't get answers we can understand," he suggested, "then this board may have to spend $50,000 or more to get our own engineering study and solution."

Next meeting Set

Callan said the next meeting of the power board would be Aug. 14.

In a morning session, the board put the finishing touches on approved forms which power agencies will use to supply information to the board.

Airlines' Plan Aimed To Bring U.S. Travelers

Washington (AP) — Eleven local-service airlines and Alaska Airlines have filed with the Civil Aeronautics Board a special system-wide fare designed to encourage travelers from abroad to visit more U.S. tourist attractions.

For a fare of $100 effective Sept. 1, the foreign traveler may fly as much as he wishes on the particular airline for a 15-day period. For $200 a system-wide ticket good for 45 days is available.

Family members accompanying the head of a family may travel at a 15-day fare of $50 and a 45-day fare of $100.

Eligibility is limited to persons living more than 100 miles beyond the border of the United States. Tickets must be purchased not later than 30 days after arrival in this country. A free baggage allowance of 66 pounds is provided.

In addition to Alaska Airlines, Seattle, the companies proposing the "Visit USA" fares including Allegheny, Washington, D.C.; Bonanza, Las Vegas, Nev.; Central, Fort Worth, Tex.; Frontier, Denver; Mohawk, Utica, N.Y.; North Central, Minneapolis; Ozark, St. Louis; Piedmont, Winston-Salem, N.C.; Pacific, San Francisco; Southern, Birmingham, Ala.; and West Coast, Seattle.

Niagara Remodeling

Nigara Falls, Ont (AP)—Table Rock House, entrace to the scenic tunnels beneath Niagara Falls, will be remodeled. The project, starting in September and expected to be completed late next year, will cost $767,000.

State Power Board Learns Municipalities Want No 'Big Brother'

By VIRGIL FALLOON
Star Staff Writer

The Nebraska Power Review Board was told Wednesday that the municipalities want the right to serve their own people and area in their own way without interference from the "big brother" public power district.

George Svoboda, attorney for the Fremont public works board, said "the municipals want freedom to interchange, wheel or pool power as the economics of their own market determines."

"Municipal plants and systems have lower rates than power districts spread over large areas," he said. "Bigness doesn't mean cheap power when technical efficiencies get lost in big administrative and labor costs, high-priced public relation programs and political power maneuvers."

Vern Livingston of Nebraska City and Frank Phelps of Grand Island echoed the same feeling at the second in a series of "informational" meetings arranged by the board to determine Nebraska's future power needs.

Svoboda said Consumers Public Power District (CPPD) does not plan to get out of the retail power business in 1972 and "is making it tough for any municipal to take over its distribution system."

He said rural members of the Nebraska Generation and Transmission Cooperative are working with Consumers to take over any small towns.

Livingston said municipals want to pool resources and have interconnecting lines to aid in financing adequate generating capacity, but have been blocked by the big power districts.

He said additional power from the Bureau of Reclamation hydro plants on the upper Missouri is available, but the Nebraska Public Power System (NPPS) has refused to wheel the power to the municipalities and has interferred with municipal attempts to obtain Bureau lines.

Lee Blocker of Beatrice, chief spokesman for the municipal power group, said that NPPS, "which should be supplying the leadership for new power supply needs, isn't doing so."

"If NPPS is doing anything, we can't find out about it," he said. "Here we are wondering who is going to build the next 50,000 or 100,000 kilowatt plant in Nebraska."

"The Omaha Public Power District knows what is needed in its service area. It's planning on 1,500,000-KW additional capacity by 1975 and a grid system connecting Chicago, Kansas City, Oklahoma City and New Orleans."

Phelps said the history of Reclamation power has been "too little and too late" with the pie being cut so many ways that no one gets enough to do any good.

He said Grand Island will add 50,000 KW or larger generating capacity by 1967 and is willing to negotiate with any power agency wanting additional power.

Phelps also predicted that Hallam (CPPD), the Rurals, North Platte and Hastings will also be making application of additional generating capacity.

N. L. Sievers of North Platte said that city has a 25-year contract with NPPS for firm power, but said supports the views of the municipalities.

Asked by Board Chairman Clair Callan where a new reclamtaion power line should be built, Sievers said Grand Island was the logical center.

John Foster of Hastings said he thought the municipals could generate their own power cheaper or nearly as cheap as obtaining reclamation power and urged the municipals be given the opportunity to generate, pool and interchange wholesale power.

Blocker said large cities can put in large economical generating units, but small cities are approaching the point where they must pool and interchange to get large economic units.

Chairman Callan urged the municipals and other power agencies to come up with a complete picture of future power needs and feasible solutions with defined areas of agreement and disagreement.

"If we can't get answers we can understand," he suggested, "then this board may have to spend $50,000 or more to get our own engineering study and solution."

Next meeting Set

Callan said the next meeting of the power board would be Aug. 14.

In a morning session, the board put the finishing touches on approved forms which power agencies will use to supply information to the board.

Airlines' Plan Aimed To Bring U.S. Travelers

Washington (AP) — Eleven local-service airlines and Alaska Airlines have filed with the Civil Aeronautics Board a special system-wide fare designed to encourage travelers from abroad to visit more U.S. tourist attractions.

For a fare of $100 effective Sept. 1, the foreign traveler may fly as much as he wishes on the particular airline for a 15-day period. For $200 a system-wide ticket good for 45 days is available.

Family members accompanying the head of a family may travel at a 15-day fare of $50 and a 45-day fare of $100.

Eligibility is limited to persons living more than 100 miles beyond the border of the United States. Tickets must be purchased not later than 30 days after arrival in this country. A free baggage allowance of 66 pounds is provided.

In addition to Alaska Airlines, Seattle, the companies proposing the "Visit USA" fares including Allegheny, Washington, D.C.; Bonanza, Las Vegas, Nev.; Central, Fort Worth, Tex.; Frontier, Denver; Mohawk, Utica, N.Y.; North Central, Minneapolis; Ozark, St. Louis; Piedmont, Winston-Salem, N.C.; Pacific, San Francisco; Southern, Birmingham, Ala.; and West Coast, Seattle.

Niagara Remodeling

Nigara Falls, Ont (AP)—Table Rock House, entrace to the scenic tunnels beneath Niagara Falls, will be remodeled. The project, starting in September and expected to be completed late next year, will cost $767,000.

Lincoln General To Serve Convalescent Unit

By GERRY SWITZER
Star Staff Writer

The Lincoln Hospital Association Wednesday approved an agreement with Lancaster County for Lincoln General Hospital to provide the new County Convalescent Hospital with all necessary services for operation.

The agreement provides that patients of the convalescent hospital, to be constructed adjacent to Lincoln General, will receive care determined to be adequate by standards established by the county.

Lincoln General will provide all needed care as may be determined and requested by the county excluding the services of the attending physician.

The care will include such specialized therapeutic service as physical and occupational therapy, pharmacy services, food services or other treatment and care as may be required and prescribed by the patient's physician, examinations and diagnostic laboratory tests.

However, the Lincoln hospital will not be required to accept or furnish rooms or facilities in the Convalescent Hospital for any patient requiring acute care or treatment of a general hospital or those patients afflicted with an acute illness or injury.

Committee of 3

The question of admission to the convalescent unit of such patients will be referred to a committee of 3 physicians—one to be selected by the Lincoln Hospital, one by the county and the third by the other two members of the committee.

The county will pay for care and maintenance of persons admitted to the Convalescent Hospital on a per diem basis for general services, which is estimated at $9.

The county is now paying $24.50 per day for such patients at the regular rate in the 3 Lincoln accredited hospitals.

The per diem cost for Convalescent Hospital patients will be determined by dividing the total actual costs of component services including nursing care, food service, housekeeping, laundry, linen service, and administration.

Actual Cost

The agreement also provides that charges for special services to the county convalescent unit shall be billed on each individual patient as requisitions by proper medical authority for such patient at actual cost to the hospital in accordance with fee schedules set by the State Department of Public Welfare. These services include pharmacy, laboratory, physical and occupational therapy and central supply.

The cost of heating and air conditioning shall be computed at a rate not greater than that established by commercial firms in Lincoln providing such services.

The agreement becomes effective when the county building is ready for occupancy.

Lincoln General Board Again Picks Shurtleff As President

The Lincoln General Hospital board of trustees Wednesday re-elected Donald Shurtleff president.

Shurtleff

Other officers re-elected are: Paul C. Schorr Jr., vice president; Mrs. Helen Boosalis, secretary, and Harry R. Haynie, treasurer.

In other business, the board assigned the hospital's medical staff the responsibility of a recommendation for staffing the emergency room service after Sept. 1.

After that time, the hospital will be without any interns and the only resident physician will be specializing in obstetrics.

Chief of Staff Dr. Robert Stein suggested having a group of general practitioners and specialists on call in the emergency room for a specified period.

He said that he felt there should be one or two physicians hired on a full-time basis to be in charge of the emergency room.

Just having a physician there to give the patient some confidence, regardless of his specialty, is good public relations, Dr. Stein noted.

He emphasized that specialists are still physicians and can attend the emergency patient.

Mosquito Program Will Get Further Study By Officials

The City-County Health Department's recommended mosquito abatement program costing $122,000 annually for the next 10 years was reviewed Wednesday by city and county officials.

Mayor Dean Petersen and County Board Chairman Ralph Harlan indicated the department's report would be given further study and another meeting held next week.

Health officials outlined this basic program:

—formation of a City-County Mosquito Abatement-Coordination Agency (MACA) with a $65,000 budget and functioning to provide "prompt relief from mosquitoes" with such temporary measures as larvaciding and expedient drainage work.

—formation of a Mosquito Surveillance Section within the health department with a $12,000 budget for county-wide surveillance work.

Permanent Work

— allocation of $45,000 among city and county operating departments for permanent abatement work through drainage and other projects on public land.

Les Sanger, environmental health chief, said this program could provide prompt temporary relief and long-range permanent control work at this level of spending over a 10-year period.

As permanent abatement work was accomplished at $45,000 annually through the existing operating departments, the cost of temporary control measures would decrease with the surplus channeled into permanent abatement measures.

Dr. George R. Underwood, health director, said because of the land formation and saline (salt) water in the Lincoln metropolitan area, "we have a type of mosquito that is a vicious biter as well as a potential carrier of encephalitis.

"We had the floodwater-type of mosquito in the billions during a 3 week period, but this disease-carrier type has continued on a more or less constant level," he added.

Cuba Orders U.S. Embassy Building Grab

Havana (AP)—Prime Minister Fidel Castro's government Wednesday ordered the confiscation of the American embassy building in Havana as retaliation for the freezing of Cuban assets in the United States.

A Western diplomat here called it "a most serious violation of international law."

The midnight decree also called for seizure by Cuba of all furniture and equipment in the building.

The Swiss embassy, which has been handling American interests here, was completely taken by surprise. The Swiss have been using the building for tasks connected with this.

The Swiss said they had been asked to vacate as soon as possible, but declined other comment pending instructions from their government.

Polio Bill Introduced

Paris (AP) — The government has introduced a bill in the National Assembly providing for free compulsory anti-polio vaccinations. Raymond Marcellin, health minister, reported an annual average of 2,000 new cases of polio in France since 1958.

Fremonter Fined $96 For 16 Unpaid Traffic Tickets

Omaha (AP) — A Fremont motorist, Merrill Gustav Carlson, was fined $96 Wednesday when he was arrested with 16 unpaid traffic tickets on his record.

Carlson protested that he understood those with delinquent tickets from surrounding counties were being permitted to come in voluntarily this week and pay their tickets without additional penalties.

Municipal Judge L. Ross Newkirk observed that "you don't look very voluntary standing there with that policeman beside you." But he cut the fine from $5 to $2 plus costs on each ticket.

The total on fines in the drive went to $66,377 and the total number of tickets paid rose to 27,002.

How Come This Convention Isn't In Twin Cities?

Mrs. Glenda Halvorsen, treasurer of the Lincoln Twins Parents Club, is a candidate for corresponding secretary of the U.S. Twins Parents Association.

The national convention is being held in Indianapolis.

Three Lincoln women, all mothers of twins, are attending. They are Mrs. Halvorsen, club secretary Mrs. Gertrude Burden and Mrs. Doris Neeman.

Mrs. Burden said an effort would be made to bring next year's national convention to Lincoln.

ORDER SHOTS FOR TRAVELERS FROM POLAND

Bonn, Germany (AP)—A precautionary smallpox vaccination was ordered for all persons traveling to or from Poland, the West German health minister reported Wednesday.

New cases of smallpox in the Polish city of Wroclav (Breslau) caused the ministry to issue the order.

In Poland the ministry of health said a Pole who had traveled to India brought the disease back with him to Wroclav.

Three persons have died of smallpox in the city and 18 were said to have been infected.

'Flying Saucer Visits England'

. . . OR WAS IT OLD BOMB?

London (AP) — There's a mystery about a big hole in farmer Roy Blanchard's potato patch and two members of Parliament said Wednesday they intend to uncover it. They will ask Parliament to demand an investigation as to whether it was made by an old World War II bomb—or a flying saucer.

The 8-foot crater appeared 10 days ago near the village of Charlton (Pop. 423) in Wiltshire. No one has any firm idea of what caused it—but there are plenty of theories.

Was it a meteorite? Or was it what the army says

BRITISH SOLDIERS . . . check on big hole.

it may have been—a delayed action bomb dropped during World War II which exploded recently due to deterioration?

From Uranus?

The army bomb disposal unit was joined on the site by Dr. Robert Randall, an Australian astro-physicist, who claimed the crater was caused by something entirely different—a flying saucer, probably from the planet Uranus.

Randall's theory was that a flying saucer 500 feet across and weighing 600 tons with a crew of about 50 force-landed on tripod suction feet after its solar batteries failed. He said he thought it made a bumpy touchdown for repairs and that part of one of its tripod legs may have broken off in the crater.

Britain's top scientific body, the Royal Society, said Dr. Randall was not a fellow of the society, and it had no information about him.

Blanchard watched the army experts digging deeper and deeper into his 22-acre potato field and glanced across to the adjoining field where a 50-feet diameter circle of barley had been beaten down.

"As far as I'm concerned," he said, "something strange landed in those fields. And when it took off again, some of my potatoes and barley went with it."

Army bomb disposal units were called by police investigating two irregularly shaped 16-foot craters several feet deep discovered on hilly ground 21 miles south of Dunbar, Scotland.

These craters—12 feet apart—had 12 grooves radiating outward from them. Another odd aspect was that 35 feet from the craters there were a series of square holes one foot wide and two feet deep.

Laborite Roy Mason will ask the air minister Thursday "If he will have an examination made of the crater and other evidence at Charlton to assess the possibility of its having been made by an unidentified flying object."

Conservative Patrick Wall will ask the war minister Friday about the findings of army experts examining the crater. He also wants to know "what evidence there is as to whether this crater was made from an extra-terrestrial source."

Joe Stalin's Favorite Artist, Alexander Gerasimov, Dies

Moscow (AP) — Stalin's favorite artist, Alexander Gerasimov, died Tuesday at the age of 82, Izvestia reported Wednesday.

He painted a long series of oil and water color portraits of the late dictator which won him the Order of Lenin, the Order of the Red Banner of Labor, 4 Stalin Prizes and a seat in parliament.

Gerasimov was president of the Academy of Arts when Stalin died in March, 1953, and hung on to the post until 1956 when he was dropped as a symbol of repressive artistic policies.

Out of favor with the new regime of Premier Khrushchev, Gerasimov turned to the West for customers. He painted numerous portraits of Western diplomatic and journalistic families in Moscow and became quite popular in the circles he once decried.

Perhaps his best known picture of this period was a portrait he did during a visit to New Delhi of Indian Prime Minister Nehru.

Earlier, during World War II, he had painted President Roosevelt and British Prime Minister Churchill with Stalin at the Tehran Conference.

At one time Gerasimov's works hung in all major Soviet museums and public buildings. But, with rare exceptions, they have been removed as part of the de-Stalinization campaign.

Proposed Garden Hospital Rejected

Oshkosh (AP)—Garden County voters in a special election rejected a $190,000 bond issue for a Garden County Community Hospital. The vote was 558 against the proposal and 442 for it.

Oshkosh voted about 2-1 in favor of the hospital bonds, but Lewellen rejected it 336 to 17.

'Flying Saucer Visits England'

. . . OR WAS IT OLD BOMB?

London (AP) — There's a mystery about a big hole in farmer Roy Blanchard's potato patch and two members of Parliament said Wednesday they intend to uncover it. They will ask Parliament to demand an investigation as to whether it was made by an old World War II bomb—or a flying saucer.

The 8-foot crater appeared 10 days ago near the village of Charlton (Pop. 423) in Wiltshire. No one has any firm idea of what caused it—but there are plenty of theories.

Was it a meteorite? Or was it what the army says

BRITISH SOLDIERS . . . check on big hole.

it may have been—a delayed action bomb dropped during World War II which exploded recently due to deterioration?

From Uranus?

The army bomb disposal unit was joined on the site by Dr. Robert Randall, an Australian astro-physicist, who claimed the crater was caused by something entirely different—a flying saucer, probably from the planet Uranus.

Randall's theory was that a flying saucer 500 feet across and weighing 600 tons with a crew of about 50 force-landed on tripod suction feet after its solar batteries failed. He said he thought it made a bumpy touchdown for repairs and that part of one of its tripod legs may have broken off in the crater.

Britain's top scientific body, the Royal Society, said Dr. Randall was not a fellow of the society, and it had no information about him.

Blanchard watched the army experts digging deeper and deeper into his 22-acre potato field, and glanced across to the adjoining field where a 50-feet diameter circle of barley had been beaten down.

"As far as I'm concerned," he said, "something strange landed in those fields. And when it took off again, some of my potatoes and barley went with it."

Army bomb disposal units were called by police investigating two irregularly shaped 16-foot craters several feet deep discovered on hilly ground 21 miles south of Dunbar, Scotland.

These craters—12 feet apart—had 12 grooves radiating outward from them. Another odd aspect was that 35 feet from the craters there were a series of square holes one foot wide and two feet deep.

Laborite Roy Mason will ask the air minister Thursday "If he will have an examination made of the crater and other evidence at Charlton to assess the possibility of its having been made by an unidentified flying object."

Conservative Patrick Wall will ask the war minister Friday about the findings of army experts examining the crater. He also wants to know "what evidence there is as to whether this crater was made from an extra-terrestrial source."

Joe Stalin's Favorite Artist, Alexander Gerasimov, Dies

Moscow (AP) — Stalin's favorite artist, Alexander Gerasimov, died Tuesday at the age of 82, Izvestia reported Wednesday.

He painted a long series of oil and water color portraits of the late dictator which won him the Order of Lenin, the Order of the Red Banner of Labor, 4 Stalin Prizes and a seat in parliament.

Gerasimov was president of the Academy of Arts when Stalin died in March, 1953, and hung on to the post until 1956 when he was dropped as a symbol of repressive artistic policies.

Out of favor with the new regime of Premier Khrushchev, Gerasimov turned to the West for customers. He painted numerous portraits of Western diplomatic and journalistic families in Moscow and became quite popular in the circles he once decried.

Perhaps his best known picture of this period was a portrait he did during a visit to New Delhi of Indian Prime Minister Nehru.

Earlier, during World War II, he had painted President Roosevelt and British Prime Minister Churchill with Stalin at the Tehran Conference.

At one time Gerasimov's works hung in all major Soviet museums and public buildings. But, with rare exceptions, they have been removed as part of the de-Stalinization campaign.

Proposed Garden Hospital Rejected

Oshkosh (AP)—Garden County voters in a special election rejected a $190,000 bond issue for a Garden County Community Hospital. The vote was 558 against the proposal and 442 for it.

Oshkosh voted about 2-1 in favor of the hospital bonds, but Lewellen rejected it 336 to 17.

GHANA OFFICIAL CALLS FOR U.N. SUSPENSION OF PORTUGAL

United Nations, N.Y. (AP) — Ghana told the Security Council Wednesday it should suspend Portugal from U.N. membership unless Portugal acted by mid-September to end alleged repression in Angola.

Portugal denied there was such repression in its African colony and invited 4 African cabinet ministers present to go to Angola and Mozambique, see things for themselves and talk with the Portuguese about African problems.

Their speeches highlighted the third day of the 11-nation council debate on the situation in Portuguese African territories, started by request of 32 African countries.

Accused

Ghanaian chief delegate Alex Quaison-Sackey accused Portugal of ignoring the council's 1961 resolution calling on her to "desist forthwith from repressive measures" in Angola, then the scene of a rebellion.

He urged that the council decide how to suspend Portugal from the rights and privileges of U.N. membership unless by the time the General Assembly met next Sept. 17, "positive steps have been taken by Portugal to give effect to the decisions of this council."

U.N. Charter Article 5 says the General Assembly, on the council's recommendation, may vote such a suspension against any U.N. member subjected by the council to preventive or enforcement action.

Seeks Action

Quaison-Sackey sought enforcement action. He urged the council to lay "a total embargo on all supplies of arms, munitions and strategic materials destined for Portugal" and to ask all countries to withhold all aid "likely to be used by Portugal in pursuing its colonial policy."

He said the council should decide also that Portugal should take immediate steps to negotiate with African political parties "to determine the modalities of the transfer of power to Africans." He declared that firm action by the council was "the only way to avoid an open conflict between Portugal and the African states."

Portuguese Foreign Minister Alberto Franco Nogueira said the rebels in Angola in 1961 were "foreigners or represented foreign interests," and had got help from Ghana, Tunisia and the neighboring Congo. He denied that the rebellion was a genuine nationalist movement.

President's Wife Won't Use Otis Air Force Base Hospital

Washington (AP) — Presidential Press Secretary Pierre Salinger said Wednesday no special preparations have been made for Mrs. John F. Kennedy to have her expected third baby anywhere but at Walter Reed Army Hospital in Washington.

He refuted stories that a special 7- or 8-room suite had been repainted and spruced up for possible use by Mrs. Kennedy at Otis Air Force Base Hospital in Massachusetts.

Mrs. Kennedy's obstetrician, Dr. John W. Walsh of Washington, is in Hyannis Port on vacation not far from Mrs. Kennedy's summer home and plans to remain there through August. This added fuel to speculation that the First Lady might be planning to have the baby on Cape Cod.

The White House has said that Mrs. Kennedy expects to have her child by caesarean section the last week in August at Walter Reed.

Salinger brought up the matter at his morning news briefing, saying:

"I want to state again for the record that the child is going to be born at Walter Reed Hospital."

He said it is "absolutely untrue" that a suite had been refurnished or repainted for Mrs. Kennedy and said only that "maybe they washed down the walls or something."

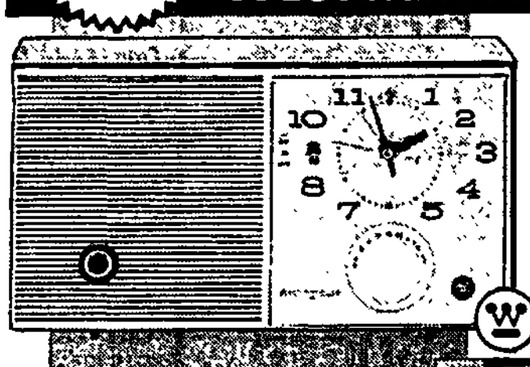

Apology To Cuban

London (AP) — The British government apologized for a roughing up Cuban Ambassador Federico de Cordova said he suffered at the hands of a group calling itself the Federation of London Anarchists.

GHANA OFFICIAL CALLS FOR U.N. SUSPENSION OF PORTUGAL

United Nations, N.Y. (AP) — Ghana told the Security Council Wednesday it should suspend Portugal from U.N. membership unless Portugal acted by mid-September to end alleged repression in Angola.

Portugal denied there was such repression in its African colony and invited 4 African cabinet ministers present to go to Angola and Mozambique, see things for themselves and talk with the Portuguese about African problems.

Their speeches highlighted the third day of the 11-nation council debate on the situation in Portuguese African territories, started by request of 32 African countries.

Accused

Ghanaian chief delegate Alex Quaison-Sackey accused Portugal of ignoring the council's 1961 resolution calling on her to "desist forthwith from repressive measures" in Angola, then the scene of a rebellion.

He urged that the council decide how to suspend Portugal from the rights and privileges of U.N. membership unless by the time the General Assembly met next Sept. 17, "positive steps have been taken by Portugal to give effect to the decisions of this council."

U.N. Charter Article 5 says the General Assembly, on the council's recommendation, may vote such a suspension against any U.N. member subjected by the council to preventive or enforcement action.

Seeks Action

Quaison-Sackey sought enforcement action. He urged the council to lay "a total embargo on all supplies of arms, munitions and strategic materials destined for Portugal" and to ask all countries to withhold all aid "likely to be used by Portugal in pursuing its colonial policy."

He said the council should decide also that Portugal should take immediate steps to negotiate with African political parties "to determine the modalities of the transfer of power to Africans." He declared that firm action by the council was "the only way to avoid an open conflict between Portugal and the African states."

Portuguese Foreign Minister Alberto Franco Nogueira said the rebels in Angola in 1961 were "foreigners or represented foreign interests," and had got help from Ghana, Tunisia and the neighboring Congo. He denied that the rebellion was a genuine nationalist movement.

President's Wife Won't Use Otis Air Force Base Hospital

Washington (AP) — Presidential Press Secretary Pierre Salinger said Wednesday no special preparations have been made for Mrs. John F. Kennedy to have her expected third baby anywhere but at Walter Reed Army Hospital in Washington.

He refuted stories that a special 7- or 8-room suite had been repainted and spruced up for possible use by Mrs. Kennedy at Otis Air Force Base Hospital in Massachusetts.

Mrs. Kennedy's obstetrician, Dr. John W. Walsh of Washington, is in Hyannis Port on vacation not far from Mrs. Kennedy's summer home and plans to remain there through August. This added fuel to speculation that the First Lady might be planning to have the baby on Cape Cod.

The White House has said that Mrs. Kennedy expects to have her child by caesarean section the last week in August at Walter Reed.

Salinger brought up the matter at his morning news briefing, saying:

"I want to state again for the record that the child is going to be born at Walter Reed Hospital."

He said it is "absolutely untrue" that a suite had been refurnished or repainted for Mrs. Kennedy and said only that "maybe they washed down the walls or something."

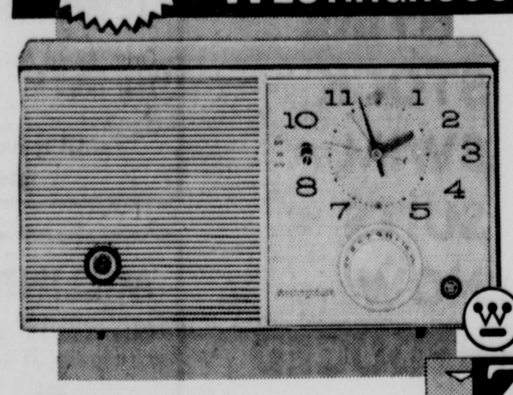

Apology To Cuban

London (AP) — The British government apologized for a roughing up Cuban Ambassador Federico de Cordova said he suffered at the hands of a group calling itself the Federation of London Anarchists.

LIFE BEGINS AT FORTY:

Chief Problems In Retirement Are Moral And Spiritual Ones

By ROBERT PETERSON

Judging from the clamor of older people for plumper pensions and stouter social security, one gets the impression that money is the chief problem in retirement.

But one of the nation's top authorities on retirement, Dr. Robert Havighurst, of the University of Chicago, says firmly, "The greatest disadvantage of retirement is a moral and spiritual one, not an economic one.

"Retirement is a crisis in the meaningful use of time. It forces a person to shift his major activity out of customary work roles, and to search for satisfaction in other roles still open to him as homemaker, parent, spouse, citizen, friend, association member, churchgoer and user of leisure time.

"If work were regarded as drudgery and as unfitting for free men, there would be less of a problem in retirement. But most people have favorable attitudes toward work."

He's right. Most men and women respect work and find pleasure in it. They are thus reluctant to retire and find it extremely difficult to secure substitute satisfactions from non-working roles. Of course insufficient income is a grave and real problem for some elders. But most retirees are better endowed with money than with the ability to use leisure time in a fully satisfying manner.

☆ ☆

Many folks 65 and over have chosen to retire simply because they figure it isn't worthwhile to continue on the job. Here's a letter from a service manager, 66, who says he earns $6,600 a year but plans to quit next month.

"If I continue working, it will continue to cost me about $1,100 a year in taxes, and $400 a year for carfare, lunches and other work expenses. That leaves just $5,300 in take home pay.

"But if I retire my company pension plus Social Security will give me a total of $3,900 — with no taxes.

"I enjoy my work," he concludes, "but it seems foolish to work full-time for what adds up to just $1,400 more a year than I'd get by not working."

His is a dilemma that many men of retirement age face. Although they enjoy their work and are not subject to mandatory retirement, their sense of logic tells them it's a bit pointless to work when they can get pensions nearly equal to their present take-home pay by not working.

It's only after they retire that they may become aware that purposeful labor is often such a potent source of satisfaction that one may be justified in paying for the privilege of engaging in it.

☆ ☆ ☆

Every age produces an array of inventions to make men marvel. But it's doubtful if any period in history has seen the appearance of so many startling new wonders as the past few decades. I was sitting here contemplating miraculous developments never even heard of when I left high school more than a quarter of a century ago. And without really trying I jotted down antibiotics, jet planes, television, long distance dialing, long playing records, transistor radios, frozen foods, supermarkets, discount houses, stereophonic hi-fi, nuclear power, satellites, cinerama and automatic pinsetters.

Jerry Atrick says, "Too many women think that by trying to improve on Mother Nature, they are fooling Father Time."

If you would like a booklet "Starting a Travel Club for Older People" write to this column c o The Lincoln Star enclosing a stamped, self addressed envelope and 10 cents to cover handling costs.

ANGEL

By Mel Casson

"Yes, they are pretty—and they're grown by the man chasing me!"

37% At NWU Received Some Financial Help

Thirty-seven per cent of Nebraska Wesleyan University students received some form of financial assistance during the past school year.

Warren Parker, director of student financial aids, said this figure is slightly above the average for private, liberal arts colleges.

More than $104,000 in scholarships and loans were granted to 403 students, he said. This excludes financial aid through work opportunities.

The newly-created United Student Aids load program provided $6,600 in loans to 14 people and 90 persons received $36,900 in loans from the National Defense Loan Fund, Parker said.

Scholarship Awarded To Holdrege Student

Bruce Peterson, Holdrege junior at Nebraska Wesleyan University, has received the $200 Kenneth McKibbin Phi Kappa Tau scholarship for next fall.

Bruce, son of Mr. and Mrs Tannis Peterson, is a political science major.

Picnic Slated For Wesleyan Alumni In Chicago Area

Chicago area alumni of Nebraska Wesleyan University in Lincoln will hold a summer meeting August 18 in Bensenville, Ill.

The family picnic is set for the home of Dr. and Mrs. Paul Copeland (17 W. Oak Lane). Alumni, parents of NWU students, friends and prospective students are invited.

Chicago area alumni officers are Blaine Rieke, Chicago, president; LeRoy Willoughby, Highland Park, vice president and Judy Jones Dye, Evanston, secretary-treasurer.

National VFW Honor Goes To Ogallala Man

Ogallala (AP)—John Kercher, who served as commander of Ogallala VFW post 3755 the past year, has received notification of his selection as a national VFW all-American post commander.

Only about a dozen post commanders across the nation receive the national VFW honor.

Kercher's post was cited for the greatest membership gain in the state the past year, going from 460 members to 560, making it one of the largest posts in the state

School Budget Up

Stromsburg — The Stromsburg school budget is almost $35,000 higher for the coming year and is expected to hike the mill levy about 5%. Increased teachers' salaries plus fuel costs are blamed for the higher figure.

LIFE BEGINS AT FORTY:

Chief Problems In Retirement Are Moral And Spiritual Ones

By ROBERT PETERSON

Judging from the clamor of older people for plumper pensions and stouter social security, one gets the impression that money is the chief problem in retirement.

But one of the nation's top authorities on retirement, Dr. Robert Havighurst, of the University of Chicago, says firmly, "The greatest disadvantage of retirement is a moral and spiritual one, not an economic one.

"Retirement is a crisis in the meaningful use of time. It forces a person to shift his major activity out of customary work roles, and to search for satisfaction in other roles still open to him as homemaker, parent, spouse, citizen, friend, association member, churchgoer and user of leisure time.

"If work were regarded as drudgery and as unfitting for free men, there would be less of a problem in retirement. But most people have favorable attitudes toward work."

He's right. Most men and women respect work and find pleasure in it. They are thus reluctant to retire and find it extremely difficult to secure substitute satisfactions from non-working roles. Of course insufficient income is a grave and real problem for some elders. But most retirees are better endowed with money than with the ability to use leisure time in a fully satisfying manner.

☆ ☆ ☆

Many folks 65 and over have chosen to retire simply because they figure it isn't worthwhile to continue on the job. Here's a letter from a service manager, 66, who says he earns $6,800 a year but plans to quit next month.

"If I continue working, it will continue to cost me about $1,100 a year in taxes, and $400 a year for carfare, lunches and other work expenses. That leaves just $5,300 in take home pay.

"But if I retire my company pension plus Social Security will give me a total of $3,900 — with no taxes.

"I enjoy my work," he concludes, "but it seems foolish to work full-time for what adds up to just $1,400 more a year than I'd get by not working."

His is a dilemma that many men of retirement age face. Although they enjoy their work and are not subject to mandatory retirement, their sense of logic tells them it's a bit pointless to work when they can get pensions nearly equal to their present take-home pay by not working.

It's only after they retire that they may become aware that purposeful labor is often such a potent source of satisfaction that one may be justified in paying for the privilege of engaging in it.

☆ ☆ ☆

Every age produces an array of inventions to make men marvel. But it's doubtful if any period in history has seen the appearance of so many startling new wonders as the past few decades. I was sitting here contemplating miraculous developments never even heard of when I left high school more than a quarter of a century ago. And without really trying I jotted down antibiotics, jet planes, television, long distance dialing, long playing records, transistor radios, frozen foods, supermarkets, discount houses, stereophonic hi-fi, nuclear power, satellites, cinerama and automatic pinsetters.

Jerry Atrick says, "Too many women think that by trying to improve on Mother Nature, they are fooling Father Time."

If you would like a booklet "Starting a Travel Club for Older People" write to this column c/o The Lincoln Star enclosing a stamped, self-addressed envelope and 10 cents to cover handling costs.

ANGEL

By Mel Casson

"Yes, they are pretty—and they're grown by the man chasing me!"

37% At NWU Received Some Financial Help

Thirty-seven per cent of Nebraska Wesleyan University students received some form of financial assistance during the past school year.

Warren Parker, director of student financial aids, said this figure is slightly above the average for private, liberal arts colleges.

More than $104,000 in scholarships and loans were granted to 403 students, he said. This excludes financial aid through work opportunities.

The newly-created United Student Aids load program provided $6,600 in loans to 14 people and 90 persons received $36,900 in loans from the National Defense Loan Fund, Parker said.

Scholarship Awarded To Holdrege Student

Bruce Peterson, Holdrege junior at Nebraska Wesleyan University, has received the $200 Kenneth McKibbin Phi Kappa Tau scholarship for next fall.

Bruce, son of Mr. and Mrs. Tannis Peterson, is a political science major.

A spatter of rain is falling along the green Galicia coast of Spain. Below the river bridge — (it is decorated with the scallop shells of St. James, for this was the pilgrims' road to the burial place of the Apostle) —there is a statue of the fisherman's wife: "La Mujer del Emigrante."

"The wife of the emigrant," the man who filled my gas tank explained. "For the men of Galicia — the gallegos — were great emigrants. Here his wife stands in stone. Casting a message into the waves to carry across the sea."

He said, naturally, the first emigrants sailed with Columbus. That eventful August 3 in 1492. The three ships carried 88 in all. But the voyagers with Columbus have become something like the crew of Kennedy's PT boat — they tend to expand in numbers.

* * *

It is sea-faring country. The river Lerez widens in a V-shaped, blue bay. It is lined with gray stone villages where brown fishing nets hang on stone walls.

There are coves with good beaches. The scallop shells of St. James lie on them in beds 6 inches deep. A handy gift of the sea. They are sold by the thousands to pilgrims to the shrine at Compostella as they have since the year 811. And each year, the Atlantic sends up a fresh supply.

The most elegant hotel — the only luxury hotel in Galicia — is on the sandy island of La Toja.

I drove through the fishing villages. Through narrow streets of medieval towns. Past the crumbling Sotomayor castle whose nail-studded great doors seem about to open, letting loose knights in armor and long-haired pikemen.

You come onto La Toja across a sandy causeway.

It is an island of thin pines and no beach at all. And why a fine hotel should be built here (in a land of castle and villages still in the Middle Ages) I can't figure.

The waiter said it was the waters.

"The waters of La Toja cure everything."

You can pick up a brochure on this and it is true. It says the waters cure gout and arthritis, rheumatism, nervousness and all stomach troubles. It does for women what Lydia Pinkham tried to do.

It is good for the aged and a boon to infants.

La Toja is strictly in the Grand Hotel manner. The concierge had been poured gently into his uniform. The clerks speak all languages.

The lobby is marble. The grounds have been barbered by gardeners with delicate appreciation.

A fine terrace overlooks the sheltering hook of bay. Small boats were sailing on a breeze that might have been blown to order by a Hollywood wind machine.

The rooms were vintage early 1900 with modern plumbing. And the price schedule—(required to be posted by law)—said that a room for two with three meals cost $20 a day. (This is fairly high for Spain.)

* * *

I had a drink on the terrace and drove back to a little fishing village and parked on the stone mole. A little priest came out of the house across the way and said certainly, park there. And was I a stranger? From La Toja?

"Is it true they charge 300 pesetas a day there?" he asked.

I said no, it was 1200 pesetas a day. He whistled. "What a rich life! I pay for my house 100 pesetas a month. Pretty poor, no?"

He pointed out the local restaurants and recommended the baked sardines.

Yes, he said, several of the sailors with Cristobal Colon had come from this very village.

"All the poor gallegos must go somewhere else to find a living, "he said. "The rich come here to LaToja and we —we are the emigrants.

A spatter of rain is falling along the green Galicia coast of Spain. Below the river bridge — it is decorated with the scallop shells of St. James. For this was the pilgrims' road to the burial place of the Apostle — there is a statie of the fisherman's wife: "La Mujer del Emigrante."

"The wife of the emigrant," the man who filled my gas tank explained. "For the men of Galicia — the gallegos — were great emigrants. Here his wife stands in stone. Casting a message into the waves to carry across the sea."

He said, naturally, the first emigrants sailed with Columbus. That eventful August 3 in 1492. The three ships carried 88 in all. But the voyagers with Columbus have become something like the crew of Kennedy's PT boat — they tend to expand in numbers.

☆ ☆ ☆

It is sea-faring country. The river Lerez widens in a V-shaped, blue bay. It is lined with gray stone villages where brown fishing nets hang on stone walls.

There are coves with good beaches. The scallop shells of St. James lie on them in beds 6 inches deep. A handy gift of the sea. They are sold by the thousands to pilgrims to the shrine at Compostella as they have since the year 811. And each year, the Atlantic sends up a fresh supply.

The most elegant hotel — the only luxury hotel in Galicia — is on the sandy island of La Toja.

I drove through the fishing villages. Through narrow streets of medieval towns. Past the crumbling Sotomayor castle whose nail-studded great doors seem about to open, letting loose knights in armor and long-haired pikemen.

You come onto La Toja across a sandy causeway.

It is an island of thin pines and no beach at all. And why a fine hotel should be built here in a land of castle and villages still in the Middle Ages) I can't figure.

Red Ferment, Economic Crisis Main Problems

By NANCY RAY
Star Staff Writer

Economic crisis, communist ferment and the "wrong kind" of U.S. intervention are plaguing the Latin American countries today Costa Rican Ambassador Gonzalo Facio reported to a University of Nebraska convocation audience Wednesday.

Facio, here for the annual NU Pan American Fiesta at the university, forecast that the long-range solutions for Latin American countries will require more than action by military strength and "emotional denunciations and flamboyant public speeches."

"The real job to be done is of the heart, not of the trigger," Facio said, stressing that even the much hoped-for overthrow of the Castro regime in Cuba will not end the problems of Latin America.

Praising the goals of the Alliance for Progress as "an offer of the United States government to underwrite the social revolution that Latin America is needing," Facio commented that "We risk failure if we continue to forget what is the ultimate goal of the Alliance. It is a revolution against the scourge of hunger, disease and illiteracy."

"The Latin American people, as the people of all the underdeveloped areas of the world, have awakened to the potentialities of a better life . . ." he said.

Advances in communications "have put an end to the isolation in which extensive sectors of our populations were living, resigned to their misery because they did not know that in other regions their fellow men have the opportunity to live a decent life."

"This thrust for a better life is the fabric of the world-wide Revolution of Rising Expectations, a revolutionary surge that overshadows all other factors in the political life of the Republics south of your border," Facio explained.

A major threat to Alliance progress, Facio said, is the "oligarchy" composed of landowning aristocracy and the new moneyed merchant class," who are dedicating their powerful political and financial resources to frustrate the Alliance "in the name of free enterprise and foreign private investments."

"Free enterprise," Facio explained, is associated by many Latin Americans with the backward and feudal capitalism of Europe more than 100 years ago—"an exploitive and unprogressive capitalism."

Noting that "several prominent U.S. business leaders" were urging the Alliance "become the chosen instrument for private enterprise," Facio stressed that this "is bound to invoke resentment, cynicism and a propaganda field day throughout Latin America."

"We don't want the fast buck operator. We want, we solicit, we extend our hearts to a sophisticated investment capital, which will grow with us, share with us our heartbreaks and our triumphs," he explained.

Turning to the Cuban threat, Facio reviewed the history of the Castro democratic revolution, noting that when "the Castro regime was not able to show any real economic or social gain" the earlier "popular appeal of Castro's brand of revolution started to decline, even among the people who remained in the island, including the militia and the rebel army."

Facio warned, however, that "an open invasion of Cuba by the United States or any other outside power would have a tremendous negative reaction" in Latin America.

An internal revolution "might break a few international laws," it had much historical precedent, including the U.S.'s own backing by France during the Revolutionary War.

Latin American countries are also threatened by a continuing decline in export product prices, Facio said, due mainly to African competition in the coffee market.

This thrust for a better life is the fabric of the worldwide Revolution of Rising Expectations, a revolutionary surge that overshadows all other factors in the political life of the Republics south of your border," Facio explained.

A major threat to Alliance progress, Facio said, is the "oligarchy" composed of landowning aristocracy and the new moneyed merchant class," who are dedicating their powerful political and financial resources to frustrate the Alliance "in the name of free enterprise and foreign private investments."

"Free enterprise," Facio explained, is associated by many Latin Americans with the backward and feudal capitalism of Europe more than 100 years ago—"an exploitive and unprogressive capitalism."

Noting that "several prominent U.S. business leaders" were urging the Alliance "become the chosen instrument for private enterprise," Facio stressed that this "is bound to invoke resentment, cynicism and a propaganda field day throughout Latin America."

"We don't want the fast buck operator. We want, we solicit, we extend our hearts to a sophisticated investment capital, which will grow with us, share with us our heartbreaks and our triumphs," he explained.

Turning to the Cuban threat, Facio reviewed the history of the Castro democratic revolution, noting that when "the Castro regime was not able to show any real economic or social gain" the earlier "popular appeal of Castro's brand of revolution started to decline, even among the people who remained in the island, including the militia and the rebel army."

Facio warned, however, that "an open invasion of Cuba by the United States or any other outside power would have a tremendous negative reaction" in Latin America.

An internal uprising, backed by the U.S. and Latin America, would be welcomed and supported by the OAS countries, Facio said at a news conference.

He went on to explain that while indirect American aid to an internal revolution "might break a few international laws," it had much historical precedent, including the U.S.'s own backing by France during the Revolutionary War.

Latin American countries are also threatened by a continuing decline in export product prices, Facio said, due mainly to African competition in the coffee market.

Soviet Denounces Chinese As Enemies

Moscow (UPI) — The Soviet Defense Ministry Wednesday denounced the Red Chinese as "enemies" who are trying to incite the Soviet people against the Communist Party and shake their confidence in the Kremlin leadership.

It was the first time since the bitter Sino-Soviet idealogical dispute erupted that the Communist Chinese were publicly branded "enemies" of the U.S.S.R.

The attack came in "Communist of The Armed Forces," the official monthly publication of the defense ministry.

"Our enemies well understand that the strength of the party lies in its unity with the masses and the strength of the people lies in the leadership for which reason they are aiming their poisoned ideological arrows principally at the party," the magazine said.

Premier Nikita S. Khrushchev himself has confirmed that Peking had demanded his ouster from power as the price for peace in the dispute which has divided the Communist world.

The authoritative political organ of the armed forces said "unfortunately the Albanian leaders supported by the leadership of the Chinese Party have slandered our party . . . they are slandering our Communist Party and its leaders with all their strength and are trying to shake confidence in them and weaken the confidence of Soviet people in the correct policy of the Central Committee of the Communist Party of the Soviet Union."

At the same time, the governmet newspaper, Izvestia, compared the Chinese "dogmatists and sectarians," who deny the horrors of nuclear war with "ultra reactionary, militant aggressive imperialist circles."

"They and the others," Izvestia said, "openly talk about the inevitability of war . . . and deny its particularly . . . and deny its particularly destructive catastrophic character."

Izvestia placed the Red Chinese in the same category as the"reactionary American atom monger Professor (Edward) Teller," and with New York Gov. Nelson Rockefeller.

Teller and Rockefeller were reported by the newspaper to br propagandizing the view that the American economy will survive a nuclear war and will be easily restored.

Similarly the newspaper said the Chinese Communists profess to believe that "on the ruins of the dead imperialism, the triumphant people will soon build a civilization a thousand times higher than the capitalist system."

"Such assessment of the prospects of war has nothing in common with socialism humanism and a sober realistic analysis of historical circumstances," the paper declared.

Buddhists Issue Veiled Call For Diem To Quit

Saigon (UPI) — Buddhist leaders Wednesday issued a veiled call for President Ngo Dinh Diem to step down in favor of a government that would be more sympathetic to South Viet Nam's Buddhist majority.

A Buddhist spokesman indicated removal of Diem—a Roman Catholic—would clear the way for settlement of the nation's explosive religious crisis and would unite the populace behind the new government.

"I think this government is very obstinate," the spokesman said. "It does not satisfy the popular masses."

Lost Support

The spokesman said Diem has lost support of the Buddhists by failing to grant them full religious equality. Diem insists there is no religious discrimination in South Viet Nam.

Five thousand government troops with fixed bayonets held a riot drill near Saigon airport Wednesday in a move indicating authorities would again use force if the opposition Buddhists staged any more demonstrations.

It was the first time President Ngo Dinh Diem's government had assembled troops in such large numbers as a precaution and indicated how seriously the government viewed the current politico-religious crisis.

Minus Ammo

The soldiers did not carry ammunition in the exercise at a parade ground near the airfield. But they had gas masks and rifles with fixed bayonets.

No demonstrations were reported in Saigon Wednesday either against the Buddhists or the government of Diem, a Roman Catholic. A police cordon was placed in front of the main Xa Loi Buddhist pagoda during the day but was later removed.

Vietnamese Buddhist leaders, who are accusing the government of religious persecution, charged Wednesday that a demonstration staged by war veterans and widows in favor of the Saigon regime Tuesday had ruined any possible good effects that might have stemmed from Diem's appeal for unity last week.

Dobson Bros. Low Bidder On 2 City Paving Districts

Dobson Bros. Construction Co. was the apparent low bidder Wednesday on two paving districts.

Dobson bid $43,674.30 for Paving District 1864 on Arapahoe from 10th to 14th and 13th from High to Arapahoe. Pioneer Paving Company bid $44,306.30.

On Paving District 1777 for Potter from Whittier to 27th, Dobson bid $24,898.70 as compared with Pioneer's $25,340.60.

Engineering recommendations on the bids will be made Monday to the City Council.

Arthur Morrill, Stromsburg, Dies

Stromsburg (AP)—Arthur Morrill, 55, prominent Stromsburg businessman and civic leader, died Tuesday at Lake-of-the-Woods, Canada. Funeral services, to be held at Stromsburg, are pending.

Mr. Morrill

Mr. Morrill is survived by his wife.

He was a past president of the Nebraska Turkey Growers Association.

Mr. Morrill's grandfather was the founder of the city of Morrill and of Morrill Hall on the University of Nebraska campus at Lincoln.

Electricity Kills Indiana Worker

Columbus, Ind. (AP)—A charge of electricity jumped from a power line to the boom of a nearby construction crane Wednesday, electrocuting a city workman.

The worker, Bradley Spencer, 28, of near Columbus, was standing on the ground holding onto a large water pipe being moved by the crane.

A supervisor said the crane did not touch the line.

Soviet Denounces Chinese As Enemies

Moscow (UPI) — The Soviet Defense Ministry Wednesday denounced the Red Chinese as "enemies" who are trying to incite the Soviet people against the Communist Party and shake their confidence in the Kremlin leadership.

It was the first time since the bitter Sino-Soviet ideological dispute erupted that the Communist Chinese were publicly branded "enemies" of the U.S.S.R.

The attack came in "Communist of The Armed Forces," the official monthly publication of the defense ministry.

"Our enemies well understand that the strength of the party lies in its unity with the masses and the strength of the people lies in the leadership for which reason they are aiming their poisoned ideological arrows principally at the party," the magazine said.

Premier Nikita S. Khrushchev himself has confirmed that Peking had demanded his ouster from power as the price for peace in the dispute which has divided the Communist world.

The authoritative political organ of the armed forces said "unfortunately the Albanian leaders supported by the leadership of the Chinese Party have slandered our party . . . they are slandering our Communist Party and its leaders with all their strength and are trying to shake confidence in them and weaken the confidence of Soviet people in the correct policy of the Central Committee of the Communist Party of the Soviet Union."

At the same time, the governmet newspaper, Izvestia, compared the Chinese "dogmatists and sectarians," who deny the horrors of nuclear war with "ultra reactionary, militant aggressive imperialist circles."

"They and the others," Izvestia said, "openly talk about the inevitability of war . . . and deny its particularly . . . and deny its particularly destructive catastrophic character."

Izvestia placed the Red Chinese in the same category as the "reactionary American atom monger Professor (Edward) Teller," and with New York Gov. Nelson Rockefeller.

Teller and Rockefeller were reported by the newspaper to br propagandizing the view that the American economy will survive a nuclear war and will be easily restored.

Similarly the newspaper said the Chinese Communists profess to believe that "on the ruins of the dead imperialism, the triumphant people will soon build a civilization a thousand times higher than the capitalist system."

"Such assessment of the prospects of war has nothing in common with socialism humanism and a sober realistic analysis of historical circumstances," the paper declared.

Buddhists Issue Veiled Call For Diem To Quit

Saigon (UPI) — Buddhist leaders Wednesday issued a veiled call for President Ngo Dinh Diem to step down in favor of a government that would be more sympathetic to South Viet Nam's Buddhist majority.

A Buddhist spokesman indicated removal of Diem—a Roman Catholic—would clear the way for settlement of the nation's explosive religious crisis and would unite the populace behind the new government.

"I think this government is very obstinate," the spokesman said "It does not satisfy the popular masses"

Lost Support

The spokesman said Diem has lost support of the Buddhists by failing to grant them full religious equality. Diem insists there is no religious discrimination in South Viet Nam.

Five thousand government troops with fixed bayonets held a riot drill near Saigon airport Wednesday in a move indicating authorities would again use force if the opposition Buddhists staged any more demonstrations.

It was the first time President Ngo Dinh Diem's government had assembled troops in such large numbers as a precaution and indicated how seriously the government viewed the current politico-religious crisis.

Minus Ammo

The soldiers did not carry ammunition in the exercise at a parade ground near the airfield But they had gas masks and rifles with fixed bayonets.

No demonstrations were reported in Saigon Wednesday either against the Buddhists or the government of Diem, a Roman Catholic. A police cordon was placed in front of the main Xa Loi Buddhist pagoda during the day but was later removed.

Vietnamese Buddhist leaders, who are accusing the government of religious persecution, charged Wednesday that a demonstration staged by war veterans and widows in favor of the Saigon regime Tuesday had ruined any possible good effects that might have stemmed from Diem's appeal for unity last week.

Tycoon Buys 1.34 Million Oil Shares

New York (AP)—A 66-year-old Shipping tycoon has purchased 1.34 million shares of Union Oil Co. of California stock for $100,539,000 as a personal investment, it was reported Wednesday.

The purchase was made by Daniel K. Ludwig, owner of one of the world's largest tanker and ore carrier fleets, according to the New York Herald-Tribune. He is also the chief stockholder of American-Hawaiian Steamship Co.

Confirmation of the outright purchase of 15% of Union Oil's common stock from the Phillips Petroleum Co., came from William W. Wagner, director of the steamship company.

Wagner said Ludwig's purchase of stock in Union has no connection with the steamship company. He added that it was strictly a "personal investment."

The financial deal actually gives the East Coast magnate probably the largest interest in the second largest oil producer on the West Coast.

Ludwig, who lives in Darien, Conn., is reported to be out of the country. It was said that he bought the Union Oil Stock last Friday in a private transaction. The purchase price of $75 a share was nearly $3 a share over the market price at that time.

First word of the transaction was contained in a routine quarterly earnings statement issued late Wednesday by Phillips.

Phillips and Union would not reveal the name of the purchaser.

Ludwig is reputed to have a personal fortune of $350 million. He identifies himself in Who's Who of America as a shipbuilder. He founded National Bulk Carriers as a ship-owning and operating firm in 1936. He also has vast holdings in shipyards in Kure, Japan, as well as the Bahamas. Other interests include a refinery in Colon, Panama, a ranch in Venezuela, and a Mexican venture.

He also is generally regarded as the pioneer in supertankers. He launched a 104,500 tonner in 1958 in Japan.

3,000 Walk Off

Oviedo, Spain (UPI) — Three-thousand Spanish metal workers walked off the job, swelling the ranks of strikers in that and the coal-mining industries to 11,000.

OKAY, SO WHO'S NOSEY? NOSEY?

You might say it was a Mexican standoff when this massive Bull Mastiff and tiny Chihuahua met face to face at a dog parade in Melbourne, Australia, recently.

Belize Set Free; Guatemala Quits Ties With Britain

Guatemala (AP)—Col. Enrique Peralta, head of the governing military Junta, announced Wednesday Guatemala is breaking relations with Britain because of Britain's grant of independence to British Honduras (Belize), which Guatemala claims.

Peralta made his announcement in a nationwide radio and television address. He said the junta had decided to break relations because of Britain's "unilateral action which is a flagrant violation of the inalienable and Sovereign rights of Guatemala."

Guatemala long has claimed the Central American Colony, which also is claimed by Mexico.

MADISON AVE. TOUCH RULED OUT OF ORDER

Capri, Italy (AP)—This business of putting advertising signs on the plump sides of Capri's donkeys has got to stop, Mayor Carmine Ruotolo ordered Wednesday.

So has all other ambulatory publicity, such as passing out handbills and using loud speakers from cars.

The mayor issued city Ordinance No. 43 banning all such manifestations "which upset the decorum, disrupt the traffic or threaten the tranquillity" of Capri, a little island devoted to tourism.

Identical Bids Stall Huge TVA Project

Chattanooga (AP) — A Tennessee Valley Authority spokesman said Wednesday identical price offers by 6 suppliers are holding up awards of a $2.29 million TVA contract for power cable to link TVA with a group of private power systems.

Paul Fahey, TVA purchasing director, revealed this Wednesday. He added that it is the largest single instance of identical bidding on a TVA contract since the government filed criminal price-fixing charges against 20 electric industry leaders in 1960.

"Six companies bid 30.6 cents a foot on 7½ million feet of ACSR (steel-reinforced aluminum conductor) for the interchange project," said Fahey. He said he is studying the bids, and "I doubt that there will be any decision on what course will be taken until after the first of next month."

Interchange

The project involved is a 500-kilovolt transmission line, which would link the TVA power system and a group of southwestern private utility companies. The interchange agreement, announced earlier, would include a power line from TVA's Johnsonville, Tenn., steam plant via Cordova, near Memphis, to the Arkansas Power & Light Co. transmission system.

This, in turn, would link TVA with the so-called southwestern power pool—a group of private utilities including Arkansas P&L—in what has been described as one of the largest power interchange agreements in history.

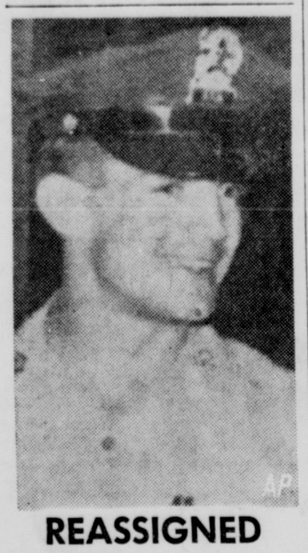

A contract for $120,269 has been awarded to Graybar Electric Co. Inc. of Chattanooga for aluminum static cable for the same project. No identical bidding figured in the award of this contract.

Companies

Companies submitting the identical bids on the larger contract were listed by Fahey as Anaconda Copper Co., Sycamore, Ill.; Olin Mathieson, Chattanooga; Rome Cable Corp., Massena, N.Y.; Kaiser Aluminum Co., Columbus, Ohio; Reynolds Aluminum Co., Lister Hill, Ala., and Central Cable Co., Atlanta.

Fahey's announcement that TVA previously had received identical bids in 1959 led to the criminal price-fixing charges in Philadelphia. As a result of those charges, 20 companies were fined a total of $1.9 million and 7 executives received 30-day jail sentences.

Companion civil suits for damages, in an attempt to recover alleged overcharges on electrical equipment, mostly have been settled out of court.

REASSIGNED

Cpl. William Davis, Kansas City police officer, who shot and killed a burglar Monday night, has been reassigned to nonenforcement duties. Davis has shot and killed two persons in the line of duty.

Tardy Budget Bill Approval Cuts Agencies' Cash Balance

Balances from the various state agencies available for the state's general fund this biennium will be about $300,000 less than had been anticipated because of the lateness of the budget bill's final passage by the Legislature.

Actual balances on hand at the end of 1961-63 biennium June 30 totaled $1,991,712—all of which were scheduled to lapse into the general fund for the new biennium.

The legislative fiscal analyst staff had estimated there would be about $1.3 million available for the general fund from lapsed balances, expecting the agencies would use about $600,000 of their unexpended balances in the interim between the end of the old biennium and passage of the new appropriations bill.

The budget bill was not passed, however, until the new biennium was 17 days old and balances on hand as of 5 p.m. July 17 totaled $1,045,702. The difference is equal to roughly one-tenth of one mill.

The State Board of Equalization is scheduled to set the 1963 state mill levy next Tuesday.

Durable all-wool pile resists matting, crushing. Lovely leaf or swirl sculptured design in 9 colors. 12' and 15' widths.

NO MONEY DOWN Take up to 4 to 7 years to pay on most carpet installations.

Demos Engineer Rebuff Of Medicare Plan At Governor's Meet

Miami Beach, Fla. (AP) — Democrats engineered a rejection of President Kennedy's Medicare program, Republicans staged final futile drives on civil rights and the 55th governors' conference raced Wednesday to adjournment.

Gov. Nelson A. Rockefeller of New York failed again to get the conference on record on civil rights.

Gov. John Anderson Jr., of Kansas, was elected conference chairman for the next year.

Ohio Gov. James A. Rhodes, a member of the new executive committee, said it decided unanimously to hold next year's conference in Cleveland. Rhodes said he would personally invite President Kennedy to address the 1964 conference.

A few taunts crackled back and forth in the closing sessions. But at the end the governors were thrusting out hands in cordiality, as politicians usually manage to do. And they brought to a comparatively serene close a conference that had been marked by bitter wrangling over politics and civil rights and the way they have been intertwined.

Also at the end, the degree of initiative the governors have shown became the center of a sort of long distance joust between President Kennedy and the retiring chairman of the conference, Gov. Albert D. Rosellini, D-Wash.

Retracted

Democrats on one conference committee retracted, too, an earlier endorsement of Kennedy's Medicare program, although they supported some of his other welfare proposals.

The Republicans on the committee came through with a minority report whose main objective was to try once again to get a showdown vote on civil rights.

The conference wound up by refusing to approve either the majority or minority reports. Instead it voted 25-16 merely to receive both reports—for information and printing.

Put Over

This was on motion of Democratic Gov. Donald S. Russell of South Carolina. A combination of Republicans and northern and southern Democrats put the motion over. Fifteen Democrats and one Republican, John H. Reed of Maine, were against it.

Then in a surprise action, Rockefeller moved to put the governors on record for a "declaration of conscience" calling for removal of the last vestiges of racial discrimination from American life.

Gov. Endicott Peabody, D-Mass., a friend and supporter of Kennedy, drew up the declaration and got the 6-member New England delegation of 4 Democrats and two Republicans to sponsor it.

37 Signatures

Peabody had collected 37 signatures all told, but not Rockefeller's. The New Yorker had refused to sign but said he would support the declaration if it could be brought into the conference for a vote.

When he tried to bring it in himself, Chairman Rosellini said this would violate conference rules. Rockefeller persisted with a motion to suspend the rules and lost 12-27, with a three-fourths majority required.

The New Yorker hotly lectured Democrats who went against him. He said "it makes a farce out of this conference" for governors who didn't want to vote for civil rights for their own reasons to go out in the corridors and circulate such a petition.

Alternate

In picking Anderson for the conference chairmanship, the governors followed the rule of alternating the office between the parties. Anderson is 46 and has been the chief executive of his state since January 1961. He is a lawyer and former attorney general of his state.

The conference also named a new executive committee of 9. Again, under the rules, one party may have no more than 5 members and the majority must be of the opposite party from the conference chairman.

No southern Democrat made the new committee. It includes Anderson and Republicans John A. Love of Colorado, John H. Reed of Maine, and Rhodes of Ohio, plus Democrats William Wallace Barron of West Virginia, Frank G. Clement of Tennessee, Richard J. Hughes of New Jersey, Rosellini, and Matthew E. Welsh of Indiana.

Trouble

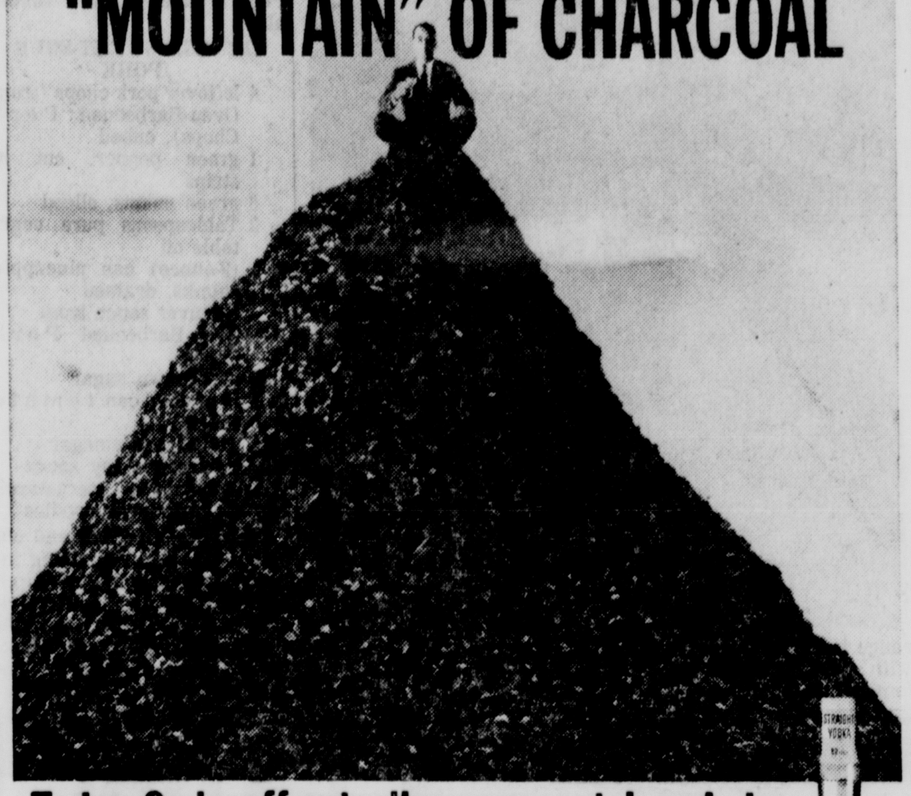

Kennedy got in on the civil rights issue that has stirred up the governors when he talked in Washington to young "senators" holding a mock congress.

The boys had adopted a strong civli rights declaration in their sessions, and the President told them that in some ways they had shown more initiative than the governors.

"I would say," Rosellini told a news conference, "the President is wrong in that." There's been a lot of initiative—maybe not initiative that he approved of.

The Williamsburg Flavor

Williamsburg, Va., is more than just a settlement of shops and inns, tastefully restored as a reminder of our heritage. It symbolizes an important way of life. Our ancestors who founded this lovely spot brought with them a gracious way of living. Important to them was food at its finest—dishes prepared with tender care. Modern Virginians have carried on this graciousness with up-to-date recipes. Shrimp, subtly seasoned and tossed in flavored bread crumbs is one of today's favorites with traditional flavor—adapted for home kitchens.

SAVOURY SHRIMP IN BUTTERED BREAD CRUMBS

1 carrot, peeled and chopped
2 sprigs each celery tops and parsley
5 peppercorns
1 bay leaf
1 tablespoon salt
1 package (10 to 12 oz.) frozen shrimp, peeled and deveined
½ cup (¼ lb.) butter or margarine
½ clove garlic, minced
1 medium onion, minced
½ cup fine dry bread crumbs
Juice of 1 lemon
2 teaspoons minced parsley
Salt and pepper

In advance, make a court bouillon following these directions: In a saucepan, place 1 quart water. Add carrot, celery, parsley, peppercorns, bay leaf and the tablespoon of salt. Bring to a boil. Add frozen shrimp. Return to boil and cook one minute more. Remove from heat and cool in stock at least two hours. Drain. If shrimp are large, split lengthwise. At serving time, heat butter in attractive service skillet over moderate heat. Add garlic, onion and bread crumbs. Toss over low heat until onion is tender, not browned. Add shrimp, lemon juice and one teaspoon minced parsley. Stir until heated through. Salt and pepper to taste. Serve garnished with remaining parsley to three.

It's 'Barbecued Fish' Season

Summertime, and the fishing is easy—At least that's what we've heard around and about. But whether you are fortunate enough to pull your fish out of a mountain stream, a lake, or Canadian waters—or whether you do your fishing at the market, here are some delightful fish recipes.

BARBECUED STUFFED FISH

4 to 5 pound fish
salt and pepper
2 cups packaged herb-seasoned stuffing
⅓ cup snipped parsley
⅔ cup water
⅓ cup melted butter
melted butter for basting

Wash and clean fish. Thoroughly dry inside of fish and lightly season with salt and pepper.

Combine herb-seasoned stuffing, parlsey, water, and 1-3 cup melted butter; toss lightly. Use this mixture to stuff fish. Secure opening with skewers or heavy thread and place fish in folding wire grill.

When fire is ready, barbecue fish about 15 to 20 minutes on each side, basting occasionally with melted butter. The time may vary, depending on the weight of the fish and the heat of the fire. Serves 6 to 8.

A simple sauce is all that's needed to make an inexpensive dish, such as fish, look like a chef's speciality. Fish portions (breaded squares and rectangles of boneless fish labeled variously as "fillets," "cutlets," "burgers," and "steaks") are especially plentiful right now, and prices are low. As an added inducement fish portions offer all the nutrients for which fish are famous — high quality proteins, vitamins and minerals — and are low in calories.

BARBECUE SAUCE

¼ cup minced onion
¼ cup finely chopped green pepper
3 tablespoons butter or margarine
½ cup chili sauce
½ cup catsup
⅓ cup lemon juice
2 tablespoons brown sugar
½ cup water
1 teaspoon dry mustard
1 tablespoon Worcestershire
½ teaspoon salt
½ teaspoon black pepper

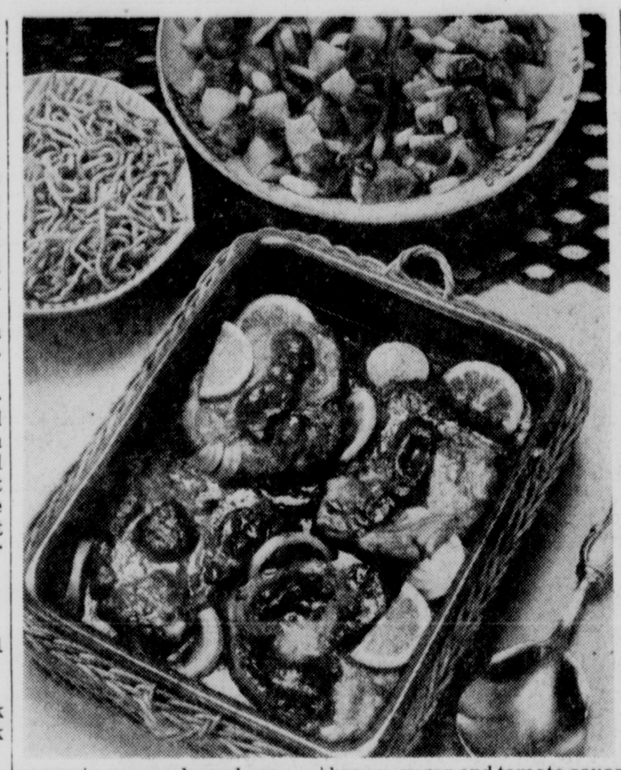

Saute onion and green pepper in butter about 3 minutes. Add remaining ingredients and simmer ten minutes. Brush sauce on fish before cooking, then pour remainder in sauce boat to serve with fish.

Try These Barbecued Pork Chops

Deliberately planned leftovers can get dinner on the table in a hurry the second time around. But they will be more happily accepted if they are presented in a new dress.

Oven-Barbecued Pork Chops take their special goodness from the delicate spice blend of canned tomato sauce. Prepare eight, serve four, and freeze or refrigerate the others with any remaining sauce. One day when time is at a premium, prepare the Chinese Sweet-Sour Pork.

Serve the chops with buttered green beans and mashed potatoes. For dessert, chill a pound can of fruit cocktail with a fourth teaspoon mint flavoring. Cheese cake, while not oriental, would round out the Sweet-Sour Pork Dinner nicely.

OVEN-BARBECUED PORK CHOPS

8 loin pork chops, cut 1 inch thick
Salt and pepper
8 slices lemon, ¼-inch thick
8 slices onion, ¼-inch thick
½ cup brown sugar
1 (8-ounce) can tomato sauce

Brown chops in skillet; arrange in casserole and season with salt and pepper. Top with lemon and onion slices. Mix brown sugar and tomato sauce together. Pour over meat. Cover and bake at 325 F. for 1 hour. Baste occasionally. Remove cover and bake 15 minutes longer. Serve 4 chops; refrigerate 4 for later use in Chinese Sweet-Sour Pork. (Save leftover sauce, also.)

CHINESE SWEET-SOUR PORK

4 leftover pork chops (from Oven-Barbecued Pork Chops), cubed
1 green pepper, cut in strips
6 green onions, sliced
2 Tablespoons pure vegetable oil
1 (9-ounce) can pineapple chunks, drained
Leftover sauce from Oven-Barbecued Pork Chops
¼ cup brown sugar
1 (8-ounce) can tomato sauce
1½ Tablespons vinegar
1½ Tablespons soy sauce
2 to 3 teaspons cornstarch
Crisp Chinese noodles

Saute green pepper and onions in oil. Add remaining ingredients except cornstarch and noodles. Blend cornstarch with a little water. Add to sauce and cook until thickened. Serve over warm noodles. Makes 3 to 4 servings.

An Extra-Special

Enliven midsummer menus by serving these creative toasted curry chicken rolls with a cool salad. Taste surprising raisinbread is rolled around an inviting blend of cooked chicken, fresh green onion and mayonnaise. Brush with a savory curry butter and oven toast to rich golden brown.

In just minutes these elegant raisinbread sandwich rolls will be received compliments at the table. A shimmering mold of summer fruits on a slice of canned pineapple is a refreshing salad to serve with them.

TOASTED CURRY CHICKEN ROLLS

18 slices raisinbread
2 cups finely chopped chicken
3 tablespoons finely chopped green onion
½ cup mayonnaise
Salt to taste
¼ cup butter or margarine
⅛ teaspoon curry powder

Trim crusts from raisin slices. Roll bread lightly with rolling pin to flatten slightly. Combine chicken, onion, mayonnaise and salt to taste. Spread filling over raisinbread Roll up each slice like jelly roll. Heat butter with curry powder until melted. Brush over rolls; arrange rolls in shallow baking pan. Bake in very hot oven (475 degrees F.) about 10 minutes until rich golden brown. Serve hot. Makes 1½ dozen rolls.

NOTE: Untoasted rolls may be covered with foil and stored in refrigerator for later toasting, if desired.

It's a Change

Almost every cook wants a salad dressing that will win plaudits from family and guests. Here is a French dressing with the added flavor of caraway seed — Delicious!

CARAWAY FRENCH DRESSING

1 tablespoon caraway seeds
2 tablespoons water
1 cup olive or salad oil
⅓ cup vinegar
1 teaspoon salt
⅛ teaspoon ground black pepper
¼ teaspoon garlic powder
½ teaspoon onion powder

Place water and caraway seeds in a saucepan and cook until all water is absorbed (approximately 5 minutes). Remove from heat. Combine oil, vinegar, salt, black pepper, garlic powder and onion powder. Stir in caraway seeds. Serve on crisp greens.

YIELD: 1⅓ cups.

For Smallfry

Two favorite ingredients as far as the smallfry set is concerned are peanut butter and raisins — combined for these ready-to-go sandwiches—

READY TO GO RAISIN SANDWICHES

Salty peanut butter, mixed with chopped taste surprising raisins and orange marmalade makes a quick ready to go filling for picnic or lunch box sandwiches. Youngsters love them.

The Williamsburg Flavor

Williamsburg, Va., is more than just a settlement of shops and inns, tastefully restored as a reminder of our heritage. It symbolizes an important way of life. Deliberately planned leftovers can get dinner on the table in a hurry the second time around. But they will be more happily accepted if they are presented in a new dress.

Oven-Barbecued Pork Chops take their special goodness from the delicate spice blend of canned tomato sauce. Prepare eight, serve four, and freeze or refrigerate the others with any remaining sauce. One day when time is at a premium, prepare the Chinese Sweet-Sour Pork.

Serve the chops with buttered green beans and mashed potatoes. For dessert, chill a pound can of fruit cocktail with a fourth teaspoon mint flavoring. Cheese cake, while not oriental, would round out the Sweet-Sour Pork Dinner nicely.

OVEN-BARBECUED PORK CHOPS

- 8 loin pork chops, cut 1 inch thick
- Salt and pepper
- 8 slices lemon, ¼-inch thick
- 8 slices onion, ¼-inch thick
- ½ cup brown sugar
- 1 (8-ounce) can tomato sauce

Brown chops in skillet; arrange in casserole and season with salt and pepper. Top with lemon and onion slices. Mix brown sugar and tomato sauce together. Pour over meat. Cover and bake at 325 F. for 1 hour. Baste occasionally. Remove cover and bake 15 minutes longer. Serve 4 chops; refrigerate 4 for later use in Chinese Sweet-Sour Pork. (Save leftover sauce, also.)

CHINESE SWEET-SOUR PORK

- 4 leftover pork chops (from Oven-Barbecued Pork Chops), cubed
- 1 green pepper, cut in strips
- 6 green onions, sliced
- 2 Tablespoons pure vegetable oil
- 1 (9-ounce) can pineapple chunks, drained
- Leftover sauce from Oven-Barbecued Pork Chops
- ¼ cup brown sugar
- 1 (8-ounce) can tomato sauce
- 1½ Tablespons vinegar
- 1½ Tablespons soy sauce
- 2 to 3 teaspons cornstarch
- Crisp Chinese noodles

Saute green pepper and onions in oil. Add remaining ingredients except cornstarch and noodles. Blend cornstarch with a little water. Add to sauce and cook until thickened. Serve over warm noodles. Makes 3 to 4 servings.

An Extra-Special

Enliven midsummer menus by serving these creative toasted curry chicken rolls with a cool salad. Taste surprising raisinbread is rolled around an inviting blend of cooked chicken, fresh green onion and mayonnaise. Brush with a savory curry butter and oven toast to rich golden brown.

In just minutes these elegant raisinbread sandwich rolls will be received compliments at the table. A shimmering mold of summer fruits on a slice of canned pineapple is a refreshing salad to serve with them.

TOASTED CURRY CHICKEN ROLLS

- 18 slices raisinbread
- 2 cups finely chopped chicken
- 3 tablespoons finely chopped green onion
- ½ cup mayonnaise
- Salt to taste
- ¼ cup butter or margarine
- ⅛ teaspoon curry powder

Trim crusts from raisin slices. Roll bread lightly with rolling pin to flatten slightly. Combine chicken, onion, mayonnaise and salt to taste. Spread filling over raisinbread. Roll up each slice like jelly roll. Heat butter with curry powder until melted. Brush over rolls; arrange rolls in shallow baking pan. Bake in very hot oven (475 degrees F.) about 10 minutes until rich golden brown. Serve hot. Makes 1½ dozen rolls.

NOTE: Untoasted rolls may be covered with foil and stored in refrigerator for later toasting, if desired.

It's a Change

Almost every cook wants a salad dressing that will win plaudits from family and guests. Here is a French dressing with the added flavor of caraway seed — Delicious!

CARAWAY FRENCH DRESSING

- 1 tablespoon caraway seeds
- 2 tablespoons water
- 1 cup olive or salad oil
- ⅓ cup vinegar
- 1 teaspoon salt
- ⅛ teaspoon ground black pepper
- ¼ teaspoon garlic powder
- ½ teaspoon onion powder

Place water and caraway seeds in a saucepan and cook until all water is absorbed (approximately 5 minutes). Remove from heat. Combine oil, vinegar, salt, black pepper, garlic powder and onion powder. Stir in caraway seeds. Serve on crisp greens.

YIELD: 1⅓ cups.

For Smallfry

Two favorite ingredients as far as the smallfry set is concerned are peanut butter and raisins — combined for these ready-to-go sandwiches—

READY TO GO RAISIN SANDWICHES

Salty peanut butter, mixed with chopped taste surprising raisins and orange marmalade makes a quick ready to go filling for picnic or lunch box sandwiches. Youngsters love them.

LAST SOLDIERS LEAVE OLE MISS

Oxford, Miss. (UPI) — The last of the 30,000 soldiers sent to the riot-torn University of Mississippi campus last fall pulled out Wednesday and the Negro student they were guarding appeared resigned to the move.

"The Army is giving the orders," said James Meredith. "I guess they were needed somewhere else."

Meredith's reaction as the final 150 troops left in trucks was milder than in June when the army began its gradual disengagement by announcing its troops would remain in Oxford but halt patrols on the campus.

Needed

"If they are needed at all, they are needed on the spot," Meredith protested then, charging that Mississippi authorities "recognized no responsibility" for his safekeeping.

Negroes in Charleston, S.C., continued demonstration Wednesday despite a pledge by white merchants for gradual desegregation and a federal judge ordered a speed-up in school desegregation at Durham, N.C.

At a summit meeting of Negro leaders in New York City, the Rev. Martin Luther King. Jr. suggested that a special federal suthority be established to look into brutal treatment by local police of integration demonstrators. The meeting was held to plan the massive civil rights march scheduled in Washington next month.

Withdrawal

The Oxford troop withdrawal leaves about 12 federal marshals to protect Meredith and Cleve McDowell, the school's only other Negro student.

The 10-month stay of the federal forces cost more than $5 million and brought cries of protest from virtually every Mississippi official. The state filed a law suit, still pending, to force withdrawal of the troops.

The Charleston demonstrations Wednesday were quiet and orderly. A Negro spokesman said the demonstrators were not satisfied with the desegregation agreement offered Tuesday by 62 white merchants because the merchants remainded anonymous and Negroes would have no way of knowing which stores were ending discrimination.

Too Slow

The school desegregation speed-up was ordered by Federal Judge Edwin M. Stanley. He agreed with Negro complaints that Durham's stair-step plan for integration was moving too slowly and ordered immediate total desegregation of elementary and junior high schools.

He said the plan would be extended to high schools of the city next year.

Coed Is Bride-Elect

Announcement is made this morning by Mr. and Mrs. Floyd D. Herman of Wilber, of the engagement and approaching marriage of their daughter, Margaret Anne, to James Joseph Angelcyk, son of Mr. and Mrs. Stanley J. Angelyck of Crete.

The wedding is planned for Saturday, Aug. 24.

Both Miss Herman and her fiance are student at the University of Nebraska where the bride-elect is a member of Chi Omega sorority, and where Mr. Angelyck is a member of Triangle fraternity.

Busy Suburbia Needs Longer Weeks

COTNER TERRACE

Presently under consideration in Suburban circles is the proposal of nearly every Suburban resident to add at least one day to the present calendar week. Proponents argue that this addition would eliminate present crowded conditions in every week, and moreover, would provide more safety for residents trying to plan their social lives a week ahead of time.

Although the proposal is unopposed, it seems doubtful that any action will be taken within the near future —it seems the Roman originators of our calendars didn't have much foresight into Suburban living conditions!

So it seems that our busy residents will just have to "make do," and fortunately, it seems that they are doing quite well, for Suburbanites are managing to cram their activities into the present unadjusted play week.

Some of those Cotner Terrace residents who might be in favor of a longer week are Mr. and Mrs. Jerry Rittenberg, who seem to be quite busy people these days.

Mr. and Mrs. Rittenberg drove to Omaha last Saturday where they joined former Cotner Terrace residents Mr. and Mrs. James Horn, for dinner and a show afterwards.

And we might mention that the show was one which is taking many Lincoln residents to Omaha these days, —Cleopatra.

Earlier this month Mr. and Mrs. Rittenberg had spent another day with Mr. and Mrs. Horn when the two families met in Gretna and devoted a Sunday afternoon to picnicking, touring the fish hatcheries, and having an overall good time.

Everyone enjoys pleasant surprises, and one of the most recent unexpected pleasures in Cotner Terrace was the arrival of surprise visitors at the home of Mr. and Mrs. Chester Way.

These unexpected guests were Mr. and Mrs. Way's son-in-law and daughter, Mr. and Mrs. Robert Sherwood, and their children, Sharon and Craig, who arrived on Sunday at the Way home.

Mr. and Mrs. Sherwood and their children, who are Los Angeles, Calif., residents, will be spending two weeks in Lincoln, and during the time will also be visiting Mr. Sherwood's parents, Mr. and Mrs. C. F. Sherwood.

Neighborhod residents who left Lincoln on a very warm Tuesday this week were Mr. and Mrs. Lowell Heiliger and children, Mark and Lee Ann, who hoped to find a bit cooler weather in the Black Hills in South Dakota.

NORTHEAST HEIGHTS

A visitor in Northeast Heights this week is Mrs. Melvin Peters, who is currently a guest at the home of her son and daughter-in-law, Mr. and Mrs. Clyde Peters.

Mrs. Peters arrived in Lincoln from Edson, Kan., on Monday and Mr. and Mrs. Peters and their children, Shelley, Allan, and Linda, will be bidding their visitor farewell later today.

Mr. and Mrs. Peterson also entertained visitors on Sunday afternoon when they and their children were hosts and hostesses to friends for a back-yard wiener roast. Their guests that afternoon and evening were Mr. and Mrs. Fred Retzlaff and their children, Paul and Kathy, of Waverly, and Mr. and Mrs. Bruce Eskelson.

And telling their neighbors about a brand new baby sister this week are Linda and Jerry Barnett, daughter and son of Mr. and Mrs. Floyd Barnett.

This newest member of the Barnett family, Carol Ann, was born Wednesday, July 17, and she and her mother returned home on Saturday.

Grandparents of the new arrival are Mr. and Mrs. Lloyd Daharsh and Ralph Barnett.

Gala Dinner-Dance For Reunion

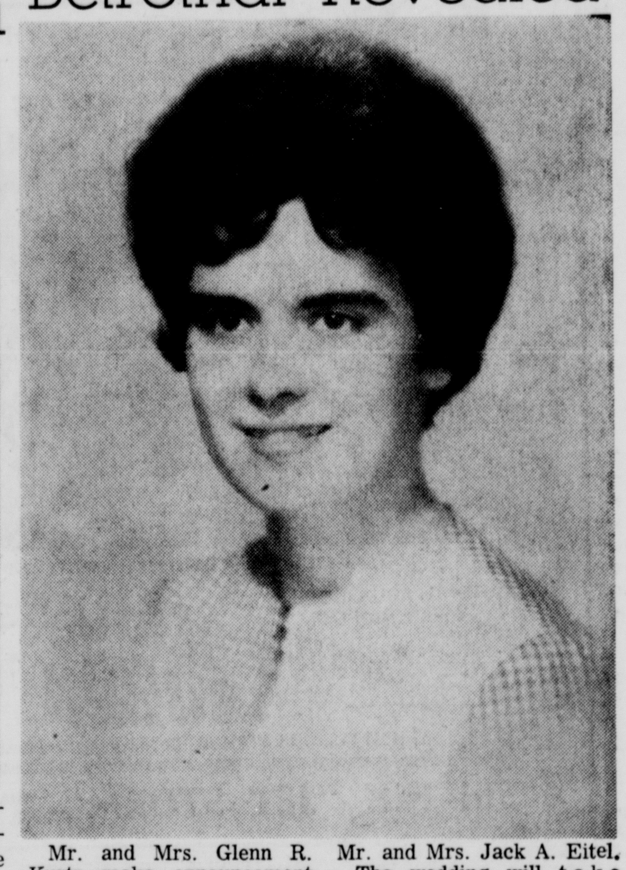

A reunion of friends is always fun and when combined with a gala dinner-dance, the event promises to be a midsummer highlight for the members of the Northeast High School class of 1953, who will gather at the Lincoln Hotel on Saturday evening, Aug. 3.

Classmates will come from far and near for the evening, and committee members in charge of arrangements have assured plenty of time for the all-important reminiscing.

Meeting at the home of Mr. and Mrs. Jack Hale on Wednesday evening to discuss details for the reunion were committee members pictured above.

In the picture are, (standing, left to right) Cliff Becker, Sam Carter and Eugene Wright. Seated are, Mrs. Jack Hale, Bud Holloway, Mrs. Wesley Reist, and Mrs. Charles Studnicka.

Betrothal Revealed

Mr. and Mrs. Glenn R. Kurtz make announcement of the engagement and approaching marriage of their daughter, Nancy Kay, to James Royce Eitel, son of Mr. and Mrs. Jack A. Eitel.

The wedding will take place on Monday, Sept. 9, and the ceremony will be solemnized at the Westminster Presbyterian Church.

Betrothal Revealed

This morning Mr. and Mrs. H. F. Michelmann of Grand Island make announcement of the engagement and approaching marriage of their daughter, Barbara Florence, to Robert Alan Bernasconi of Los Altos, Calif.

The wedding is planned for Sunday, Aug. 18, and the ceremony will be solemnized in Grand Island.

Miss Michelmann is a graduate of the University of Nebraska where she is a member of Alpha Phi sorority, and of Phi Beta Kappa. She received her Master of Arts degree from Stanford University, and has been teaching in the San Francisco area.

Mr. Bernasconi, the son of the late Mr. and Mrs. Ronald E. Barnasconi of Los Angeles, was graduated from the University of California at Los Angeles where he also received his Master's degree and his doctorate. He now is a member of the faculty of Foothill College, Los Altos, Calif. His fraternity is Beta Theta Pi.

Brides

The midsummer social calendar is full to overflowing with a variety of prenuptial courtesies honoring the many popular brides-elect who have chosen August wedding dates.

A busy bride-to-be who has been honored at a series of bridal parties preceding her Aug. 16 wedding is Miss Linda Lee, daughter of Mr. and Mrs. Seymour Lee.

Miss Lee, who will become the bride of Jack Calfee at an evening ceremony to be solemnized at the First Methodist Church, will be presented a miscellaneous shower on Friday evening when Miss Sue Hile, Mrs. Victor Hempel, Miss Rita Nelson and Miss Kathlene Lux will be hostesses at the home of Miss Hile. The guests will include former high school classmates and college friends of the bride-to-be, who is a student at Nebraska Wesleyan University.

On Sunday evening, Miss Lee will share honors with her fiance at a buffet supper for which Mr. and Mrs. Ermal Ogburn will be host and hostess at their home to members of the families.

An August bride-elect who will be honored on Sunday afternoon is Miss Mary Jayne Amend, daughter of Mr. and Mrs. John J. Amend, who will be presented a miscellaneous shower at a party to be given at the home of Mrs. Gilbert Loos. Co-hostesses for the prenuptial courtesy will be Mrs. Gary Brown, Mrs. Larry Snyder and Mrs. Marie Snyder.

Miss Amend, whose marriage to Donald Endorf will be an event of Sunday, Aug. 11, also was honored recently at a kitchen shower for which Miss Deana Fischer, Miss Judy Churchwell and Miss GeorgeAnn Schnider were hostesses at the home of Miss Fischer. Fifteen guests were invited for the informal evening.

For her wedding, which will take place at 3 o'clock in the afternoon at Trinity Lutheran Church, Miss Amend has named her sister, Miss Judy Amend, as her maid of honor. The bridesmaidss will be Mis Deana Fischer and Miss GeorgeAnn Schnider, and Miss Toni Adcock will be the flower girl.

Weldon Endorf will serve his brother as best man, and seating the guests will be Norman Endorf and Don Endorf.

Serving Mr. Splichal as best man will be Bob Lahr of Lincoln, and the ushers will be Lawrence Plouzek and Norman Plouzek, Crete.

Honoring an early autumn bride-to-be last Friday were Mrs. Harold Hamlin and Miss Gretta Hagemann who entertained in courtesy to Miss Mary Schwindt at the home of Mrs. Hamlin.

Members of the bride-elect's family and office associates were invited to the informal party during which a linen shower was presented to the honoree.

The wedding of Miss Schwindt and Larry Peach will take place on Sunday, Sept. 1, and the service will be solemnized at 7 o'clock in the evening at Immanuel Reformed Church.

Miss Schwindt has chosen her sister, Miss Nancy Schwindt, as her maid of honor, and Mrs. Gerald Krieser of Seward will be her matron of honor. The bridesmaid will be Miss Kathleen Freauf, and Mrs. Arnold Lukenback of Longmont, Colo., will be bridesmatron.

Richard Peach will serve his brother as best man, and the ushers will be John Schwindt of Phoenix, Ariz., brother of the bride-elect; Kenneth White and Steve Davidson.

To Be Honored At Open House

Mr. and Mrs. Ray Olson will be honored at a postnuptial courtesy on Sunday when Mrs. Olson's son-in-law and daughter, Mr. and Mrs. Walter Covolik, will entertain at an open house at their home, 5815 J.

Members of the family and friends are asked to call between the hours of 2:30 o'clock and 5 o'clock, without further invitation.

We Hear That

Mr. and Mrs. James Wall have returned home from McCook where Mr. Wall attended the conference of Nebraska Vocational Agricultural Teachers. Mr. Wall is executive secretary of the National Vocational Agricultural Teachers Association. The Walls were accompanied to McCook by their houseguest, Hamilton Hicks of New York City, who is educational director of a national firm.

Coed Is Bride-Elect

Announcement is made this morning by Mr. and Mrs. Floyd D. Herman of Wilber, of the engagement and approaching marriage of their daughter. Margaret Anne, to James Joseph Angelcyk, son of Mr. and Mrs. Stanley J. Angelyck of Crete.

The wedding is planned for Saturday, Aug. 24.

Both Miss Herman and her fiance are student at the University of Nebraska where the bride-elect is a member of Chi Omega sorority, and where Mr. Angelyck is a member of Triangle fraternity.

Busy Suburbia Needs Longer Weeks

COTNER TERRACE

Presently under consideration in Suburban circles is the proposal of nearly every Suburban resident to add at least one day to the present calendar week. Proponents argue that this addition would eliminate present crowded conditions in every week, and moreover, would provide more safety for residents trying to plan their social lives a week ahead of time.

Although the proposal is unopposed, it seems doubtful that any action will be taken within the near future —it seems the Roman originators of our calendars didn't have much foresight into Suburban living conditions!

So it seems that our busy residents will just have to "make do," and fortunately, it seems that they are doing quite well, for Suburbanites are managing to cram their activities into the present unadjusted play week.

Some of those Cotner Terrace residents who might be in favor of a longer week are Mr. and Mrs. Jerry Rittenberg, who seem to be quite busy people these days.

Mr. and Mrs. Rittenberg drove to Omaha last Saturday where they joined former Cotner Terrace residents Mr. and Mrs. James Horn, for dinner and a show afterwards.

And we might mention that the show was one which is taking many Lincoln residents to Omaha these days, —Cleopatra.

Earlier this month Mr. and Mrs. Rittenberg had spent another day with Mr. and Mrs. Horn when the two families met in Gretna and devoted a Sunday afternoon to picnicking, touring the fish hatcheries, and having an overall good time.

Everyone enjoys pleasant surprises, and one of the most recent unexpected pleasures in Cotner Terrace was the arrival of surprise visitors at the home of Mr. and Mrs. Chester Way.

These unexpected guests were Mr. and Mrs. Way's son-in-law and daughter, Mr. and Mrs. Robert Sherwood, and their children, Sharon and Craig, who arrived on Sunday at the Way home.

Mr. and Mrs. Sherwood and their children, who are Los Angeles, Calif., residents, will be spending two weeks in Lincoln, and during the time will also be visiting Mr. Sherwood's parents, Mr. and Mrs. C. F. Sherwood.

Neighborhod residents who left Lincoln on a very warm Tuesday this week were Mr. and Mrs. Lowell Heiliger and children, Mark and Lee Ann, who hoped to find a bit cooler weather in the Black Hills in South Dakota.

NORTHEAST HEIGHTS

A visitor in Northeast Heights this week is Mrs. Melvin Peters, who is currently a guest at the home of her son and daughter-in-law, Mr. and Mrs. Clyde Peters.

Mrs. Peters arrived in Lincoln from Edson, Kan., on Monday and Mr. and Mrs. Peters and their children, Shelley, Allan, and Linda, will be bidding their visitor farewell later today.

Mr. and Mrs. Peterson also entertained visitors on Sunday afternoon when they and their children were hosts and hostesses to friends for a back-yard wiener roast. Their guests that afternoon and evening were Mr. and Mrs. Fred Retzlaff and their children, Paul and Kathy, of Waverly, and Mr. and Mrs. Bruce Eskelson.

And telling their neighbors about a brand new baby sister this week are Linda and Jerry Barnett, daughter and son of Mr. and Mrs. Floyd Barnett.

This newest member of the Barnett family, Carol Ann, was born Wednesday, July 17, and she and her mother returned home on Saturday.

Grandparents of the new arrival are Mr. and Mrs. Lloyd Daharsh and Ralph Barnett.

Gala Dinner-Dance For Reunion

A reunion of friends is always fun and when combined with a gala dinner-dance, the event promises to be a midsummer highlight for the members of the Northeast High School class of 1953, who will gather at the Lincoln Hotel on Saturday evening, Aug. 3.

Classmates will come from far and near for the evening, and committee members in charge of arrangements have assured plenty of time for the all-important reminiscing.

Meeting at the home of Mr. and Mrs. Jack Hale on Wednesday evening to discuss details for the reunion were committee members pictured above.

In the picture are, (standing, left to right) Cliff Becker, Sam Carter and Eugene Wright. Seated are, Mrs. Jack Hale, Bud Holloway, Mrs. Wesley Reist, and Mrs. Charles Studnicka.

It Seams To Me

Questions, Answers

Patricia Scott

Different seams are used for strength, or else because they are more attractive.

Q. I want to make some shirts and pajamas for my small sons. I know that a plain seam won't take the wear and tear of so many washings. Should I use a French seam, since all edges are turned under? — MRS. T.B.

A. No. A French seam is used on sheer fabrics so that the wide edges of a plain seam won't show through. Also, it can't be used on heavy fabrics because of its bulk. However, a flat felled seam would be perfect. To do this, stitch your seams in a plain seam but with **wrong** sides together (fig. A). Press both edges in one direction (fig. B). Trim the underneath seam allowance to ⅛ inch and the top one to ⅜ inch. Fold the wide seam allowance over the narrow one by turning it under ⅛ inch and baste the fold (fig. C). Spread apart the two pieces you joined, having the folded edge against the garment. Now stitch very close to the fold line (fig. D).

☆ ☆ ☆

K. How do I line Jamaica shorts made of double cotton knit? Also, do you have any points when sewing or cutting this knitted material? — MRS. J. H.

A. Underline them. In other words, cut your liner fabric from the same pattern pieces required for the shorts. Then baste the liner to the wrong side of each shorts piece. Stitch the shorts together, handling both fabrics as one. Try a test swatch of both fabrics together on your machine. Knits without liner must be stretched as they are stitched, but your liner may eliminate this almost entirely. You may have to stretch the fabrics a bit to prevent the seams from splitting while wearing. A looser stitch will prevent puckering. As for cutting, use a sharp pair of shears. Baste or stay-stitch all edges of the knit as soon as pieces are cut. As a result they won't curl.

Q. My machine skips stitches and I even hear the needle hit the metal bobbin case. What is wrong? — MRS. L. R.

A. You probably set the needle in too low when replacing it. Push the needle as high as it will go into the needle clamp and tighten the thumb screw securely.

Miss Scott is always glad to hear from her readers, and whenever possible will use their questions in her column, but because of the great volume of mail received daily, she cannot answer individual letters.

In response to request for reprints of her series on slipcovers, Patricia Scott has compiled them in booklet form, HOW TO MAKE SLIPCOVERS. For your copy of this helpful booklet, write to Miss Scott in care of Box 158, Dundee, Ill., enclosing a long, self-addressed, stamped envelope and 20c in coin to cover cost of printing and handling.

Day Camp Scheduled

The second annual Primitive Day Camp for Camp Fire Girls will be held Monday through Saturday at Camp Minis Kua.

Forty-five girls have registered for the program, which is planned for older Camp Fire Girls of junior high age and for Horizon Club (senior high school) members.

The program will feature nature and camp craft, and will include planned recreation and swimming, under the direction of Mrs. David Schessler assisted by Mrs. Jerry Strobel.

Also assisting will be Mrs. Charles Lindgren, Mrs. Carl Erickson, Mrs. Clarence Shaner, Mrs. John Schmidt, Mrs. Larry Cook, Mrs. Wendall Robison, Mrs. George Statler, Mrs. Eldon Nelson and Mrs. Ed Grass.

To Observe Anniversary

Observing their 25th wedding anniversary on Sunday, July 28, will be Mr. and Mrs. Ellis R. Kennedy.

To celebrate the occasion, Mr. and Mrs. Kennedy will be honored at an open house during the afternoon hours on Sunday at the home of Mrs. R. H. Kennedy, 2245 So. 34th.

Friends of the couple are asked to call between 2 o'clock and 6 o'clock without further invitation.

Dear Abby

Special Praise Goes To "Special" Mother

Abigail Van Buren

DEAR ABBY: How can you call a woman with a prefabricated family a "mother in the highest form"? That was an insult to true motherhood. What does a woman who has adopted four children know about the joy of first learning that she is to bear a child? What does she know about the beauty of carrying a child under her heart? What does she know about the thrill of a child's first cry? What does she know about the fulfillment of actually giving life?

MOTHER OF FIVE

DEAR MOTHER: Perhaps she knows nothing of the "joy, the beauty, the thrill and the fulfillment" you mention. But don't you think that the woman who asks for the measles, mumps, heartaches, risks, sacrifices and the challenges of rearing a child, with none of the attending blessings of bearing her own, is deserving of special praise? I do.

☆ ☆ ☆

DEAR ABBY: We have been happily married for one year, and my problem is my wife, when I am driving. I have driven over 350,000 safe accident-free miles in the last nine years. My wife, on the other hand, is a relatively inexperienced driver. However, while I'm driving she is constantly slamming on imaginary brakes and suddenly shouts warnings such as, "Watch out", "Be careful", etc. I have come very close to having accidents due to her comments and actions. How can I teach her to have more confidence in my driving?

ALMOST SMASHED

DEAR ALMOST: Unless your wife is given to hallucinations, her comments and actions are an indication that you are not the careful driver you think you are. Be extra careful in the future, and see how relaxed and full of confidence your wife becomes.

☆ ☆ ☆

DEAR ABBY: I'm a magician and the best in the business. How can I get a job?

MAGICIAN

DEAR MAGICIAN: YOU ARE a magician, and you're asking ME?

☆ ☆ ☆

DEAR ABBY: I wonder if "Disgusted with younger women" is complaining or bragging. She said she raised 14 children without a washing machine. Well, I'd complain. I don't think younger women are lazier, I think thy're smarter. After all, MEN manage to provide themselves with all the tools THEY need to make THEIR work easier.

Opening lead — two of spades.

Even a well-oiled partnership is bound to wind up occasionally in a contract they haven't got a chance to make.

However, these impossible contracts can sometimes be saved by giving the opponents the opportunity to make a mistake, and such tactics may well succeed if the setting is right. Here's a case where declarer made five diamonds, even though, looking at all four hands, you might possibly wonder how this took place.

Of course, West could have defeated the contract by leading the ace and another heart, in which case South would have to lose a club trick eventually and go down one.

But West, not having X-ray eyes, made the fairly normal lead of a spade and South saw he had no hope of making the hand by regular means. So to give the defense a chance to go wrong, he played a low spade from dummy and when East put on the queen, he let him win it!

East found it difficult at this point to lead a heart away from the king, which was the only play he could now make to defeat the contract. Instead, he returned the queen of clubs.

Given a life, South won the club with the ace, drew two rounds of trumps, and then cashed the king of spades and king of clubs. After entering dummy with a trump, he discarded a club on the ace of spades and ruffed a club.

When it turned out that the clubs were divided 3-3, he was home. He crossed to dummy with a diamond and was able to get rid of a heart on dummy's eight of clubs. The only tricks he lost were a spade and a heart.

It is interesting to note that South's opening play had everything to gain and nothing to lose. Even if the defense had cashed two heart tricks after the spade lead, his play would not have cost him a thing. His club loser could be discarded on the ace of spades.

Surprise Program

Mrs. Estella Peterson, DeLores Clouse and Muriel Vaughan were guests of the Lincoln Toastmistress Club on Monday evening for the club's dinner and program at the Capital Hotel.

Mrs. Lorraine Christensen presided at the "surprise" program, for which members were given assignments and topics with no opportunity for preparation. Mrs. Keith Blackledge served as toastmistress, and topic mistress was Mrs. Robert Meyerhoff.

Speakers and their topics were Mrs. W. E. Woodworth, "Before Or After;" Mrs. LaVon Sumption, "On Top of Nebraska;" and Mrs. Lawrence Wentz, "Baby Sitters." Also participating in the program were Mrs. Charles Chace, Mrs. Frank O'Connell and Mrs. Josephine Eyen.

How can I teach her to have more confidence in my driving?

ALMOST SMASHED

DEAR ALMOST: Unless your wife is given to hallucinations, her comments and actions are an indication that you are not the careful driver you think you are. Be extra careful in the future, and see how relaxed and full of confidence your wife becomes.

☆ ☆ ☆

DEAR ABBY: I'm a magician and the best in the business. How can I get a job?

MAGICIAN

DEAR MAGICIAN: YOU ARE a magician, and you're asking ME?

☆ ☆ ☆

DEAR ABBY: I wonder if "Disgusted with younger women" is complaining or bragging. She said she raised 14 children without a washing machine. Well, I'd complain. I don't think younger women are lazier, I think they're smarter. After all, MEN manage to provide themselves with all the tools THEY need to make THEIR work easier.

Opening lead — two of spades.

Even a well-oiled partnership is bound to wind up occasionally in a contract they haven't got a chance to make.

However, these impossible contracts can sometimes be saved by giving the opponents the opportunity to make a mistake, and such tactics may well succeed if the setting is right. Here's a case where declarer made five diamonds, even though, looking at all four hands, you might possibly wonder how this took place.

Of course, West could have defeated the contract by leading the ace and another heart, in which case South would have to lose a club trick eventually and go down one.

But West, not having X-ray eyes, made the fairly normal lead of a spade and South saw he had no hope of making the hand by regular means. So to give the defense a chance to go wrong, he played a low spade from dummy and when East put on the queen, he let him win it!

East found it difficult at this point to lead a heart away from the king, which was the only play he could now make to defeat the contract. Instead, he returned the queen of clubs.

Given a life, South won the club with the ace, drew two rounds of trumps, and then cashed the king of spades and king of clubs. After entering dummy with a trump, he discarded a club on the ace of spades and ruffed a club.

When it turned out that the clubs were divided 3-3, he was home. He crossed to dummy with a diamond and was able to get rid of a heart on dummy's eight of clubs. The only tricks he lost were a spade and a heart.

It is interesting to note that South's opening play had everything to gain and nothing to lose. Even if the defense had cashed two heart tricks after the spade lead, his play would not have cost him a thing. His club loser could be discarded on the ace of spades.

Surprise Program

Mrs. Estella Peterson, DeLores Clouse and Muriel Vaughan were guests of the Lincoln Toastmistress Club on Monday evening for the club's dinner and program at the Capital Hotel.

Mrs. Lorraine Christenser presided at the "surprise" program, for which members were given assignments and topics with no opportunity for preparation. Mrs. Keith Blackledge served as toastmistress, and topic mistress was Mrs. Robert Meyerhoff.

Speakers and their topics were Mrs. W. E. Woodworth, "Before Or After;" Mrs. LaVon Sumption, "On Top of Nebraska;" and Mrs. Lawrence Wentz, "Baby Sitters." Also participating in the program were Mrs. Charles Chace, Mrs. Frank O'Connell and Mrs. Josephine Eyen.

Test Ban Treaty Initialing Held Up

Moscow (AP)—U.S., British and Soviet delegates concluded the final draft of a nuclear test ban treaty Wednesday, but its initialing was held up by arguments over a nonaggression pact between NATO and the Communist Block.

Not only was much of Wednesday's meeting devoted to the nonaggression pact, but Premier Khrushchev himself returned it to center stage.

While negotiators worked a long day at Spiridonovka Palace, Tass released a letter from Khrushchev to Africans saying signing the ban on nuclear tests in the air, outer space and under water could result in "a radical turn toward a better international climate."

3 For Better

He added that this change for the better could come from the pact "as well as by signing a nonaggression pact."

Thus, although he linked the two, the premier did not specifically say they must absolutely be bound together.

Khrushchev's letter was written to the heads of 30 African states who met in May in Addis Ababa, Ethiopia. In it, he also offered them a guarantee not to use nuclear weapons in Africa if World War III broke out provided the Western powers would make the same pledge.

Ready To Talk

Both the Americans and British were ready to talk about nonaggression but reportedly they told the Russians again that talk about it was all they were authorized to do. They wanted a test ban agreement without complications.

Both the American and British delegations came out of Tuesday's talks jubilant and pleased. A signature was looked upon as likely Wednesday but later correspondents were advised to be cautious in their forecasts on the time for initialing.

That was still true Wednesday night. There is no agreement on a time to initial the treaty but all obstacles known to the British and U.S. delegations have been removed. No one, however, was entirely certain new questions would not be raised.

About The Same

The treaty was essentially what was proposed nearly a year ago by the British and Americans at the 17-nation disarmament committee in Geneva. Signature then was refused by the Soviet delegation on Khrushchev's argument that while it might ban other testing, it "legalized" underground testing.

The present treaty also excludes underground testing since the Russians have declined to permit the number of on-site inspections demanded by the British and Americans. The Russians refused on the complaint that it amounts to opening Soviet defense areas to espionage by the West. The West has offered to open its territory to Russian inspection on equal terms.

Washington reports continued that Secretary of State Dean Rusk might come to Moscow for a treaty signing next week, and to discuss the nonaggression pact. These were discounted here.

Information

Apparently a telephone call from Washington brought the information that Rusk was planning to remain there to prepare the way for Senate approval of the treaty.

The treaty, if it follows the pattern of the one presented in Geneva, can be read in 10 minutes. In the simplest possible terms it bans testing in the air, under water and in space from the territory of the signatory powers or in the high seas.

Also, apparently as a means of discoraging the spread of nuclear weapons to other countries, the signers are pledged not to aid in conducting explosions anywhere.

Safety Valve

It has a safety valve permitting any nation to withdraw from the treaty on 60 that one of the countries has days notice if it suspects violated the treaty, or that even some other country has let go a blast under circumstances which would impair the security of any of the signers.

Still another routine communique was issued by the negotiators.

The communique said "further progress was achieved in drafting a nuclear test ban treaty covering tests in the atmosphere, outer space and under water.

"Exchanging of views also continued on other matters of mutual interest.

"The next meeting will be held July 25."

Governors' Ladies Like Rock's Wife

Miami Beach, Fla. (AP)—What do the wives of the nation's governors think of the new Mrs. Nelson Rockefeller?

Observers say the blonde Happy is the topic of many a private chat among the ladies attending the National Governor's Conference with their husbands. But a cross-section of women asked their views came up with only two reactions.

They either described her as charming or reported they've had little opportunity to become acquainted with the wife of the New York Republican governor. None mentioned her divorce and remarriage.

Not Hobnobbing

Mrs. Rockefeller herself has been sitting in regularly on the governors' sessions and apparently hasn't had much time to hobnob with her female colleagues. She passed up a gala luncheon given for ladies at a yacht and country club by Mrs. Farris Bryant, wife of Florida's governor.

Mrs. Paul Fannin of Arizona hasn't "had a chance to visit with her. She was just as I expected by her pictures and what we've read about her." Gov. Fannin is backing Sen. Barry Goldwater of Arizona for the Republican presidential nomination.

The wife of Connecticut Gov. John Dempsey, a Democrat, said she's seen Mrs. Rockefeller "but I haven't met her so I wouldn't care to make any comment."

Natural

"She seems to be very charming," said Mrs. Matthew E. Welsh of Indiana, another Democrat. "Charming and very natural."

Mrs. Clifford P. Hansen of Wyoming, a Republican, found Happy about as she'd expected though "I haven't had a chance to much more than say hello. She seemed very nice."

"I think she's a very charming lady," said Mrs. John Anderson Jr., of Kansas, also a Republican. "She's very unpretentious. She acts as if she's enjoying whatever she's doing."

Charming

Mrs. Otto Kerner, wife of Illinois' Democratic governor, has met her for only a few minutes but agrees with Mrs. John A. Love of Colorado, a Republican, that she's "very charming."

Though Mrs. Rockefeller's personal contacts with other wives may be few, she and her husband have joined dancers at the social events and have been prime favorites with conference spectators. Each time they've stepped out, they've drawn an autograph-seeking crowd.

One woman who pushed through a throng to shake hands with Happy turned to friends afterward and remarked: "Well, I couldn't have gone home if I hadn't done that."

Grenade Kills One

Aden (AP) — One office boy was killed and another seriously hurt when a grenade was hurled into the office of the South Arabian News Agency in this British Red Sea protectorate. There were no immediate clues as to who threw the bomb.

—5 DIED IN N.Y. WRECK—

Take Judge's Son's License

New York (UPI)—The state of New York Wednesday revoked the driver's license of a judge's son who was a key figure in an accident that killed 5 persons.

Three weeks ago Gareth Martinis, 23, was cleared of several charges by a panel of judges that sit with his father. The judges' decision raised a storm of public protest.

Wednesday William S. Hults, state motor vehicles commissioner, revoked Martinis' license within minutes after a hearing into the traffic deaths conducted by a referee for the motor vehicle department.

Ignored

Martinis, son of Criminal Court Judge Joseph A. Martinis, ignored a subpoena and did not appear at the hearing.

On July 1, 3 other criminal court judges deliberated only 5 minutes before acquitting Martinis of charges of drunken driving, reckless driving and leaving the scene of an accident.

In effect the decision by the motor vehicle commissioner disagreed with the panel of judges.

Swiftly

Wednesday's hearing was conducted by Rodger Whelan. He said he was reserving decision until he could talk to Hults. Hults' announcement followed swiftly.

Samuel Segal, Martinis' attorney, urged Whelan to adjourn the hearing until Martinis could "air his position" before a Bronx grand jury scheduled to inquire into the case July 31.

Technically, Hults revoked Martinis' license for 30 days for leaving the scene of an accident, reckless driving and refusing to submit to a sobriety test. This opened the way for future revocations.

Pointed Out

A spokesman pointed out that when the question of obtaining the reinstatement of the license comes up at the end of 30 days, previous convictions can be used in the review of the case. Martinis has a record of other traffic offenses and violations that could be used later to refuse to reissue him a license.

Witnesses said Martinis' car touched off a multiple car collision. His car allegedly crashed into the back of a second car at high speed, causing the car he struck to cross a dividing strip and crash headon into an approaching car.

PLAN TO USE YANKS IN LAOS 'BASELESS'

Washington (AP) — The Defense Department said Wednesday "there is no foundation" to a report that the United States has prepared a plan to use U.S. troops in Laos in event the Communists were about to overrun the country completely.

"There is no change in U.S. policy regarding Laos," the statement said.

"We do not comment on any course of action which might be taken in a hypothetical situation."

Current U.S. policy is to support a 14-nation agreement creating a neutralist government in Laos.

That agreement has been endangered in recent months by military actions on the part of Communist and pro-Communist forces in the country.

The Chicago Sun-Times reported that a last-ditch plan for using U.S. troops to save Laos had been settled on in the face of signs that Communist China may be on the verge of a massive new push in Southeast Asia.

The story said the reported plan also involves a possible U.S. air and land strike against Hanoi, capital of Communist North Viet Nam.

"There is no foundation to this story," the Pentagon said.

The Joint Chiefs of Staff, as the nations' top military planners, have at all times a wide range of contingency plans in the event of a political decision to use U.S. military power in virtually any area of the world.

These plans cover the whole spectrum of possibilities and are revised from time to time to take account of current military conditions.

Such plans cover not only situations like Laos and South Viet Nam but possible emergencies in Latin America, Africa, Europe, the Middle East and most points in Asia.

PHOTOGRAPHER AT WORK

Charles Rosher, 80-year-old photographer, the oldest attending the Professional Photographers Association meeting in Dallas, poses model Gwen Dunn for the benefit of photographers Wednesday. Rosher from Ft. Lauderdale, Fla., retired from the field of Hollywood photographers in 1954. He was director of photography for various movie studios and work included pictures of Mary Pickford.

Judge Won't Invalidate Hoffa Jury-Tampering Accusation

Nashville, Tenn. (AP) — Federal District Judge Frank Gray refused late Wednesday to invalidate a jury-tampering indictment against Teamster President James R. Hoffa and 6 codefendants.

The judge also declined to hear further arguments on defense charges that government representatives had acted improperly before the grand jury which indicted the men last May.

Pre trial arguments on other defense counsel motions, seeking dismissal of the indictments or transfer of the trial to another city, were scheduled to be heard Thursday.

Contended

Hoffa and his attorneys have contended he could not get a fair trial here because of widespread publicity during his Nashville trial last year on charges of conspiring to violate the Taft-Hartley Law.

That 9-week trial ended when the jury was unable to reach a verdict and the case is still pending.

The jury-tampering charges grew out of that trial, during which the government accused Hoffa and 10 other men with attempting to influence jurors and prospective jurors. Hoffa and 6 men were indicted together, while charges against the other 4 were returned in another indictment.

Arguments on a series of defense motions started here Monday.

Revealed

Judge Gray ruled Wednesday that he would permit the grand jury testimony of one witness, Miss Mary Louise Humphreys of Huntington, W. Va., to be revealed. Other testimony will remain secret.

Normally, the testimony of any witness before a grand jury remains secret. Miss Humphreys, a secretary, testified Tuesday that Walter Sheridan, special consultant to Atty. Gen. Robert Kennedy, was in the grand jury room when she testified.

Both Sheridan and Justice Department attorney James F. Neal denied the statement. Wednesday.

—5 DIED IN N.Y. WRECK—

Take Judge's Son's License

New York (UPI)—The state of New York Wednesday revoked the driver's license of a judge's son who was a key figure in an accident that killed 5 persons.

Three weeks ago Gureth Martinis, 23, was cleared of several charges by a panel of judges that sit with his father. The judges' decision raised a storm of public protest.

Wednesday William S. Hults, state motor vehicles commissioner, revoked Martinis' license within minutes after a hearing into the traffic deaths conducted by a referee for the motor vehicle department.

Ignored

Martinis, son of Criminal Court Judge Joseph A. Martinis, ignored a subpoena and did not appear at the hearing.

On July 1, 3 other criminal court judges deliberated only 5 minutes before acquitting Martinis of charges of drunken driving, reckless driving and leaving the scene of an accident.

In effect the decision by the motor vehicle commissioner disagreed with the panel of judges.

Swiftly

Wednesday's hearing was conducted by Rodger Whelan. He said he was reserving decision until he could talk to Hults. Hults' announcement followed swiftly.

Samuel Segal, Martinis' attorney, urged Whelan to adjourn the hearing until Martinis could "air his position" before a Bronx grand jury scheduled to inquire into the case July 31.

Technically, Hults revoked Martinis' license for 30 days for leaving the scene of an accident, reckless driving and refusing to submit to a sobriety test. This opened the way for future revocations.

Pointed Out

A spokesman pointed out that when the question of obtaining the reinstatement of the license comes up at the end of 30 days, previous convictions can be used in the review of the case. Martinis has a record of other traffic offenses and violations that could be used later to refuse to reissue him a license.

Witnesses said Martinis' car touched off a multiple car collision. His car allegedly crashed into the back of a second car at high speed, causing the car he struck to cross a dividing strip and crash headon into an approaching car.

PLAN TO USE YANKS IN LAOS 'BASELESS'

Washington (AP) — The Defense Department said Wednesday "there is no foundation" to a report that the United States has prepared a plan to use U.S. troops in Laos in event the Communists were about to overrun the country completely.

"There is no change in U.S. policy regarding Laos," the statement said.

"We do not comment on any course of action which might be taken in a hypothetical situation."

Current U.S. policy is to support a 14-nation agreement creating a neutralist government in Laos.

That agreement has been endangered in recent months by military actions on the part of Communist and pro-Communist forces in the country.

The Chicago Sun-Times reported that a last-ditch plan for using U.S. troops to save Laos had been settled on in the face of signs that Communist China may be on the verge of a massive new push in Southeast Asia.

The story said the reported plan also involves a possible U.S. air and land strike against Hanoi, capital of Communist North Viet Nam.

"There is no foundation to this story," the Pentagon said.

The Joint Chiefs of Staff, as the nations' top military planners, have at all times a wide range of contingency plans in the event of a political decision to use U.S. military power in virtually any area of the world.

These plans cover the whole spectrum of possibilities and are revised from time to time to take account of current military conditions.

Such plans cover not only situations like Laos and South Viet Nam but possible emergencies in Latin America, Africa, Europe, the Middle East and most points in Asia.

Trade Resumes

Kabul, Afghanistan (AP) — Trade has been resumed between Afghanistand and Pakistan after a two-year interruption due to a border dispute between the two countries.

PHOTOGRAPHER AT WORK

Charles Rosher, 80-year-old photographer, the oldest attending the Professional Photographers Association meeting in Dallas, poses model Gwen Dunn for the benefit of photographers Wednesday. Rosher from Ft. Lauderdale, Fla., retired from the field of Hollywood photographers in 1954. He was director of photography for various movie studios and work included pictures of Mary Pickford.

Judge Won't Invalidate Hoffa Jury-Tampering Accusation

Nashville, Tenn. (AP) — Federal District Judge Frank Gray refused late Wednesday to invalidate a jury-tampering indictment against Teamster President James R. Hoffa and 6 codefendants.

The judge also declined to hear further arguments on defense charges that government representatives had acted improperly before the grand jury which indicted the men last May.

Pre trial arguments on other defense counsel motions, seeking dismissal of the indictments or transfer of the trial to another city, were scheduled to be heard Thursday.

Contended

Hoffa and his attorneys have contended he could not get a fair trial here because of widespread publicity during his Nashville trial last year on charges of conspiring to violate the Taft-Hartley Law.

That 9-week trial ended when the jury was unable to reach a verdict and the case is still pending.

The jury-tampering charges grew out of that trial, during which the government accused Hoffa and 10 other men with attempting to influence jurors and prospective jurors. Hoffa and 6 men were indicted together, while charges against the other 4 were returned in another indictment.

Arguments on a series of defense motions started here Monday.

Revealed

Judge Gray ruled Wednesday that he would permit the grand jury testimony of one witness, Miss Mary Louise Humphreys of Huntington, W. Va., to be revealed. Other testimony will remain secret.

Normally, the testimony of any witness before a grand jury remains secret. Miss Humphreys, a secretary, testified Tuesday that Walter Sheridan, special consultant to Atty. Gen. Robert Kennedy, was in the grand jury room when she testified.

Both Sheridan and Justice Department attorney James F. Neal denied the statement Wednesday.

Moscow Showing Dims U.S. Chances

. . . IN '64 OLYMPICS

Warsaw, Poland (AP)—Off the results of the American track and field debacle at Moscow last weekend and what you see in athletic-conscius lands behind the Iron Curtain, the United States should prepare for a lean harvest at the Tokyo Olympics in 1964.

As far as the girls go, we might as well skip it. The American girls aren't getting better—from an international viewpoint—in the sprint and hurdle events Uncle Sam's nieces formerly dominated. The Russians and the others are coming up with faster, better trained girls and their usual collection of muscle molls who throw everything at least 20 yards farther than the best we have.

More important, the girls on this side of the Atlantic get more attention and far more international competition to prepare them for the pressure-packed world meets. They get accustomed to foreign languages, food, accommodations and climate with ease.

This is an important factor for the men, too, and the American coaches now are very well aware of it.

"I am making the very strong recommendation that we have at least one tune-up meet before the Russian meet in the future," said U.S. head coach Payton Jordan, who had expressed confidence the Yankes would roll up a better combined score than the Russian men and women.

Lucky to Win

As it turned out the American men were lucky to squeak out a 12-10 margin in first places and 119-114 point margin in points but the Russian girls swept all 10 events.

"I also think it is a good idea to get into Moscow only a day or two before the meet, and stay a few days afterwards for sight-seeing," added Jordan as he prepared the team for the meet with the Poles Friday and Saturday.

The U.S. team went to Moscow a week in advance but it didn't help too much. The athletes became bored in the drab surroundings and they became stale from lack of top competition.

"They went too long without competition," said Jordan. "It was a young team, and had very little international experience. A team like that can explode, or it can sag. This one sagged, at least the first day, although I am proud of the way it came back and pulled out the meet on the second day."

More Nervous

Gavriil Korobkov, head coach of the Soviet national team, in analyzing the meet in an article for Soviet Sports, admitted that the U.S. men were more naturally gifted than the Russians but were far more nervous.

Korobkov said his men had "sense of purpose and composure" while the Americans "proved to be exceptionally nervous and excited. The over-estimation of their own abilities also played a considerable part."

He also said the Russians were aided by the Soviet system of training based on science and on the knowledge of the objective laws of the development of the athletes.

The latter point may be open to argument. But one thing, you won't find Russian relay runners blowing their passes and getting disqualified as often as the speeding Americans.

And when the Soviets hear of any especially gifted kids they do something about it. They enter them in a special program at the age of 14 and train them with other talented youngsters. They are given the best of equipment, and coaching and then are moved up from one level to another until they reach the ultimate height—the national team.

There is plenty of competition within the USSR and plenty of it outside in dual meets with other nations, the Communist country meets, and the annual European Championships which has most of the pressure and trappings of the Olympics.

2 Factors Give Yanks Go

New York (AP)—"Maneuverability and balance."

These are the key factors, Manager Ralph Houk said Wednesday, in the New York Yankees' near runaway in the American League baseball race despite an unprecedented rash of crippling injuries.

"No, I'm not particularly surprised we're doing as well as we are," the Yankee skipper added, blowing puffs of smoke from a smelly cigar toward the dressing room ceiling. "I have said all along this is the best club I've had—in fact, the best I've seen.

"It has tremendous depth and, more important than that, it has resourcefulness. Every man can play several positions—and well. It's a maneuverable ball club."

Since the start of the season, the champion Yankees have been hit by no fewer than 30 separate casualties to key personnel, including their power M-and-M punch of Mickey Mantle and Roger Maris, yet they entered Wednesday's game against Los Angeles with a whopping lead of 9 games.

Might Have Worried

"I'll admit that if somebody had told me in the spring that I was going to lost both Mantle and Maris and that two of my best pitchers last year, Ralph Terry (10-10) and Bill Stafford (3-7) were going to be 13-17 in mid-July, I'd have had a lot of sleepless nights.

"But this is a real solid team, with a great bench. You can lose one man, two men, 3 men—and still not suffer too big a letdown. We have capable fellows to throw into the gap."

The Yankee manager said the team had prepared for such eventualities in spring training.

"You can't put your finger on any particular player or any handful of players," he added. "It's been strictly a case of having team depth.

"Harry Bright can play both first and 3rd—and we had to use him at 3rd when both Tony Kubek and Phil Linz were out. Blanchard can catch, play first base or the outfield. Berra and Howard can catch and play outfield. Boyer can play short or 3rd. Lopez and Tresh can play infield or outfield.

Ford Has Come Through

"We were worried about Whitey Ford in the spring because he turned up a tender arm. He's proved a real life saver and now has won 15 games for us. Jim Bouton (12-5) and Al Downing (6-1) have really come through for our pitching staff.

"You can see it's been a team effort all the way."

Blanchard, who replaced Maris when the ex-home run king went out July 7 for an operation, had batted .326, hit 5 homers and batted in 11 runs prior to Wednesday's game. Hector Lopez, moving up into the outfeild after Mantle's accident, has been **equally effective.**

Asked if it was a case of the subs hitting inspirational heights when called upon in an emergency, Houk shrugged his shoulders and said:

"Not at all. They're good ball players, doing just what comes naturally. If we'd had Mantle and Maris all the way, we'd be farther ahead."

Here's an infirmary report of the injuries:

Mickey Mantle—groin injury March 10; bone fracture in left foot June 5, still on sidelines.

Roger Maris—Pulled hamstring muscle April 1, strained back May 14, underwent rectal operation, still on sidelines.

Bud Daley—Underwent operation for bone chips in pitching arm, out most of season.

Bobby Richardson—Stricken with measles.

John Blanchard—Contusions right leg.

Whitey Ford—Tender pitching arm at start of season, lost first two starts.

Tommy Tresh—Bruised shin, strained knee.

Clete Boyer—Injured muscle in left leg, suffered neck strain.

Phil Linz—Sprained right knee, jammed ankle.

Elston Howard—Contusion back of left leg, injured right thigh, bruised shoulder, jammed index finger.

Yogi Berra—Suffered contusions on ankle and shins.

Hector Lopez—Strained left hamstring muscle, injured left wrist.

Jim Bouton—Hit in jaw by batted ball, requiring several stitches.

Joe Pepitone—Strained thigh muscle, injured index finger of left hand.

Marshall Bridges—Suffered muscle strain, bruised knee, heel.

Tony Kubek—Tore left hamstring muscle, damaged right arm, hurt ankle.

YANKS WIN 6TH IN ROW

Blanchard Hits Homer, 4 RBIs

. . . ANGELS FALL, 8-4

By UNITED PRESS INTERNATIONAL

Johnny Blanchard, a forlorn and forgotten figure on the New York Yankees' bench a month ago, paced them to their 6th straight victory Wednesday when he hammered his 4th homer in 3 days and drove in 4 runs in a 8-4 triumph over the Los Angeles Angels.

Blanchard's heavy hitting enabled Whitey Ford to register his 12th straight victory, although the Yankee Southpaw tired in the 7th and gave way to Hal Reniff, who yielded the Angels' final run. Ford's record now is 16-3.

Roger Maris returned to action for the first time since July 7 when he singled as a pinch-hitter for Ford in the 7th.

Blanchard, who was inserted into the regular lineup on July 7 and has been hitting at a .326 clip since, collected two singles in addition to his 3-run homer in the 3rd inning.

The victim of Blanchard's 7th homer of the season was Dean Chance, who relieved loser Don Lee after 2 2-3 innings. The 3-run homer brought the Yanks from a 3-2 deficit and they never trailed again.

During the 7 innings he pitched, Ford allowed 3 runs, 6 of the Angels' 9 hits and struck out 8 while walking two.

Home runs by Jackie Brandt, Johnny Orsino and Bob Johnson paced the Baltimore Orioles to an 8-5 victory over the Washington Senators. Dick Hall shut out the Senators with 3 hits over the last 6 2-3 innings to win his 5th game. Minnie Minoso hit a grand slam homer for the Senators.

The Kansas City Athletics swept a twi-night doubleheader from the Boston Red Sox, 5-2 and 7-6, to drop the Red Sox from second place to 5th. Orlando Pena pitched a 7-hitter and Ken Harrelson homered to lead the A's in the first game. The A's won the nightcap on the strength of a 5-run 3rd inning during which Wayne Causey, Jerry Lumpe and George Alusik hit doubles.

Ron Hansen drove in all 3 runs with a two-run homer and a sacrifice fly as the Chicago White Sox beat the Detroit Tigers, 3-1. Gary Peters pitched an 8-hitter to raise his record to 9-5. Rocky Colavito's 4th-inning homer produced the Tigers' run.

Dick Stigman pitched a 7-hitter and Jim Kaat hurled a 6-hitter as the Minnesota Twins swept the Cleveland Indians, 9-0 and 5-0, in a twi-night doubleheader. Homers by Don Mincher, Johnny Gorl and Rich Rollins led the Twins' 11-hit attack in the first game. Kaat and Dick Donovan matched zeroes until the 9th of the nightcap when the Twins erupted for 5 runs with the aid of a solo homer and a 3-run homer by Kaat.

Optimists Nip Syracuse, 2-1

Les Tyrrell singled in the winning run in the bottom of the 7th inning and the Lincoln Optimists edged Syracuse 2-1, in the opener of a Legion baseball doubleheader at Sherman Field Wednesday night.

Tyrrell's hit scored Chuck Turek, who had reached first when hit by a pitch and went to second on an error. Tyrrell also knocked in the other Optimists' run in the 3rd when his sacrifice fly drove in Turek who had doubled and gone to 3rd on a sacrifice by Greg Kemist.

John Laird, who came in with the bases loaded and one out to relieve starter Floyd Jones in the 5th, walked one then retired the next 8 men, striking out 5, to pick up his second win against 3 defeats.

The win brought the Optimists' season record to 11 wins and 12 losses. Syracuse, a non-Cornhusker League team, is currently 12-10.

Gerry's '9' Victim Of No-Hitter

Don Wilson of Loup City pitched a no-hitter and beat Gerry's Legion team and hurler Bob Hergenrader in a brilliant pitching duel at Sherman Field Wednesday night.

Wilson, a 6-3, 205-pound 17 year old who plans to enroll at the University of Nebraska this fall, faced only 24 men as he threw the season's first Legion no-hitter at Sherman Field.

He was in trouble only once. Gerry's loaded the bases with two out but Wilson fanned Hergenrader, one of 9 strikeouts, to get out of the jam.

Hergenrader gave up just one hit but lost his 3rd game against 6 wins as Gerry's suffered its 3rd straight setback since clinching the Cornhusker League title. Gerry's is now 20-6 for the season.

Loup City, 16-3 for the year, scored in the first frame when Rich Guzinski walked and scored on Larry Kaslon's double, the only hit off Hergenrader.

Hergenrader, struck out 11 before being relieved in the 6th. Wilson fanned 9.

LAMBERT WINNER . . . Stern wins trophy.

Bryan, Schmidt Sparkle In Meet

. . . LAMBERT TROPHY TO STERN

Mark Bryan and Dee Schmidt were the pacesetters Wednesday night at the Lincoln Journal and Star Swimming Championships held at Muny Pool.

Young Bryan set 3 marks. In the 10 and under Boys 50-yard butterfly event he bested Stan Ewing's record of 36.9 set in 1961 by .06 of a second. He then went on to smash Tom Heuke's 50-yard Freestyle mark with a .31.5 and another Ewing record in the 50-yard Backstroke with a time of 37.5.

Miss Schmidt added two records to her growing collection. She cracked her own Girls 10 and under 50-yard Butterfly-mark as well as her own 50-yard breaststroke title.

The meet felled 11 records in all. Stan Ewing broke Scott Wright's 50-yard butterfly mark for boys 11 and 12 years of age with a time of 31 seconds flat. This time bested Wright's old mark by a sizzling 2.5 seconds.

The Lambert Trophy was awarded to Bob Stern whose time of 2:09.1 won easily over runner-up King Little's time of 2:10.7 in the Mens 200 yard Freestyle event.

Girls Diving

10 & Under—1. Susie Rodenberg; 2. Betsy Abbott.
11-12—1. Joyce Felton; 2. Kathy Abbott; 3. Carlan Peterson; 4. Tina Adams.
13-14—1. Nancy Adams; 2. Kay Calkin; 3. Mary Westevelt.
15 and over—1. Judy Abbott; 2. Donna Schroer.

Boys Diving

10 & Under—1. Casey Cook.
11-12—Brian McQuillen.
13-14—1. Dennis Graham; 2. Bob Ewen.
15 & Over—1. Rick Silverman; 2. Paul Bryan; 3. Gene Simpson; 4. Jim Howard; 5. Rick Gilbert.
Men's 200-yard Freestyle (Lambert Trophy event)—1. Bob Stern; 2. King Little; 3. Al Zeman; 4. Steve Michael; T—2:09.1.

Boys 50-Yard Butterfly

10 & Under—1. Mark Bryan; 2. Mark Fouts; 3. Wade Kingery; 4. Mark Epp; 5. David Magee; T—34.4. (record betters old mark of 36.9 set by Stafn Ewing in 1961).
11-12—1. Stan Ewing; 2. Kelly Cook; 3. Mike Zeman; 4. Steve Damian; T—31.0 (record betters old mark of 33.5 by Scott Wright in 1932).

GIRLS 50-YARD BUTTERFLY

10 & Under—1. Dee Schmidt; 2 Christy Cook; 3 Benita Buss; 4. Keltie McCormick; 5. Eileen Rowe; T—36.2 (record beters old mark of 40.6 set by Dee Schmidt in 1962).
11-12—1. Anne Frisch; 2. Linda Geis; 3. JoDee Rowen; 4. Mary May; 5. Jane Wright; T—39.3.

—FOR TOP GOLFERS—

Nicklaus Suggests Two-Month Layoff

Chicago (AP)— Jack Nicklaus golf's "Alexander" with few worlds left to conquer at 23, appeared Wednesday for the 60th Western Open proposing that top pro golfers should knock off two months a year from competitive play.

Nicklaus, who last weekend rallied to add the national PGA title to his 1962 U.S. Open and his 1963 Master's crowns, will be among some 125 pros squaring off Thursday in the $50,000 Western Open.

Nicklaus, who never has played the par 71 Beverly Country Club course, scene of the 72-hole Western, told a news conference:

"You have to set aside two months a year from tournament golf to enjoy the game. When you play 12 months a year on the circuit, the game no longer is a game, it's a nerve-wracking grind."

Nicklaus, who still has to round out a 5-year pro term to qualify as a full-fledged PGA member, had some interesting financial comment.

The husky former Ohio State star said he was incorporated as far as exhibition play is concerned, allowing him a 21 per cent tax break compared with the much higher personal income levy on regular tourney revenue.

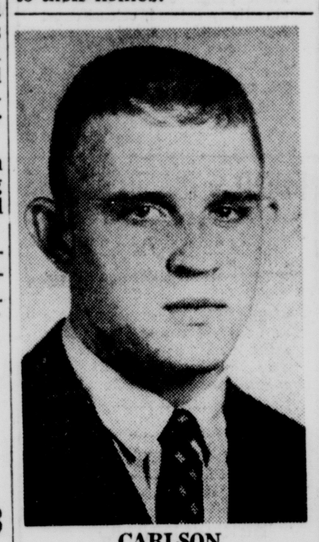

Nicklaus ranks second in official PGA money winning for the year behind Arnold Palmer, $85,955 to $75,140.

The corporation setup, Nicklaus explained, affects exhibition involving TV coverage.

3 Track Titlists Will Not Compete

Warsaw, Poland (AP)—Three athletes who won first places in the track duel with Russia last weekend will not compete for the United States against Poland on Friday and Saturday.

The 3 first place winners at Moscow who will not compete are Harold Connolly in the hammer throw, Jay Silverster in the discus and Willie Atterberry in the 400-meter hurdles. All have had to return to their homes.

CARLSON

Vikes Lose Carlson Via Headaches

Dwain Carlson, an all-Big Eight guard for Gotham Bowl champion Nebraska last season, has returned to Lincoln, giving up his bid to play professional football with the Minnesota Vikings of the National Football League.

Carlson said the reason he quit was continuous headaches, caused he thinks, by the hard pounding of football.

"I had them (headaches) in college," Carlson said, "but they are a lot worse now. I guess it's because they hit harder here."

Heavier than when playing for the Cornhuskers (he went from 210 to 225) Carlson was given an excellent chance of making the grade with the Vikes.

Only a week ago, Minnesota traded veteran linebackers Cliff Livingston and Clancy Osborne to Los Angeles for draft choices. This left the Vikes with a youthful corps.

"I thought I probably had as good a chance as anyone to make the club," Dwain said. "They need 4 linebackers."

Carlon plans to work in Lincoln and finish his education. He needs 10 hours to complete his business education course.

"I've talked to a lot of the guys here (Bemidji) and they all advise me to quit," the former Husker tri-captain said, **"I've only got one head."**

Spangler Gains First Round Win

Colorado Springs, Colo. (UPI) — Co-medalists Claude Wright of Denver and Dick Spangler of Lincoln, Neb., opened match play in the Broadmoor Invitational Golf Tournament Wednesday with first round victories.

Wright took a handy 4 and 3 decision from Jim Kennedy of Colorado Springs. Spangler had to come from behind to shake out Larry Eaton of Greeley, Colo., 2 and 1.

In other first round results: Jim Wilson, Omaha, Neb., defeated W.W. Flenniken, Denver, 4 and 3; and John Liechty, Marshalltown, Ia., defeated H. V. Bolas, Littleton, Colo., 5 and 4.

Relko Not Doped Says Mrs. Dupre

London (AP)—"Relko was not doped," said Mrs. Francois Dupre Wednesday after an inquiry into the running of the English Derby—a race won by Relko by 6 lengths.

Mrs. Dupre, of France, trainer Francois Mathet and Jockey Yves St. Martin were among people who attended a 90-minute inquiry at The Jockey Club headquarters in London.

The meeting followed allegations that Relko had been doped to win the English Derby by May 29. Later Relko, an odds on favorite to win the Irish Sweeps Derby, was pulled out of the Irish race seconds before the start because he went lame.

Mets Set New Record— Suffer 18th Road Loss

. . . GIANTS TRIUMPH, 4-3

By United Press International

Jim Davenport batted in two runs with a double in the 9th inning Wednesday to give the San Francisco Giants a 4-3 victory over the New York Mets, who set a National League record by sustaining their 18th consecutive loss on the road.

The old modern mark of 17 straight setbacks away from home was registered by the Philadelphia Phillies two seasons ago.

Lefty Al Jackson of the Mets, now 6-12, was working on a two-hitter when the 9th inning started. Then he hit leadoff batter Felipe Alou and Willie McCovey in succession with pitched balls.

After Willie Mays flied to center and sent Alou to 3rd on the out, shortstop Larry Burright booted a grounder by Orlando Cepeda and Alou scored. Davenport followed with his double to right center that brought across the tieing and winning runs.

Billy Hoeft picked up his second win of the season after coming in to start the 9th and retiring 3 Mets in order.

New York routed Jack Sanford with 3 runs on as many hits in the 7th innng to break a scoreless tie. Jackson brought in the first run by doubling to left center and Jim Hickman, who also struck out 3 times, followed with a two-run single.

Back-to-back doubles by Lou Brock and Ellis Burton produced all the runs as the Chicago Cubs nipped the Cincinnati Reds, 2-1. Dick Ellsworth went all the way for Chicago, setting the Reds down on 4 hits to gain his 14th victory of the season against 7 losses.

The Los Angeles Dodgers downed the Pittsburgh Pirates, 5-1, behind the powerful pitching of Don Drysdale, who registered his 13th victory of the season.

Cal McLish and Jack Baldschun combined to scatter 10 hits as the Philadelphia Phillies topped the Houston Colts, 6-3, and Denny Lemaster pitched a 5-hitter to give the Milwaukee Braves an 8-1 victory over the St. Louis Cardinals, in other N.L. night games.

ROBERTS WINS DISTRICT GAME

Nebraska City — Roberts pounded out 12 hits in support of pitcher Dana Cole and eliminated Nebraska City from the District Legion playoff by a 14-6 score Wednesday night.

The Lincoln club scored 3 runs in the first, added 4 in the 3rd, then put the game on ice when catcher Doug Dworak blasted a grand-slam homer in the 6th for a 11-4 advantage.

Moscow Showing Dims U.S. Chances

. . . IN '64 OLYMPICS

Warsaw, Poland (AP)—Olf the results of the American track and field debacle at Moscow last weekend and what you see in athletic-conscius lands behind the Iron Curtain, the United States should prepare for a lean harvest at the Tokyo Olympics in 1964.

As far as the girls go, we might as well skip it. The American girls aren't getting better—from an international viewpoint—in the sprint and hurdle events Uncle Sam's nieces formerly dominated. The Russians and the others are coming up with faster, better trained girls and their usual collection of muscle molls who throw everything at least 20 yards farther than the best we have.

More important, the girls on this side of the Atlantic get more attention and far more international competition to prepare them for the pressure-packed world meets. They get accustomed to foreign languages, food, accommodations and climate with ease.

This is an important factor for the men, too, and the American coaches now are very well aware of it.

"I am making the very strong recommendation that we have at least one tune-up meet before the Russian meet in the future," said U.S. head coach Payton Jordan, who had expressed confidence the Yankes would roll up a better combined score than the Russian men and women.

Lucky to Win

As it turned out the American men were lucky to squeak out a 12-10 margin in first places and 119-114 point margin in points but the Russian girls swept all 10 events.

"I also think it is a good idea to get into Moscow only a day or two before the meet, and stay a few days afterwards for sight-seeing," added Jordan as he prepared the team for the meet with the Poles Friday and Saturday.

The U.S. team went to Moscow a week in advance but it didn't help too much. The athletes became bored in the drab surroundings and they became stale from lack of top competition.

"They went too long without competition," said Jordan. "It was a young team, and had very little international experience. A team like that can explode, or it can sag. This one sagged, at least the first day, although I am proud of the way it came back and pulled out the meet on the second day."

More Nervous

Gavriil Korobkov, head coach of the Soviet national team, in analyzing the meet in an article for Soviet Sports, admitted that the U.S. men were more naturally gifted than the Russians but were far more nervous.

Korobkov said his men had "sense of purpose and composure" while the Americans "proved to be exceptionally nervous and excited. The over-estimation of their own abilities also played a considerable part."

He also said the Russians were aided by the Soviet system of training based on science and on the knowledge of the objective laws of the development of the athletes.

The latter point may be open to argument. But one thing, you won't find Russian relay runners blowing their passes and getting disqualified as often as the speeding Americans.

And when the Soviets hear of any especially gifted kids they do something about it. They enter them in a special program at the age of 14 and train them with other talented youngsters. They are given the best of equipment, and coaching and then are moved up from one level to another until they reach the ultimate height—the national team.

There is plenty of competition within the USSR and plenty of it outside in dual meets with other nations, the Communist country meets, and the annual European Championships which has most of the pressure and trappings of the Olympics.

2 Factors Give Yanks Go

New York (AP)—"Maneuverability and balance."

These are the key factors, Manager Ralph Houk said Wednesday, in the New York Yankees' near runaway in the American League baseball race despite an unprecedented rash of crippling injuries.

"No, I'm not particularly surprised we're doing as well as we are," the Yankee skipper added, blowing puffs of smoke from a smelly cigar toward the dressing room ceiling. "I have said all along this is the best club I've had—in fact, the best I've seen.

"It has tremendous depth and, more important than that, it has resourcefulness. Every man can play several positions—and well. It's a maneuverable ball club."

Since the start of the season, the champion Yankees have been hit by no fewer than 30 separate casualties to key personnel, including their power M-and-M punch of Mickey Mantle and Roger Maris, yet they entered Wednesday's game against Los Angeles with a whopping lead of 9 games.

Might Have Worried

"I'll admit that if somebody had told me in the spring that I was going to lost both Mantle and Maris and that two of my best pitchers last year, Ralph Terry (10-10) and Bill Stafford (3-7) were going to be 13-17 in mid-July, I'd have had a lot of sleepless nights.

"But this is a real solid team, with a great bench You can lose one man, two men, 3 men—and still not suffer too big a letdown. We have capable fellows to throw into the gap."

The Yankee manager said the team had prepared for such eventualities in spring training.

"You can't put your finger on any particular player or any handful of players," he added. "It's been strictly a case of having team depth.

"Harry Bright can play both first and 3rd—and we had to use him at 3rd when both Tony Kubek and Phil Linz were out. Blanchard can catch, play first base or the outfield. Berra and Howard can catch and play outfield. Boyer can play short or 3rd. Lopez and Tresh can play infield or outfield.

Ford Has Come Through

"We were worried about Whitey Ford in the spring because he turned up a tender arm. He's proved a real life saver and now has won 15 games for us. Jim Bouton (12-5) and Al Downing (6-1) have really come through for our pitching staff.

"You can see it's been a team effort all the way."

Blanchard, who replaced Maris when the ex-home run king went out July 7 for an operation, had batted .326, hit 5 homers and batted in 11 runs prior to Wednesday's game. Hector Lopez, moving up into the outfield after Mantle's accident, has been equally effective.

Asked if it was a case of the subs hitting inspirational heights when called upon in an emergency, Houk shrugged his shoulders and said:

"Not at all. They're good ball players, doing just what comes naturally. If we'd had Mantle and Maris all the way, we'd be farther ahead."

Here's an infirmary report of the injuries:

Mickey Mantle—groin injury March 10; bone fracture in left foot June 5, still on sidelines

Roger Maris—Pulled hamstring muscle April 1, strained back May 14, underwent rectal operation, still on sidelines

Bud Daley—Underwent operation for bone chips in pitching arm, out most of season.

Bobby Richardson—Stricken with measles

John Blanchard—Contusions right leg.

Whitey Ford—Tender pitching arm at start of season, lost first two starts.

Tommy Tresh—Bruised shin, strained knee

Clete Boyer—Injured muscle in left leg, suffered neck strain.

Phil Linz—Sprained right knee, jammed ankle.

Elston Howard—Contusion back of left leg, injured right thigh, bruised shoulder, jammed index finger.

Yogi Berra—Suffered contusions on ankle and shins

Hector Lopez—Strained left hamstring muscle, injured left wrist

Jim Bouton—Hit in jaw by batted ball, requiring several stitches.

Joe Pepitone—Strained thigh muscle, injured index finger of left hand

Marshall Bridges—Suffered muscle strain, bruised knee, heel

Tony Kubek—Tore left hamstring muscle, damaged right arm, hurt ankle

YANKS WIN 6TH IN ROW

Gerry's '9' Victim Of No-Hitter

Don Wilson of Loup City pitched a no-hitter and beat Gerry's Legion team and hurler Bob Hergenrader in a brilliant pitching duel at Sherman Field Wednesday night.

Wilson, a 6-3, 205-pound 17 year old who plans to enroll at the University of Nebraska this fall, faced only 24 men as he threw the season's first Legion no-hitter at Sherman Field.

He was in trouble only once. Gerry's loaded the bases with two out but Wilson fanned Hergenrader, one of 9 strikeouts, to get out of the jam.

Hergenrader gave up just one hit but lost his 3rd game against 6 wins as Gerry's suffered its 3rd straight setback since clinching the Cornhusker League title. Gerry's is now 20-6 for the season.

Loup City, 16-3 for the year, scored in the first frame when Rich Guzinski walked and scored on Larry Kaslon's double, the only hit off Hergenrader.

Hergenrader, struck out 11 before being relieved in the 6th. Wilson fanned 9.

Spangler Gains First Round Win

Colorado Springs, Colo. (UPI) — Co-medalists Claude Wright of Denver and Dick Spangler of Lincoln, Neb., opened match play in the Broadmoor Invitational Golf Tournament Wednesday with first round victories.

Wright took a handy 4 and 3 decision from Jim Kennedy of Colorado Springs. Spangler had to come from behind to shake out Larry Eaton of Greeley, Colo., 2 and 1.

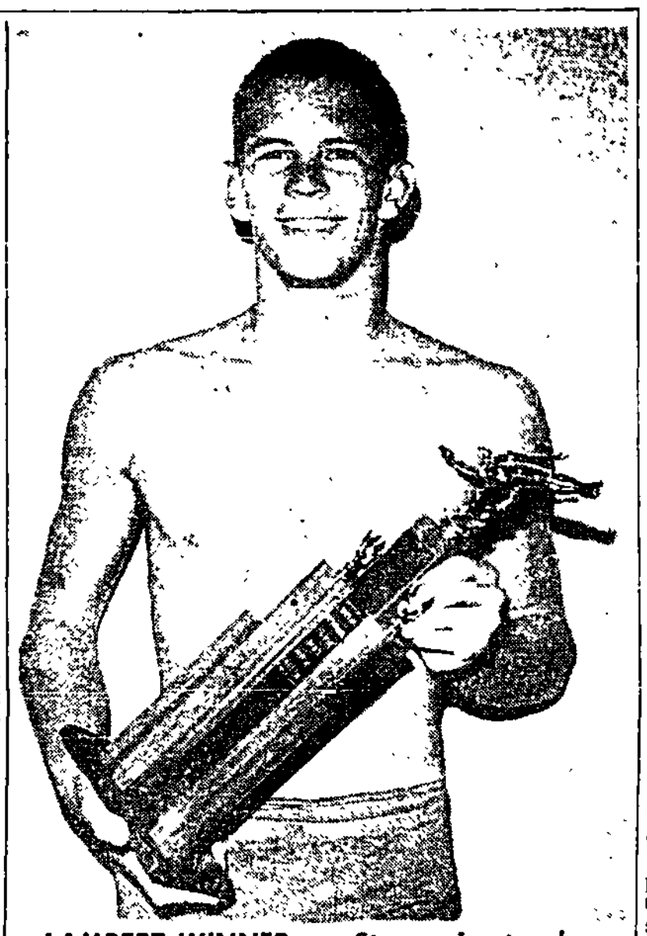

In other first round results: Jim Wilson, Omaha, Neb., defeated W.W. Flenniken, Denver, 4 and 3; and John Liechty, Marshalltown, Ia., defeated H. V. Bolas, Littleton, Colo., 5 and 4.

Relko Not Doped Says Mrs. Dupre

London (AP)—"Relko was not doped," said Mrs. Francois Dupre Wednesday after an inquiry into the running of the English Derby—a race won by Relko by 6 lengths.

Mrs. Dupre, of France, trainer Francois Mathet and Jockey Yves St. Martin were among people who attended a 90-minute inquiry at The Jockey Club headquarters in London.

The meeting followed allegations that Relko had been doped to win the English Derby May 29. Later Relko, an odds on favorite to win the Irish Sweeps Derby, was pulled out of the Irish race seconds before the start because he went lame.

LAMBERT WINNER . . . Stern wins trophy.

Bryan, Schmidt Sparkle In Meet

. . . LAMBERT TROPHY TO STERN

Mark Bryan and Dee Schmidt were the pacesetters Wednesday night at the Lincoln Journal and Star Swimming Championships held at Muny Pool.

Young Bryan set 3 marks. In the 10 and under Boys 50-yard butterfly event he bested Stan Ewing's record of 36.9 set in. 1961 by .06 of a second. He then went on to smash Tom Heuke's 50-yard Freestyle mark with a .31.5 and another Ewing record in the 50-yard Backstroke with a time of 37.5.

Miss Schmidt added two records to her growing collection. She cracked her own Girls 10 and under 50-yard Butterfly-mark as well as her own 50-yard breaststroke title.

The meet felled 11 records in all. Stan Ewing broke Scott Wright's 50-yard butterfly mark for boys 11 and 12 years of age with a time of 31 seconds flat. This time bested Wright's old mark by a sizzling 2.5 seconds.

The Lambert Trophy was awarded to Bob Stern whose time of 2:09.1 won easily over runner-up King Little's time of 2:10.7 in the Mens 200 yard Freestyle event.

Girls Diving
10 & Under—1. Susie Rodenberg; 2. Betsy Abbott.

Blanchard Hits Homer, 4 RBIs

. . . ANGELS FALL, 8-4

By UNITED PRESS INTERNATIONAL

Johnny Blanchard, a forlorn and forgotten figure on the New York Yankees' bench a month ago, paced them to their 6th straight victory Wednesday when he hammered his 4th homer in 3 days and drove in 4 runs in a 8-4 triumph over the Los Angeles Angels.

Blanchard's heavy hitting enabled Whitey Ford to register his 12th straight victory, although the Yankee Southpaw tired in the 7th and gave way to Hal Reniff, who yielded the Angels' final run. Ford's record now is 16-3.

Roger Maris returned to action for the first time since July 7 when he singled as a pinch-hitter for Ford in the 7th.

Blanchard, who was inserted into the regular lineup on July 7 and has been hitting at a .326 clip since, collected two singles in addition to his 3-run homer in the 3rd inning.

The victim of Blanchard's 7th homer of the season was Dean Chance, who relieved loser Don Lee after 2 2-3 innings. The 3-run homer brought the Yanks from a 3-2 deficit and they never trailed again.

During the 7 innings he pitched, Ford allowed 3 runs, 6 of the Angels' 9 hits and struck out 8 while walking two.

Home runs by Jackie Brandt, Johnny Orsino and Bob Johnson paced the Baltimore Orioles to an 8-5 victory over the Washington Senators. Dick Hall shut out the Senators with 3 hits over the last 6 2-3 innings to win his 5th game. Minnie Minoso hit a grand slam homer for the Senators.

The Kansas City Athletics swept a twi-night doubleheader from the Boston Red Sox, 5-2 and 7-6, to drop the Red Sox from second place to 5th. Orlando Pena pitched a 7-hitter and Ken Harrelson homered to lead the A's in the first game. The A's won the nightcap on the strength of a 5-run 3rd inning during which Wayne Causey, Jerry Lumpe and George Alusik hit doubles.

Ron Hansen drove in all 3 runs with a two-run homer and a sacrifice fly as the Chicago White Sox beat the Detroit Tigers, 3-1. Gary Peters pitched an 8-hitter to raise his record to 9-5. Rocky Colavito's 4th-inning homer produced the Tigers' run.

Dick Stigman pitched a 7-hitter and Jim Kaat hurled a 6-hitter as the Minnesota Twins swept the Cleveland Indians, 9-0 and 5-0, in a twi-night doubleheader. Homers by Don Mincher, Johnny Gorl and Rich Rollins led the Twins' 11-hit attack in the first game. Kaat and Dick Donovan matched zeroes until the 9th of the nightcap when the Twins erupted for 5 runs with the aid of a solo homer and a 3-run homer by Kaat.

Optimists Nip Syracuse, 2-1

Les Tyrrell singled in the winning run in the bottom of the 7th inning and the Lincoln Optimists edged Syracuse 2-1, in the opener of a Legion baseball doubleheader at Sherman Field Wednesday night.

Tyrrell's hit scored Chuck Turek, who had reached first when hit by a pitch and went to second on an error. Tyrrell also knocked in the other Optimists' run in the 3rd when his sacrifice fly drove in Turek who had doubled and gone to 3rd on a sacrifice by Greg Kemist.

John Laird, who came in with the bases loaded and one out to relieve starter Floyd Jones in the 5th, walked one then retired the next 8 men, striking out 5, to pick up his second win against 3 defeats.

The win brought the Optimists' season record to 11 wins and 12 losses. Syracuse, a non-Cornhusker League team, is currently 12-10.

CARLSON

Vikes Lose Carlson Via Headaches

Dwain Carlson, an all-Big Eight guard for Gotham Bowl champion Nebraska last season, has returned to Lincoln, giving up his bid to play professional football with the Minnesota Vikings of the National Football League.

Carlson said the reason he quit was continuous headaches, caused he thinks, by the hard pounding of football.

"I had them (headaches) in college," Carlson said, "but they are a lot worse now. I guess it's because they hit harder here."

Heavier than when playing for the Cornhuskers (he went from 210 to 225) Carlson was given an excellent chance of making the grade with the Vikes.

Only a week ago, Minnesota traded veteran linebackers Cliff Livingston and Clancy Osborne to Los Angeles for draft choices. This left the Vikes with a youthful corps.

"I thought I probably had as good a chance as anyone to make the club," Dwain said. "They need 4 linebackers."

Carlon plans to work in Lincoln and finish his education. He needs 10 hours to complete his business education course.

"I've talked to a lot of the guys here (Bemidji) and they all advise me to quit," the former Husker tri-captain said. "I've only got one head."

3 Track Titlists Will Not Compete

Warsaw, Poland (AP)—Three athletes who won first places in the track duel with Russia last weekend will not compete for the United States against Poland on Friday and Saturday.

The 3 first place winners at Moscow who will not compete are Harold Connolly in the hammer throw, Jay Silverster in the discus and Willie Atterberry in the 400-meter hurdles. All have had to return to their homes.

—FOR TOP GOLFERS—

Nicklaus Suggests Two-Month Layoff

Chicago (AP)— Jack Nicklaus golf's "Alexander" with few worlds left to conquer at 23, appeared Wednesday for the 60th Western Open proposing that top pro golfers should knock off two months a year from competitive play.

Nicklaus, who last weekend rallied to add the national PGA title to his 1962 U.S. Open and his 1963 Master's crowns, will be among some 125 pros squaring off Thursday in the $50,000 Western Open.

Nicklaus, who never has played the par 71 Beverly Country Club course, scene of the 72-hole Western, told a news conference:

"You have to set aside two months a year from tournament golf to enjoy the game. When you play 12 months a year on the circuit, the game no longer is a game, it's a nerve-wracking grind."

Nicklaus, who still has to round out a 5-year pro term to qualify as a full-fledged PGA member, had some interesting financial comment.

The husky former Ohio State star said he was incorporated as far as exhibition play is concerned, allowing him a 21 per cent tax break compared with the much higher personal income levy on regular tourney revenue.

Nicklaus ranks second in official PGA money winning for the year behind Arnold Palmer, $85,955 to $75,140.

The corporation setup, Nicklaus explained, affects exhibition involving TV coverage.

Mets Set New Record— Suffer 18th Road Loss

. . . GIANTS TRIUMPH, 4-3

By United Press International

Jim Davenport batted in two runs with a double in the 9th inning Wednesday to give the San Francisco Giants a 4-3 victory over the New York Mets, who set a National League record by sustaining their 18th consecutive loss on the road.

The old modern mark of 17 straight setbacks away from home was registered by the Philadelphia Phillies two seasons ago.

Lefty Al Jackson of the Mets, now 6-12, was working on a two-hitter when the 9th inning started. Then he hit leadoff batter Felipe Alou and Willie McCovey in succession with pitched balls.

After Willie Mays flied to center and sent Alou to 3rd on the out, shortstop Larry Burright booted a grounder by Orlando Cepeda and Alou scored. Davenport followed with his double to right center that brought across the tieing and winning runs.

Billy Hoeft picked up his second win of the season after coming in to start the 9th and retiring 3 Mets in order.

New York routed Jack Sanford with 3 runs on as many hits in the 7th innng to break a scoreless tie. Jackson brought in the first run by doubling to left center and Jim Hickman, who also struck out 3 times, followed with a two-run single.

Back-to-back doubles by Lou Brock and Ellis Burton produced all the runs as the Chicago Cubs nipped the Cincinnati Reds, 2-1. Dick Ellsworth went all the way for Chicago, setting the Reds down on 4 hits to gain his 14th victory of the season against 7 losses.

The Los Angeles Dodgers downed the Pittsburgh Pirates, 5-1, behind the powerful pitching of Don Drysdale, who registered his 13th victory of the season.

Cal McLish and Jack Baldschun combined to scatter 10 hits as the Philadelphia Phillies topped the Houston Colts, 6-3, and Denny Lemaster pitched a 5-hitter to give the Milwaukee Braves an 8-1 victory over the St. Louis Cardinals, in other N.L. night games.

ROBERTS WINS DISTRICT GAME

Nebraska City — Roberts pounded out 12 hits in support of pitcher Dana Cole and eliminated Nebraska City from the District Legion playoff by a 14-6 score Wednesday night.

The Lincoln club scored 3 runs in the first, added 4 in the 3rd, then put the game on ice when catcher Doug Dworak blasted a grand-slam homer in the 6th for a 11-4 advantage.

Shrine Profiles

MIKE O'DOHERTY

Representing Omaha Cathedral in this year's Shrine Bowl game is Mike O'Doherty.

He'll be bidding for a tackle spot on the North squad when camp opens Aug. 5.

O'Doherty

An honor roll student, O'Doherty lettered in football and baseball at Cathedral.

The 5-11, 210-pounder was named to the metropolitan all-star team.

Whipping Pius X in his junior season is his top sports thrill.

Mike's hobby is bowling and his favorite school subject was history.

He'll wear No. 61 for the North.

JIM ADAMS

Jim Adams lends size and speed to the South Shrine Bowl squad flanker corps.

The Omaha Westside grad is 6-2 and 192. He was a football, basketball and track letterman at Westside. He ranked as one of the state's better hurdlers.

Adams

His interception of a pass on the 4-yard line with 8 seconds to go that preserved a 13-12 win over Omaha South is his top sports thrill

He was vice president of his senior class. He'll wear No. 55 for the South squad.

Hyland Shares Low

Omaha (AP)—Jean Hyland of Lincoln and Joan Martig of Omaha Field Club had low gross cards of 83 in golf play at the highland women's guest day Wednesday.

Gerry's Slips Past SR, 3-2

Gerry's sent two runs across in the last of the 8th inning to defeat Standard Reliance, 3-2, in an extra-inning Elks League thriller Wednesday night at the Elks Field.

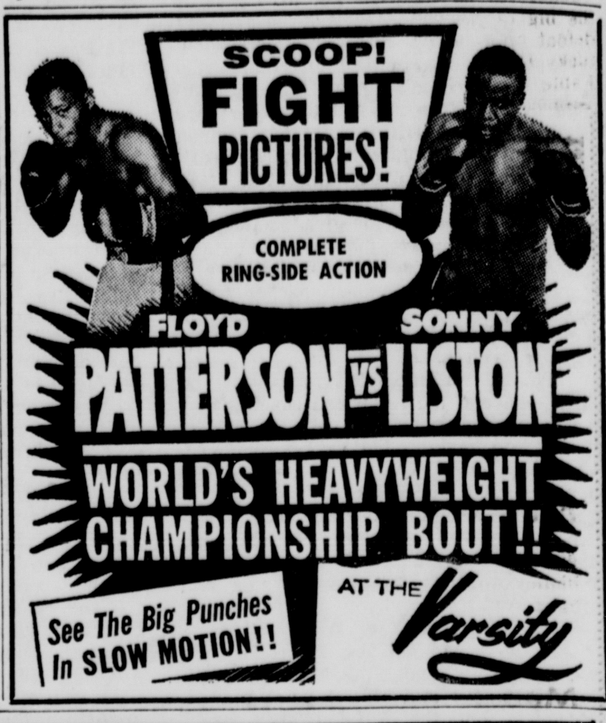

The win upped Gerry's second half league record to 4-0 and dropped Standard Reliance into second with 3 victories and one setback. Gerry's won the first half championship and is undefeated in Elks play.

Gerry's Mickey Snider matched Standard's Jim Roark with 10 strikeouts apiece as the two tangled in a close pitching duel.

After Standard scored one in the top of the 8th to take the lead, Gerry's rallied for two on a Mel Hawbecker single, a walk to Rod Beckman, Snider's single, a passed ball, and John Roux's hard-hit grounder which drove in the winning run when Standard's 3rd baseman booted the ball.

Standard Reliance had scored in the 8th on Gene Jefferies' single, Randy Calfee's reaching base on an error, Jack Calfee's walk and a sacrifice fly by Dave Lebsack.

Standard	100	000	01—2 5 2
Gerry's	000	001	02—3 10 4

Shrine Profiles

MIKE O'DOHERTY

Representing Omaha Cathedral in this year's Shrine Bowl game is Mike O'Doherty.

He'll be bidding for a tackle spot on the North squad when camp opens Aug. 5.

An honor roll student, O'Doherty lettered in football and baseball at Cathedral.

The 5-11, O'Doherty 210-pounder was named to the metropolitan all-star team.

Whipping Pius X in his junior season is his top sports thrill.

Mike's hobby is bowling and his favorite school subject was history.

He'll wear No. 61 for the North.

JIM ADAMS

Jim Adams lends size and speed to the South Shrine Bowl squad flanker corps.

The Omaha Westside grad is 6-2 and 192. He was a football, basketball and track letterman at Westside. He ranked as one of the state's better hurdlers.

Adams

His interception of a pass on the 4-yard line with 8 seconds to go that preserved a 13-12 win over Omaha South is his top sports thrill

He was vice president of his senior class. He'll wear No. 55 for the South squad.

Hyland Shares Low

Omaha (AP)—Jean Hyland of Lincoln and Joan Martig of Omaha Field Club had low gross cards of 83 in golf play at the highland women's guest day Wednesday.

Gerry's Slips Past SR, 3-2

Gerry's sent two runs across in the last of the 8th inning to defeat Standard Reliance, 3-2, in an extra-inning Elks League thriller Wednesday night at the Elks Field.

The win upped Gerry's second half league record to 4-0 and dropped Standard Reliance into second with 3 victories and one setback. Gerry's won the first half championship and is undefeated in Elks play.

Gerry's Mickey Snider matched Standard's Jim Roark with 10 strikeouts apiece as the two tangled in a close pitching duel.

After Standard scored one in the top of the 8th to take the lead, Gerry's rallied for two on a Mel Hawbecker single, a walk to Rod Beckman, Snider's single, a passed ball, and John Roux's hard-hit grounder which drove in the winning run when Standard's 3rd baseman booted the ball.

Standard Reliance had scored in the 8th on Gene Jefferies' single, Randy Calfee's reaching base on an error, Jack Calfee's walk and a sacrifice fly by Dave Lebsack.

Brooks Named To Racing Fame

Saratoga Springs, N.Y. — (AP)—Jockeys Steve Brooks and Joe Notter, trainer Preston M. Burch, and 4 horses including the great Native Dancer have been elected to the Hall of Fame in the National Museum of racing at Saratoga Springs.

John C. Clark, Hall of Fame committee chairman, announced Wednesday the results of an election by 49 selected racing writers, sports editors and columnists from all sections of the country.

In addition to Alfred G. Vanderbilt's Native Dancer, the big gray colt whose only defeat came in the 1953 Kentucky Derby, the new Hall of Fame members are Calumet Farm's Armed, and two famous race mares—the late William L. Brann's Gallorette and Clument's Twilight Tear.

Burch and Notter, both retired, and Brooks will attend a ceremony at the Museum Aug. 2 when the new members will be installed. Representatives of the horses also will attend to accept the awards.

Native Dancer, who won 21 of 22 races and was one of the most popular horses of modern times, finished second to Dark Star in the Derby. He earned $785,240. The Vanderbilt star, foaled in 1950, received 40 of the 49 first place ballots, and Armed was named on 29 ballots. Burch got 37 votes, and although the jockeys had been limited to one choice the committee decided to install both Notter and Brooks when they tied in the balloting.

Burch is the second of 3 generations prominent in racing. His father already is in the Hall of Fame, and his son, Elliot, succeeded him as the Brookmeade Stable trainer. Between 1920-1957, Burch trained 1,236 winners of $6,205,335. Born in 1884 in Augusta, Ga., he now lives in Virginia. His first winner was Stuyve, at Gravesend, Sept. 30, 1902.

Notter, born in New York where he still lives, rode from 1904 through 1918. His best mount was the unbeaten Colin, 1908 Belmont winner. He also rode Regret, only filly to win the Kentucky Derby, in 1915.

Brooks, who was born in a covered wagon near McCook, Neb., in 1921, is still one of the nation's leading riders. He rode on small tracks in Idaho and Montana when 15, and his first regular race victory was with Coventry at Shreveport, La., Nov. 17, 1938.

A leading rider now on the New Jersey circuit, Brooks got his 4,000th victory at Gulfstream Park last April 8. His mounts have earned more than $15 million. Brooks won the 1949 Kentucky Derby with Ponder, and was aboard Citation when that Calumet star won the 1951 Hollywood Gold Cup and was retired as racing's first millionaire horse with $1,085,760.

State Game Overseers Revise Record-Breaking Fish Size List

The list of record fish taken in Nebraska waters has been revised by the State Game Commission.

The new list includes a record blue catfish of 67½ pounds, and a record-breaking fresh-water drum of 23 pounds.

The blue cat was caught by Jack Jones of Wynot in the Missouri river. The drum was landed at Carter Lake by Robert D. Bennett of Omaha.

The commission urged Nebraska fishermen to report any outstanding catches to the Information and Tourism Division, Game Commission, State Capitol, Lincoln 9.

The revised record list:

Largemouth Bass—9 pounds, 14 ounces by Bill Latta, Lincoln, sand pit lake near Louisville, June 16, 1959.

Smallmouth Bass—3 pounds, 15 ounces by George Ford, Madrid, Lake McConaughy, May 12, 1962.

White Bass—4 pounds, 15 ounces by Frederick W. Baldwin, Grand Island, Lake McConaughy, 1961.

Bluegill—2 pounds, 8 ounces by party of Walter Beckman, Carl Buck, Bill Adams, and Ervin Drueger, all of Garland, Monroe power canal, 1949.

Bullhead—3 pounds, 3 ounces by Mrs. Garnet Fanning, Alliance, Spade Ranch lake, May 16, 1959.

Blue catfish—31 pounds by Jack Jones, Wynot, Missouri River, 1963.

Channel Catfish—31 pounds, 12 ounces by Bob Nuquist, Broken Bow, Lake Ericson, 1944.

Brook trout—4 pounds, 8 ounces by Vernon Zimmerman, Ovid, Colorado, Lake McConaughy, 1953.

Brown trout—11 pounds, 4 ounces by L. B. Eby, Sidney, Lake McConaughy, 1950.

Rainbow trout—12 pounds, 4 ounces by J. D. Wickard, Brule, Lake McConaughy.

Sauger—8 pounds, 3 ounces by Mrs. Betty Tepner, Plainview, Missouri River below Gavins Point Dam, Oct. 22, 1961. (Also world record).

Crappie—3 pounds, 15 ounces by Delmer Butler, Sidney, Lake McConaughy, April 29, 1962.

Fresh-water drum—23 pounds by Robert D. Bennett, Omaha, Carter Lake, June 10, 1963.

Northern Pike—27 pounds, 8 ounces by Cletus Jacobsen, Big Springs, Lake McConaughy, July 14, 1962.

Buffalo—32 pounds by L. Ashbaugh, Wilber, Blue River near Wilber, 1944. Tied by Morris Sweet, Crete, Blue River, 1959.

Walleye—16 pounds, 1 ounce by Don Hein, McCook, Lake McConaughy, June 13, 1959.

Yellow perch—1 pound, 12 ounces by Richard E. Scott, Mitchell, Ryan's sand pit, Mitchell, June 15, 1961.

Flathead catfish—59 pounds by Ralph Adair, Macy, Missouri River, Nov. 30, 1961.

Carp—25 pounds, 2 ounces by Bernard Carter, Lincoln, East Oak Creek Lake, 1957.

Sturgeon—26 pounds by Rev. Richard L. Jobman, Norfolk, Missouri River below Gavins Point Dam, Nov. 21, 1960.

Paddlefish—72 pounds by Lyle Sawatzke, Crofton, Missouri River below Gavins Point Dam, July 6, 1961

Bow and Arrow Records

Carp—29 pounds by Ron Meyers, Lincoln, Alexandria recreation area, May 30, 1961.

Gar—15 pounds, 8 ounces by Ron Meyere, Lincoln, Linoma Beach near Ashland, July 1, 1960.

Emphasis On Seminars, Tutoring, Revised Courses Survey Reveals

By BASIL C. RAFFERTY
Associated Press Staff Writer

Without exception, Nebraska colleges and universities are broadening their horizons for the coming year with new courses, revised courses or new teaching techniques.

Some laboratory and library facilities are being added, an Associated Press survey shows, but the big emphasis is on seminar, tutoring and improved learning experience.

This is being accomplished, the survey shows, despite the acknowledged disadvantage of having to compete for faculty personnel with states where salary levels are higher than in Nebraska.

Virtually every school reported this is a troublesome area. But these same schools also reported that very few of their faculty resignations could be attributed to the lure of higher paying jobs or to better jobs outside teaching fields.

Most replacements were needed because somebody retired, somebody went back to school for advanced study, somebody wanted a change in teaching assignment, or in some cases, because of personal or family situations not related to the job.

These schools — exclusive of Creighton, Omaha and Nebraska universities, the state's large schools — reported additions of 3 to 10 new faculty members for the coming year. Omaha is adding 33, Creighton 15, and Nebraska still is measuring needs.

Most new courses added were in the fields of art, music and literature, but science, mathematics, languages and social problems were included in the lists.

Here are some of the more distinctive additions awaiting students in the fall:

Youth counseling, linguistics, modern poetry, American cultural and intellectual history;

Advanced social theory, plant morphology, social movements;

Teaching the mentally retarded, creative dramatics, fundamental concepts of mathematics;

An international studies program;

A foreign language laboratory;

A writing laboratory for freshmen;

Telelectures and closed circuit television;

Conversational Russian.

The University of Nebraska will embark on an experimental plan this year to identify in the junior year students who will go on for graduate study and give them a tailored 3-year curriculum ending with a master's degree. This is supported by a 5-year $297,500 grant from the Fund for the Advancement of Education, a subsidiary of the Ford Foundation.

Good-All Branch For Tulsa Slated

Ogallala (AP) — Establishment of a Good-All Service Company based at Tulsa, Okla., has been announced by Troy Stilley of Ogallala, general manager of the Thompson Ramo Wooldridge Good-All Rectifier division here.

The new company would serve the market area of Oklahoma, Texas and Kansas.

Ken Howell, former production manager of the TRW Good-All rectifier division, will serve the new company as sales manager.

Dairy Shows Plans Completed

Plans are complete for the annual series of District Dairy Shows for junior exhibitors to be held around the state beginning on July 30, according to C. W. Nibler, University of Nebraska Extension dairyman.

The shows, involving 4-H and FFA members, are sponsored by the Nebraska Dairymen's Association, Omaha Chamber of Commerce, Knights of Ak-Sar-Ben and Nebraska and Iowa dairy interests on a statewide basis, assisted locally by chambers of commerce of host cities. All shows are conducted in co-operation with the Nebraska Agricultural Extension Service, Nibler added, with Don Kubik, area dairy Extension agent at Wayne, judging all shows. Gayle Hattan, Saunders County agent, and Cyril Bish, Lancaster County agent, will assist with judging at Seward and Beatrice.

In addition to the judging of individual animals, there will be classes for junior dairy herds and a fitting and showing contest. A dairy queen will be selected from among girl exhibitors at each show, with winners competing for the annual Ak-Sar-Ben dairy queen honor in September.

The complete schedule of shows:

July 30—Blair; 31—Norfolk. August 1—South Sioux City; 5—Seward; 6—Grand Island; 7—Beaver City; 8—Hemingford; 17—Beatrice.

Ward Attendant Is Found Guilty

Madison—Herbert Ehrichs, Norfolk ward attendant at the Norfolk State Hospital, was found guilty of assault and battery and fined $100 and costs by County Judge R. Bruce Henning.

The complaint against Ehrichs was filed after an altercation between two patients and one of the patients was allegedly mistreated.

An investigation requested by Dr. Charles Ingham, hospital superintendent, resulted in County Attorney Richard Mueting filing charges.

Cambridge Chiefs Trying Persuasion

Cambridge, Md. (AP) — City officials were reported Wednesday to have embarked on a campaign of quiet persuasion among white business leaders to preserve a shaky truce in the Cambridge racial situation.

Mayor Calvin W. Mowbray and other officials who endorsed an agreement with Negro leaders Tuesday in Washington remained silent about their strategy to keep the agreement in effect.

But informed sources said the mayor and council members were at work to head off a petition drive which could jeopardize the truce.

Referendum

The petition drive was announced by directors of the Dorchester Business and Citizens Association to bring about a referendum on an equal accommodations amendment to the town charter. The next step, the directors added, would be to campaign for defeat of the amendment if it comes up for public vote.

The action of the directors prompted the president of the association, hardware dealer Levi B. Phillips Jr., to resign in protest.

Aligning himself with Mowbray and the town council in support of the amendment, Phillips said he felt his resignation was "in the public interest in view of current developments."

Outnumbered

Negroes are outnumbered about 2 to 1 by whites in Cambridge, and leaders of both races have predicted defeat of the amendment if it comes to a public vote.

Only 740 signatures—20% of the town's 3,700 registered voters—are needed by Aug. 10 to force the referendum on the amendment, which otherwise would become effective Aug. 20.

The association directors said the petition campaign was approved unanimously at a meeting attended by nearly 700 members. But James Gabriel, a restaurant operator and leader of the petition movement, refused to disclose how many signatures had already been collected.

Has Hope

Mowbray had expressed hope that the charter amendment would be allowed to take effect.

The hope also was expressed in the Washington agreement, which provided for an end to demonstrations by integrationists and included concessions by city officials. Among these were promises to support the charter amendment, integrate by September the only 4 public school grades still segregated, and apply to the federal government for funds to start a public housing project which would ease conditions in the city's predominantly Negro 2nd ward.

Some white leaders have expressed fear that attempts to block the charter amendment might result in a resumption of demonstrations like those which had been followed by a series of shootings and store burnings in recent weeks. Nine white persons have been wounded by gunfire in Cambridge racial outbreaks quelled by National Guard troops.

Red China Brags About 10-Million Movie Audience

Tokyo (AP)—Never at a loss for impressive statistics, Red China announced Wednesday what appears to be a record of sorts:

"The nearly 10 million peasants in coastal Fukien province, East China, have seen an averageo of one film each month so far this year."

A Chinese broadcast heard here then added the sidelight that one government team climbed 4,854 feet to show a movie to 17 families living atop Mt. Wushan.

Sen. Orme Named To Steering Unit Of Area Council

State Sen. Fern Hubbard Orme of Lincoln was named to the 1963-64 steering committee of the Midwest Regional Council of State Governments.

Sen. Orme was selected as a representative by the states to serve on the committee which is chaired by state Sen. Dal Imm of Minnesota.

The Nebraska delegation was among those which endorsed a resolution which would have urged a two-year extension of an act providing grants to states which ban billboards along interstate highways. The resolution was rejected.

Ding Dong Dignity

New York (AP) — The ding-dong-ding of ice cream venders were ordered kept at a "dignified level" by Markets Commissioner Albert S. Pacetta.

Board Okays 22 To Serve On Teacher Certification Unit

By BETTY PERSON
Star Staff Writer

The State Board of Education Wednesday gave its approval to a prospective list of 22 persons who will be invited to assist the board as an Advisory Committee on Teacher Certification in conformity with a law passed by the 1963 Legislature.

Under LB740, introduced by Sens. Fern Hubbard Orme of Lincoln and Clifton N. Foster of Milford, the board has been charged with the responsibility of establishing rules and regulations governing teacher certification which previously were set by statute.

The new law becomes operative January 1, 1964, but the board is to have its certification policies established prior to that date.

More Flexibility

Purpose of the law was to provide more flexibility in certification matters, but it specifically provides that the new procedure is "not to increase any requirements for certificates to teach."

Four state senators will be invited to serve on the committee. Their membership was proposed by Assistant Commissioner of Education LeRoy Ortgiesen, who will serve as secretary of the committee. Lawmakers who will be asked to serve are: Sens. Ross Rasmussen of Hooper, Elvin Adamson of Nenzel, Arnold Ruhnke of Plymouth, and Foster.

Rasmussen was chairman of the Legislature's Education Committee during the past session.

Sen. Ruhnke's name was added Wednesday after State Board of Education member Dr. Raymond Gilmore of Kearney suggested that a fourth lawmaker be added who would reflect ideas advanced by representatives of smaller schools in the state.

R. L. Fredstrom, assistant superintendent of the Lincoln public school system, was proposed as chairman of the committee.

Other members to be invited are:

Lay representatives: Mrs. Ruth Nickols of Scottsbluff, a housewife, and Alvin Massman, Battle Creek farmer.

University of Nebraska: Dr. Ozzie Kopp, head of elementary education, and Dr. Walter Mientka, member of NU's mathematics department.

State colleges: Joe Horner, registrar, Kearney State Teachers College.

Private colleges: Dr. Orville Zabel, professor of history and political science at Midland College in Fremont.

University of Omaha: Dr. Karl Busch of the science department.

Public schools: Paul Turnquist, assistant superintendent of Omaha public schools; Lewis Patrick, president of Fairbury Junior College; Wayne Brauer, assistant superintendent of instruction at Bellevue; Mrs. Anne Campbell, director of professional services for the Nebraska State Education Association; Don Downs, Neligh High School teacher, and Marjorie Eisenhart, elementary principal at McCook.

Private schools: The Rev. R. C. Ulrich, superintendent of Catholic schools in Omaha.

County superintendent: Paul Peterson of Ponca, Dixon County.

State Department of Education: Paul Belz, director of teacher certification.

Bids Totaling $362,570 OKd For 200-Bed Dorm At Milford

The State Board of Education Wednesday approved bids totaling $362,570 for a 200-bed dormitory at the Nebraska Vocational Technical School at Milford.

The George Cook Construction Co. of Lincoln was awarded the general construction contract after the board accepted its base bid and several alternates totaling $271,286.

The base bid had been $264,924. The $6,362 approved for alternates will go for optional work in the building's interior.

Morrissey's Plumbing & Heating Co. of Lincoln received the mechanical contract with a bid of $64,326, and the Commonwealth Electric Co. of Lincoln won the electrical contract with a bid of $26,958.

Work is expected to begin as soon as contracts are signed. The building is expected to be completed and ready for occupancy at the beginning of the fall term of 1964.

Board Okays 22 To Serve On Teacher Certification Unit

By BETTY PERSON
Star Staff Writer

The State Board of Education Wednesday gave its approval to a prospective list of 22 persons who will be invited to assist the board as an Advisory Committee on Teacher Certification in conformity with a law passed by the 1963 Legislature.

Under LB740, introduced by Sens. Fern Hubbard Orme of Lincoln and Clifton N. Foster of Milford, the board has been charged with the responsibility of establishing rules and regulations governing teacher certification which previously were set by statute.

The new law becomes operative January 1, 1964, but the board is to have its certification policies established prior to that date.

More Flexibility

Purpose of the law was to provide more flexibility in certification matters, but it specifically provides that the new procedure is "not to increase any requirements for certificates to teach."

Four state senators will be invited to serve on the committee. Their membership was proposed by Assistant Commissioner of Education LeRoy Ortgiesen, who will serve as secretary of the committee. Lawmakers who will be asked to serve are: Sens. Ross Rasmussen of Hooper, Elvin Adamson of Nenzel, Arnold Ruhnke of Plymouth, and Foster.

Rasmussen was chairman of the Legislature's Education Committee during the past session.

Sen. Ruhnke's name was added Wednesday after State Board of Education member Dr. Raymond Gilmore of Kearney suggested that a fourth lawmaker be added who would reflect ideas advanced by representatives of smaller schools in the state.

R. L. Fredstrom, assistant superintendent of the Lincoln public school system, was proposed as chairman of the committee.

Other members to be invited are:

Lay representatives Mrs Ruth Nickols of Scottsbluff, a housewife, and Alvin Massman, Battle Creek farmer

University of Nebraska Dr Ozzie Kopp, head of elementary education, and Dr Walter Mientka, member of NU's mathematics department.

State colleges Joe Horner, registrar, Kearney State Teachers College.

Private colleges Dr. Orville Zabel, professor of history and political science at Midland College in Fremont.

University of Omaha Dr. Karl Busch of the science department

Public schools Paul Turnquist, assistant superintendent of Omaha public schools, Lewis Patrick, president of Fairbury Junior College; Wayne Brauer, assistant superintendent of instruction at Bellevue Mrs. Anne Campbell, director of professional services for the Nebraska State Education Association; Don Dowler, Nelich High School teacher, and Marjorie Eisenhart, elementary principal at McCook

Private schools The Rev. R C Ulrich, superintendent of Catholic schools in Omaha

County superintendent Paul Peterson of Ponca, Dixon County

State Department of Education Paul Belz, director of teacher certification.

Bids Totaling $362,570 OKd For 200-Bed Dorm At Milford

The State Board of Education Wednesday approved bids totaling $362,570 for a 200-bed dormitory at the Nebraska Vocational Technical School at Milford.

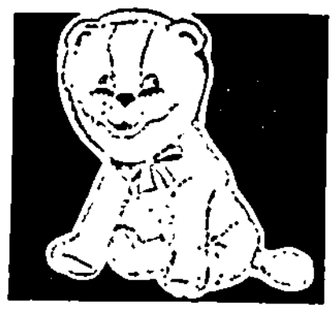

The George Cook Construction Co. of Lincoln was awarded the general construction contract after the board accepted its base bid and several alternates totaling $271,286.

The base bid had been $264,924. The $6,362 approved for alternates will go for optional work in the building's interior.

Morrissey's Plumbing & Heating Co. of Lincoln received the mechanical contract with a bid of $64,326, and the Commonwealth Electric Co. of Lincoln won the electrical contract with a bid of $26,958.

Work is expected to begin as soon as contracts are signed. The building is expected to be completed and ready for occupancy at the beginning of the fall term of 1964.

Stocks Halt Loss Streak; Trade Light

New York (AP)—The stock market ended a losing streak of 10 sessions Wednesday, rising on light trading.

Brokers were unimpressed by the rally, since it was accomplished with extreme lack of conviction—reflected by the turnover of only 2.82 million shares.

This compared with 3.5 million Tuesday and was the smallest since Jan. 2, when 2.54 million shares changed hands.

As the trading day ended, the threat of a rail strike still remained.

A moderate gain was established early in the session and was held substantially to the close.

Since no big piece of stimulating news was present, analysts describe the recovery as technical.

The Dow Jones industrial average made a moderate gain of 3.04 at 690.88.

Oils were about the best performers making gains ranging from fractions to a point. Most of the motors made fractional gains. The trend was generally higher also among electronics, office equipments, drugs, chemicals, and nonferrous metals rails were mixed.

The Associated Press average of 60 stocks advanced .7 to 264.1, with industrials up 1.6, rails up .2, and utilities unchanged.

Of 1,270 issues traded, 602 advanced and 390 declined. New highs for the year totaled 11 and new lows 34.

American Stock Exchange prices also recovered in light trading. Volume was 940,000 shares compared with 960,000 Tuesday.

Corporate and U.S. government bonds closed higher in moderate trading.

Markets At A Glance

New York (AP)—

Stocks — Higher, moderate recovery.

Bonds—Governments higher, corporates mixed.

Cotton—Lower, light trading.

Chicago:

Wheat—Mostly weak; liquidation.

Corn—Strong; short covering.

Oats—Steady to firm; scattered buying.

Soybeans—Firm; short covering.

Hogs—Strong to 50 cents higher; top $20.

Slaughter steers—Steady to 50 cents lower; top $26.25.

Light Butchers Steady, Higher

Omaha (AP) — Butcher hogs under 260 pounds sold steady to 25 cents higher Wednesday but those over 260 pounds ruled weak to 50 cents lower. Fed steers and heifers weak to 25 cents lower. Slaughter lambs mostly steady.

OMAHA

Hogs: 8,500; barrows and gilts under 260 lbs. steady to 25 higher; over 260 lbs. weak to 50 lower; sows mostly steady to weak; U.S. 1-3 190-240 lbs. 19.50-19.90; 270-330 lb. sows 17.50-18.25; 330-350 lbs. 16.75-17.75; 350-600 lbs. 14.25-17.25.

Cattle: 8,000, calves 50; steers and heifers weak to 25 lower; cows fully steady to strong; bulls and vealers generally steady; high choice 1,097 lb. steers 25.00; high choice and choice with end prime 24.75; majority choice 24.00 to 24.50; mostly choice 1,325-1,350 lbs. 23.50-23.75; good and choice 23.25-24.00; good 21.75-23.50; high choice 950 lb. heifers 25.00; choice 836 lbs. 24.75; most choice 24.00-24.50; good and choice 23.25-23.75, good 21.00-23.25; utility and commercial cows 14.00-15.50; few individual commercial 15.75-16.00; canner and cutter 12.50-14.00.

Sheep: 1,000; slaughter lambs mostly steady; slaughter ewes fully steady; choice with few prime 85-104 lb. spring lambs 21.00 to 21.50; good and choice 20.00 to 21.00; utility and good ewes 4.50-5.50; short deck 120 lb. utility and good 5.75.

CHICAGO

Hogs: 3,500; butchers strong to 50 higher; 1-2 190-225 lb. butchers 19.75-20.00; mixed 1-3 190-260 lbs. 19.25-19.75; 2-3 250-285 lbs. 18.75-19.25; 1-3 280-350 lb. sows 16.75-18.00; 350-400 lbs. 15.50-16.75; 2-3 400-450 lbs. 14.50-15.50; 450-500 lbs. 14.00-14.50; 500-650 lbs. 13.00-14.25.

Cattle: 12,000, calves none; slaughter steers steady to 50 lower; around 5 loads prime 1,300-1,375 lb. slaughter steers 26.25; high choice and prime 1,100-1,400 lbs. 25.50-26.00; bulk choice 900-1,250 lbs. 24.75-25.50; bulk choice 1,250-1,450 lbs. 24.00-25.00; load choice 1,500 lb. beeves 23.50; good 900-1,250 lbs. 22.25-24.25; 3 loads high choice and prime 1,000-1,050 lb. heifers 25.25; choice 800-1,050 lbs. 24.00-25.00; good 22.50-23.50; utility and commercial cows 14.50-16.00; utility and commercial bulls 17.50-19.50.

Sheep: 200; sales spring slaughter lambs and shorn slaughter ewes steady; choice and prime spring slaughter lambs 20.50-21.00; good and choice 18.50-20.50; cull to good shorn slaughter ewes 4.00-5.50.

The butcher hog market was strong to 50 cents a hundredweight higher Wednesday in active trading for the supply of 3,500 head, smalles of the year, and well below the overnight estimate.

The top remained at $20 for the fourth consecutive day but it was paid more freely. Other mixed No. 1 and 2 grades in the 190-225 lb range brought $19.75 and up. Mixed 1-3 grades up to 260 lbs reached $1975 while mixed 2s and 3s, including some 250 lb weights, moved at $18.75-19.25. Sows were $13-18.25.

The cattle run was the largest in 4 weeks and slaughter steers were steady to 50 cents lower with prime grade going at $25.50-26.25. Mixed high choice and prime moved at $25-26 for all weights and average choice at $23.50-25.50. Good grade sold up to $24.25.

Heifers grading choice to mixed high choice and prime brought $24-25.25 with prices steady. Good grade sold down to $22.50. Bulls were $17.50-19.50.

Offering of spring slaughter lambs were too light for a test of the market but some mixed good and choice t omixed choice and prime cleared at $18.50-21.

SIOUX CITY

Hogs: 6,500; barrows and gilts 25-50 higher; sows steady to 25 higher; No. 1-3 200-235 lbs 19.75; No. 1-3 190-250 lbs 19.25-19.50; sows 14.75-18.00.

Stocks Halt Loss Streak; Trade Light

New York (AP)—The stock market ended a losing streak of 10 sessions Wednesday, rising on light trading.

Brokers were unimpressed by the rally, since it was accomplished with extreme lack of conviction—reflected by the turnover of only 2.82 million shares.

This compared with 3.3 million Tuesday and was the smallest since Jan. 2, when 2.54 million shares changed hands.

As the trading day ended, the threat of a rail strike still remained.

A moderate gain was established early in the session and was held substantially to the close.

Since no big piece of stimulating news was present, analysts describe the recovery as technical.

The Dow Jones industrial average made a moderate gain of 3.01 at 680.88.

Oils were about the best performers making gains ranging from fractions to a point. Most of the motors made fractional gains. The trend was generally higher also among electronics, office equipments, drugs, chemicals, and nonferrous metals rails were mixed.

The Associated Press average of 60 stocks advanced 7 to 264.1, with industrials up 1.6, rails up .2, and utilities unchanged.

Of 1,270 issues traded, 602 advanced and 340 declined. New highs for the year totaled 11 and new lows 34.

American Stock Exchange prices also recovered in light trading. Volume was 940,500 shares compared with 960,000 Tuesday.

Corporate and U.S. government bonds closed higher in moderate trading.

Markets At A Glance

New York (AP)—

Stocks — Higher, moderate recovery.

Bonds—Governments higher, corporates mixed.

Cotton—Lower, light trading.

Chicago:

Wheat—Mostly weak; liquidation.

Corn—Strong; short covering.

Oats—Steady to firm; scattered buying.

Soybeans—Firm; short covering.

Hogs—Strong to 50 cents higher; top $20.

Slaughter steers—Steady to 50 cents lower; top $26.25.

Light Butchers Steady, Higher

Omaha (AP) — Butcher hogs under 260 pounds sold steady to 25 cents higher Wednesday but those over 260 pounds ruled weak to 50 cents lower. Fed steers and heifers weak to 25 cents lower. Slaughter lambs mostly steady.

OMAHA

Hogs: 8,500, barrows and gilts under 210 lbs steady to 25 higher, over 240 lbs. weak to 50 lower; sows mostly steady to weak. U.S. 1-3 190-240 lbs. 19.50-19.90; 270-330 lb. sows 17.50-18.25; 370-550 lbs. 16.75-17.75; 350-600 lbs. 14.25-17.25.

Cattle: 8,000, calves 50, steers and heifers weak to 25 lower; cows fully steady to strong; bulls and vealers generally steady; high choice 1,097 lb steers 25.00, high choice and choice with end prime 24.75; majority choice 24.00 to 24.50, mostly choice 1,325-1,350 lbs. 23.50-23.75, good and choice 22.25-24.00; good 21.75-23.50, high choice 950 lb. heifers 25.00; choice 850 lbs. 24.75; most choice 24.00-24.50; good and choice 23.25-23.75, good 21.00-23.25; utility and commercial cows 14.00-15.50, few individual commercial 15.75-16.00; canner and cutter 12.50-14.00

Sheep: 1,000; slaughter lambs mostly steady, slaughter ewes fully steady; choice with few prime 85-104 lb spring lambs 21.00 to 21.50, good and choice 20.00 to 21.00; utility and good ewes 4.50-5.50; short deck 120 lb utility and good 5.75

CHICAGO

Hogs: 3,500, butchers strong to 50 higher; 1-2 190-225 lb butchers 19.75-20.00; mixed 1-3 190-260 lbs. 19.25-19.75, 2-3 250-285 lbs. 18.75-19.25, 1-3 280-350 lb. sows 16.75-18.00; 350-400 lbs 15.50-16.75; 2-3 400-450 lbs 14.50-15.50; 450-500 lbs. 14.00-14.50, 500-650 lbs. 13.00-14.25.

Cattle: 12,000, calves none; slaughter steers steady to 50 lower; around 5 loads prime 1,000-1,375 lb. slaughter steers 26.25; high choice and prime 1,100-1,400 lbs. 25.50-26.00; bulk choice 900-1,250 lbs. 24.75-25.50; bulk choice 1,250-1,450 lbs. 24.00-25.00; load choice 1,500 lb. beeves 23.50; good 900-1,250 lbs. 22.25-24.25. 3 loads high choice and prime 1,000-1,050 lb. heifers 25.25, choice 800-1,050 lbs. 24.00-25.00; good 22.50-23.50; utility and commercial cows 13.50-16.00; utility and commercial bulls 17.50-19.50.

Sheep: 500; sales spring slaughter lambs and shorn slaughter ewes, steady; choice and prime spring slaughter lambs 20.50-21.00; good and choice 18.50-20.50; cull to good shorn slaughter ewes 4.00-5.50

Top butcher hog market was strong to 50 cents a hundredweight higher Wednesday in active trading for the supply of 3,500 head, smallest of the year and well below the overnight estimate.

The top remained at $20 for the fourth consecutive day but it was paid more freely. Other mixed No. 1 and 2 grades in the 190-225 lb range brought $19.75 and up. Mixed 1-3 grades up to 260 lbs reached $19.75 while mixed 2s and 3s, including some 250 lb weights, moved at $18.75-19.25. Sows were $17-18.25.

The cattle run was the largest in 4 weeks and slaughter steers were steady to 50 cents lower with prime grade going at $25.50-26.25. Mixed high choice and prime moved at $25-26 for all weights and average choice at $24.50-25.50. Good grade sold up to $24.25.

Heifers grading choice to mixed high choice and prime brought $24-25.25 with prices steady. Good grade sold down to $22.50. Bulls were $17.50-19.50.

Offering of spring slaughter lambs were too light for a test of the market but some mixed good and choice 1 omaxed choice and prime cleared at $18.50-21.

SIOUX CITY

Hogs: 6,500, barrows and gilts 25-50 higher; sows steady to 25 higher; No. 1-3 200-235 lbs 19.75; No. 1-3 190-250 lbs 19.25-19.50, sows 14.75-18.00.

Iowa To Begin Checking Interstate Truckers' Trip Logs

Des Moines, Iowa (UPI)—Interstate truckers may soon run into roadblocks on Iowa's Interstate system for a systematic check of their trip logs as a result of recent accidents, State Safety Commissioner William Sueppel said Wednesday.

"There's no logical reason for an accident on these highways," Sueppel said. "As a rule the truck drivers, percentagewise, are better than anyone else on the highways."

Sueppel's statement came as he ordered a thorough investigation of every accident on the Interstate involving trucks. The action was prompted by the crash on Interstate 80 near Tipton that wiped out the 4 members of an Air Force sergeant's family.

The driver of one of the trucks involved, Howard Everson, 30, Lincoln, Neb., was released from Cedar County jail Tuesday on $3,125 in bonds pending a court hearing at 10 a.m. Aug. 16 on charges of illegal possession of prescription drugs and failure to stop his semi-trailer rig in the assured clear distance.

Check Point

Everson's truck, owned by Dudley Transfer of Lincoln, rammed into the rear of a small foreign-made car that had stopped behind another semi-trailer at a Highway Commission traffic survey check point.

The impact shoved the compact car under the rear of the truck and the wreckage burst into flames when the auto's fuel tank exploded.

Killed in the crash were T.Sgt. Robert L. Stultz, Chapmanville, W.Va., his wife, Evelyn, and their two children, Deborah, 7, and Paris, 6. They were en route from Maine to California, where Stultz had been transferred.

A similar accident occurred on U.S. 66 near Pontiac, Ill., early Tuesday claiming one life. The victim, Harry T. Harmon, 40, Greenville, Ill., was fatally burned when his car caught fire after it had been bumped off the highway by a truck driven by George Richman, 40, Omaha.

Richman told officers Harmon was driving slowly and without lights.

Sueppel said the Interstate Commerce Commission provides penalties for truck drivers who do not keep their logs up to date. He said Everson's log was incomplete but indicated he had driven about 980 miles from Philadelphia in 30 hours without a stop for sleep.

'Stay-Awake' Pills

The drugs found in his possession were described as a stimulant frequently used in "stay-awake" pills.

Sueppel said he also planned to check Iowa's reciprocity agreements with other states to determine whether similar penalties could be imposed at the state level against truckers who drive over-long and fail to keep their trip logs up to date.

He said he would discuss the problem with state officials and representatives of the trucking industry before setting up a road check system.

1st Spanish News Visit To Moscow Since War OK'd

Madrid, Spain (AP)—For what is believed here to be the first time since the Spanish civil war, the Spanish government has approved a visit by Spanish journalists to the Soviet Union.

Officials said Wednesday Carlos Sentis, director of the government supported news agency "Efe," and Director Nemesio Fernandez Cuesta of the Madrid sports daily "Marca" would accompany the real Madrid basketball team to Moscow to report the July 31 final game of a series with the Moscow Red Army team for the European championship.

Credentials Presented

United Nations, N.Y. (AP) — Carlos Alfredo Bernardes presented his credentials to Secretary-General U Thant as Brazil's permanent chief delegate to the United Nations. He succeeds Ciro de Freitas Valle who retired in August, 1961. Geraldo de Carvalho Silos has been acting permanent delegate.

2 City Employers Are Defendants In Wage-Hour Suits

Suits for backpay under the Fair Labor Standards Act (Federal Wage-hour Law) against two Lincoln employers were on file this week in the U.S. District Court.

Defendants in one are the Westcott-Bowen Construction Co. and the Bowen Myers Construction Co. at 1611 Yolande; the other names Kenneth Tenopir, operator of the Capitol Bureau of Investigation at 514 Continental Building.

The suit against the construction firms asks $2,417.97 for two former employes; $1,855.76 is claimed from Tenopir on behalf of 3 former employes.

Both suits were filed by secretary of Labor W. Willard Wirtz at the written request of the employes' who allege that the employers failed to pay the required time-and-a-half for hours worked in excess of 40 hours per work week.

An earlier suit against the Westcott-Bowen and Bowen Meyers companies sought $5,868.70 for 12 employes.

Huge Mead Field Laboratory To Be Scene Of Tractor Day

Mead — The sprawling, 8,000 acre University of Nebraska Field Laboratory will be the scene of its first official event here Thursday with Tractor Power and Safety Day.

In the 12-year history of "Tractor Day" events the crowds approaching 7,000 persons have all but swamped College of Agriculture facilities. This worry seems remote for this year's event as the huge facilities and sprawling concrete aprons of the former Mead Ordnance Plant are now put to use in displaying the state's No. 1 industry, agriculture.

The largest conventional two-wheel drive tractor ever tested by Nebraska's world-famed tractor testing department will lead the parade here of new tractors.

Big And Small

As the huge diesels, 5 with more than 100 horsepower, represent what is "big" in farming, equal attention will be focused on suburban tractors, under 10 horsepower, expected to be favorites with suburban and city swellers.

With the Mead facilities offering nearly unlimited space the visitors will have opportunity to see a number of models in action.

Hay making, long considered the most tedious job on the farm, will be on review with self-propelled windrowers, hay conditioners, crimpers and a bale loading and hauling arrangement that moves 3 tons at speeds up to 45 miles per hour to the stack where it is deposited—mechanically.

Demonstrations

High density balers, wafering and new systems for handling loose hay will be featured in demonstrations, according to Tractor Day officials.

A new addition to Tractor Day will be a display of equipment for agricultural contractors. New developments in swine housing and feeding will be represented by model displays.

A twilight display will be held between 6:30 and 8:30 p.m. This is made possible by flood lights available at the field laboratory.

5 Persons Hurt In 2-Car Crash

A two-car collision at 33rd and D Wednesday afternoon sent 5 Lincoln people to different hospitals.

Listed in good condition at Bryan Memorial Hospital were Joyce J. Lowe, 20, of 930 So. 16th, and Donna Bush, 32, of 1736 So. 40th.

Mrs. Bush, along with Rogene Parr, 23, of 1419 D, and Lorraine Bartling, 43, of 4918 A, were passengers in the Lowe car, eastbound on D, police reported.

Miss Parr and Mrs. Bartling were treated at the hospital and released.

The driver of the southbound car was identified as Herbert H. Rolfsmeyer, 34, of 3534 Washington. He was treated at St. Elizabeth Hospital for an arm injury and released.

'Keep Starfighters'

Ottawa (UPI) — European Supreme Allied Commander Lyman Lemnitzer said he wants Canada's 4 starfighter squadrons kept at their two French bases despite France's refusal to permit foreign nuclear warheads on its soil.

LEGAL NOTICES

NOTICE OF POLICE SALE

Notice is hereby given that on Saturday July 27, 1963 at 2:00 o'clock p.m., there will be sold at public auction at Lincoln Police Pistol Range, 4 blocks north of Folsom and "A" Streets, or 2 blocks north of Willard School, in Lincoln, Nebraska, the following automobiles left in the custody of the Chief of Police of the City of Lincoln, Nebraska:

Courteous, Experienced Paint Specialists to serve you . . . and at lowest prices, too.

Iowa To Begin Checking Interstate Truckers' Trip Logs

Des Moines, Iowa (UPI)—Interstate truckers may soon run into roadblocks on Iowa's Interstate system for a systematic check of their trip logs as a result of recent accidents, State Safety Commissioner William Sueppel said Wednesday.

"There's no logical reason for an accident on these highways," Sueppel said. "As a rule the truck drivers, percentagewise, are better than anyone else on the highways."

Sueppel's statement came as he ordered a thorough investigation of every accident on the Interstate involving trucks. The action was prompted by the crash on Interstate 80 near Tipton that wiped out the 4 members of an Air Force sergeant's family.

The driver of one of the trucks involved, Howard Everson, 30, Lincoln, Neb., was released from Cedar County jail Tuesday on $3,125 in bonds pending a court hearing at 10 a.m. Aug. 16 on charges of illegal possession of prescription drugs and failure to stop his semi-trailer rig in the assured clear distance.

Check Point

Everson's truck, owned by Dudley Transfer of Lincoln, rammed into the rear of a small foreign-made car that had stopped behind another semi-trailer at a Highway Commission traffic survey check point.

The impact shoved the compact car under the rear of the truck and the wreckage burst into flames when the auto's fuel tank exploded.

Killed in the crash were T.Sgt. Robert L. Stultz, Chapmanville, W.Va., his wife, Evelyn, and their two children, Deborah, 7, and Paris, 6. They were en route from Maine to California, where Stultz had been transferred.

A similar accident occurred on U.S. 66 near Pontiac, Ill., early Tuesday claiming one life. The victim, Harry T. Harmon, 40, Greenville, Ill., was fatally burned when his car caught fire after it had been bumped off the highway by a truck driven by George Richman, 40, Omaha.

Richman told officers Harmon was driving slowly and without lights.

Sueppel said the Interstate Commerce Commission provides penalties for truck drivers who do not keep their logs up to date. He said Everson's log was incomplete but indicated he had driven about 980 miles from Philadelphia in 30 hours without a stop for sleep.

'Stay-Awake' Pills

The drugs found in his possession were described as a stimulant frequently used in "stay-awake" pills.

Sueppel said he also planned to check Iowa's reciprocity agreements with other states to determine whether similar penalties could be imposed at the state level against truckers who drive over-long and fail to keep their trip logs up to date.

He said he would discuss the problem with state officials and representatives of the trucking industry before setting up a road check system.

1st Spanish News Visit To Moscow Since War OK'd

Madrid, Spain (AP)—For what is believed here to be the first time since the Spanish civil war, the Spanish government has approved a visit by Spanish journalists to the Soviet Union.

Officials said Wednesday Carlos Sentis, director of the government supported news agency "Efe," and Director Nemesio Fernandez Cuesta of the Madrid sports daily "Marca" would accompany the real Madrid basketball team to Moscow to report the July 31 final game of a series with the Moscow Red Army team for the European championship.

Credentials Presented

United Nations, N.Y. (AP) — Carlos Alfredo Bernardes presented his credentials to Secretary-General U Thant as Brazil's permanent chief delegate to the United Nations. He succeeds Ciro de Freitas Valle who retired in August, 1961. Geraldo de Carvalho Silos has been acting permanent delegate.

Huge Mead Field Laboratory To Be Scene Of Tractor Day

Mead — The sprawling, 8,000 acre University of Nebraska Field Laboratory will be the scene of its first official event here Thursday with Tractor Power and Safety Day.

In the 12-year history of "Tractor Day" events the crowds approaching 7,000 persons have all but swamped College of Agriculture facilities. This worry seems remote for this year's event as the huge facilities and sprawling concrete aprons of the former Mead Ordnance Plant are now put to use in displaying the state's No. 1 industry, agriculture.

The largest conventional two-wheel drive tractor ever tested by Nebraska's world-famed tractor testing department will lead the parade here of new tractors.

Big And Small

As the huge diesels, 5 with more than 100 horsepower, represent what is "big" in farming, equal attention will be focused on suburban tractors, under 10 horsepower, expected to be favorites with suburban and city swellers.

With the Mead facilities offering nearly unlimited space the visitors will have opportunity to see a number of models in action.

Hay making, long considered the most tedious job on the farm, will be on review with self-propelled windrowers, hay conditioners, crimpers and a bale loading and hauling arrangement that moves 3 tons at speeds up to 45 miles per hour to the stack where it is deposited—mechanically.

Demonstrations

High density balers, wafering and new systems for handling loose hay will be featured in demonstrations, according to Tractor Day officials.

A new addition to Tractor Day will be a display of equipment for agricultural contractors. New developments in swine housing and feeding will be represented by model displays.

A twilight display will be held between 6:30 and 8:30 p.m. This is made possible by flood lights available at the field laboratory.

5 Persons Hurt In 2-Car Crash

A two-car collision at 33rd and D Wednesday afternoon sent 5 Lincoln people to different hospitals.

Listed in good condition at Bryan Memorial Hospital were Joyce J. Lowe, 20, of 930 So. 16th, and Donna Bush, 32, of 1736 So. 40th.

Mrs. Bush, along with Rogene Parr, 23, of 1419 D, and Lorraine Bartling, 43, of 4918 A, were passengers in the Lowe car, eastbound on D, police reported.

Miss Parr and Mrs. Bartling were treated at the hospital and released.

The driver of the southbound car was identified as Herbert H. Rolfsmeyer, 34, of 3534 Washington. He was treated at St. Elizabeth Hospital for an arm injury and released.

'Keep Starfighters'

Ottawa (UPI) — European Supreme Allied Commander Lyman Lemnitzer said he wants Canada's 4 startighter squadrons kept at their two French bases despite France's refusal to permit foreign nuclear warheads on its soil.

2 City Employers Are Defendants In Wage-Hour Suits

Suits for backpay under the Fair Labor Standards Act (Federal Wage-hour Law) against two Lincoln employers were on file this week in the U.S. District Court.

Defendants in one are the Westcott-Bowen Construction Co. and the Bowen Myers Construction Co. at 1611 Yolande; the other names Kenneth Tenopir, operator of the Capitol Bureau of Investigation at 514 Continental Building.

The suit against the construction firms asks $2,417.97 for two former employes; $1,855.76 is claimed from Tenopir on behalf of 3 former employes.

Both suits were filed by secretary of Labor W. Willard Wirtz at the written request of the employes' who allege that the employers failed to pay the required time-and-a-half for hours worked in excess of 40 hours per work week.

An earlier suit against the Westcott-Bowen and Bowen Meyers companies sought $5,868.70 for 12 employes.

Journal and Star

Want Ads

Your low-cost Want Ad appears daily in the Lincoln Star (Morning) and the Lincoln Journal (Evening) or the Sunday Journal and Star at the following cash rates.

Words	Times	DAYS 1	4	7	10
